Water Dance - Juliana Larson 1999-03

This book is a refreshment to the Chicken Soup for the Soul series and Chocolate for A Woman's Soul, by going beyond mind and spirit nurturing to the wonderful experience of nurturing in water.As an aquatics fitness instructor and therapist for over twenty years, Juliana Larson has observed water's unmistakable power to foster bonds between women. Perhaps because water has been an archetypal female symbol for thousands of years, women find great nurturing potential in a shared aquatic environment.Water is a gentle healer, and can consequently provide significant mental, spiritual, and physical benefits as one moves one's body within it. As Larson demonstrates through this collection of true stories, a pool of water can improve one's well-being, body image, and overall fitness while working to provoke positive life change. Water Dance opens all women, young and old, to entirely new ways of nurturing themselves and one another,

improving their lives in the process.

A Practical Handbook for the Boyfriend - Felicity Huffman 2006-11-07

Most dating books are written for women -- what a mistake that is. Women know how to date . . . It's men who need the help! At last: a blithe, bold, and bawdy guide to building a better boyfriend At some point, every guy -- player, geek, mama's boy, "regular Joe" -- meets a woman who makes him want to be a boyfriend. A good boyfriend. Problem is, unless he's had some first-rate training (by a previous girlfriend, a sister, a mom), he probably doesn't even know what that means. Felicity Huffman and Patricia Wolff come to the rescue with a rollicking -- and whip-smart -- handbook to navigating the minefield of male-female relationships. Directed at men (though of course it's women who'll buy it, then leave it at their boyfriend's place -- accidentally on purpose), A Practical Handbook for the Boyfriend lays out the many steps involved in becoming a good boyfriend, while still maintaining guy-dignity. It covers issues like: Who decides when you become a boyfriend (answer: She does.) How to look like you're listening, even when you're not (If you're busted, just say "You're so pretty, I'm distracted.") Ten things never to say on the first date (#4: "I just did that to freak you out.") Finding the middle ground between too cool (think third grade) and too eager (think surprise visits) Why becoming a good boyfriend is a lot like training for the A team Filled with humor, ribaldry, common sense, and assorted outdoor skills, A Practical Handbook for the Boyfriend is the next dating guide to dominate the bestseller lists.

The Love Gap - Jenna Birch 2018-01-23

A research-based guide to navigating the newest dating phenomenon--"the love gap"--and a trailblazing action plan to help smart, confident, career-driven women find (and keep) their match. For a rising generation young women, the sky is the limit. Women can be anything and have everything. They are outpacing their male peers in higher education and earning the corner office at work. Smart, driven, assertive women are succeeding at just about everything they do--except romance. Why are so many men afraid to date smart women? Modern men claim to want smarts, success, and independence in romantic partners. Or so says the data collected by scientists and dating websites. If that's the case, why are so many independent, successful women winning in life, but losing in love? Journalist Jenna Birch has finally named the perplexing reason: "the love gap"--or that confusing rift between who men say they want to date and who they actually commit to. Backed by extensive data, research, in-depth interviews with experts and real-life relationship stories, *The Love Gap* is the first book to explore the most talked-about dating trend today. The guide also establishes a new framework for navigating modern relationships, and the tricky new gender dynamics that impact them. Women can, and should, have it all without settling.

The Tao of Dating - Ali Binazir 2012-06-13

The #1-Rated Dating Book by Readers on Amazon for 3+ Years Running This is what readers say: 'I have read many books about relationships and dating, but *The Tao of Dating* is one of a kind, so different and mind-blowing in its common sense and simplicity that it is impossible to put it down once you start reading.' 'Well, where shall I start? Mind blowing? Life-changing? Truly opened my eyes? No words can express how much I love this book. I wish I had read it much earlier.' 'I keep this book in a small, carefully chosen, boxed collection of 'indispensable advice I wish I had written' that I will pass along to my children as they navigate through teens, twenties, early adulthood and beyond.' 'This turned out to be one of the most transformative books I have ever read much more so than I thought it possibly could be.' 'The content is intelligent and compassionate and enriching far beyond anything to do with dating. In essence, this book somehow, magically, alchemically, brings you back to yourself. Everyday TV and other media specialize in portraying women as cheap and disposable. This book is the antidote. Just by reading it, one is restored to one's own heart. I can think of no better praise.' '1.5 reads of the book in and I can honestly say that I not only have a clear sense of the basic things that I was doing that were completely throwing off the dynamic with these men, but that I now have simple, quite beautiful little tools in mind when I'm interacting with men that make me properly excited to date. I'll admit that I bought a few books in this vein in one lump...but *The Tao of Dating* just completely blew them out of the water.' 'This is the most helpful dating book that I have

experienced! At the time of my purchase I also downloaded two other books and after reading this I can't even get through the first chapter of the other ones.' 'Thanks to this specific book, I went from having a nonexistent dating life, with empty weeks stretching ahead to being booked every night of the week and in some cases, having two or three dates per evening... the results, for me, were dramatic: I now feel like I have my pick of the litter a slew of fabulous guys who all clamor for my attention.' 'Can You Have it All? Hell Yeah! I believe that smart, successful women CAN have it all -- both a great career AND a rich, warm, fulfilling love life. Do read on if you agree. See -- smart women like yourself were having unfulfilling love lives on an epidemic scale when I was an advisor at Harvard. They either couldn't find the right guy, were with the wrong guy, had relationships that didn't last, or had given up on dating entirely. So I wrote this book to remedy the situation. This is not your grandma's dating guide. Partially because I'm not your grandma, and partially because the 21st century poses unprecedented challenges to the modern woman. With a high-powered career, it may seem that there just isn't time for love. And nowadays, lots of guys are less educated & affluent than you. What to do? Ancient Wisdom + Modern Science = Lasting Love & Happiness for You This book combines ancient wisdom with modern science to give smart, successful women like yourself a heart-centered, science-based, practical guide to finding fulfillment in your love lives -- and far beyond. I give it all to you in a progression of small, easy steps that put the fun back in dating, plus the science and reasoning behind it so you can trust where it all comes from.
