Only His - Elizabeth Lowell 2009-10-13

Escaping the ravages of the Civil War, a gently reared lady must leave behind everything she knows -- and trust her life and her future to a dangerous gunfighter with a passion for vengeance. A team of prize Arabian horses is all that Willow Moran has left—and Caleb Black is the only man who can help her reach her brother in the Colorado Rockies. But she fears this stranger who burns to avenge the wrongs of treacherous men. For Caleb is as wild and unpredictable as the uncivilized land he loves. Yet, though she challenges him at every turn, the spirited southern lady knows this proud, enigmatic loner is her destiny. And no matter what peril awaits, they must face it together—for Willow has become a fever in Caleb's blood . . . awakening a need so fierce that he would defeat the devil himself to possess her.

I just couldn't put it away.' Goodreads Reviewer A heartwarming and moving story about secrets, fresh starts and the power of friendship, set in the wilds of Ireland's shores. Maeve McKenna is on the verge of a breakdown. Having worked herself into the ground as a sought-after interior designer in London, she's in desperate need of a vacation. Philomena Duffy is a little lonely. After losing her husband, their crumbling mansion, Willow House, feels awfully empty. With the rugged shores of Ireland calling, Maeve visits her aunt Philomena in Sandy Cove, where she once, as a teenager, kissed a wild, mysterious boy - a kiss she has never been able to forget. The beautiful night's sky is dotted with stars as far as the eye can see, and Maeve is worlds away from her chaotic life in the city. As Maeve throws herself into restoring Willow House to its former glory, a deep friendship with Philomena begins to blossom. Surrounded by the faded walls and peeling carpets of the old mansion, together they stumble across a secret that turns their family upside down. All the while, she can't stop thinking about the enigmatic boy from her past, and that magical kiss... Is he still in Sandy Cove? Just as she's beginning to feel at home, reality calls. The Invisible Wall - Harry Bernstein 2010-03-30

Harry Bernstein was born into a world of hardship and suffering in a northern mill town, in the shadow of the First World War. His brutish father spends what little he earns at the tailoring shop on drink, while his devoted mother survives on her dreams - that new shoes might secure Harry's admission to a fancy school, that her daughter might marry well, and that one day they might all escape this grinding poverty for the paradise of America. But as the years go by, life for the Bernsteins on their narrow cobbled street remains a daily struggle to make ends meet. For young Harry though, most distressing are his fears for his adored elder sister Lily, who is risking all by pursuing a forbidden love...

The Golden Willow - Harry Bernstein 2009-04-28

Harry Bernstein started chronicling his life at the age of ninety-four, after the death of his beloved wife, Ruby. In his first book, The Invisible Wall, he told a haunting story of forbidden love in World War I-era England. Then Bernstein wrote The Dream, the touching tale of

his family's immigrant experience in Depression-era Chicago and New York. Now Bernstein completes the saga with *The Golden Willow*, a heart-lifting memoir of his life with Ruby, a romance that lasted nearly seventy years. They met at a dance at New York's legendary Webster Hall, fell instantly and madly in love, and embarked on a rich and rewarding life together. From their first tiny rented room on the Upper West Side to their years in Greenwich Village, immersed in the art scene, surrounded by dancers, musicians, and writers, to their life in the newly burgeoning suburbs, Harry and Ruby pursued the American dream with gusto, much as Harry's late mother would have wanted. Together, through a depression, a world war, and the McCarthy era, through job losses and race riots and the joyous births of their two children, Harry and Ruby weathered much and shared an incredible love. But then the inevitable happened. One of them had to go first. When Ruby was ninety-one, she contracted leukemia and died. Alone for the first time in his life, Harry felt the loss acutely and terribly, and for a long while, despite continued good health, he was uncertain about whether he could go on without Ruby. It was then that he turned to the past for solace—and ended up fulfilling a lifelong dream of becoming a published author. Delightful and hopeful, tender and moving, *The Golden Willow* is Harry's tribute to his beloved Ruby, to their long, happy life together, to the impact her parting had on his heart and his soul, and to the surprises and unexpected pleasures that continue to await him.

The Obits: The New York Times Annual 2012 - William McDonald 2011-11-11

The obits. It's the first section many of us turn to when we open the paper, not to see who died, but rather to find out about who lived to discover the interesting lives of people who've made a mark. A new annual that collects nearly 300 of the best of The New York Times obituaries from the previous year, *The Obits Annual 2012* is a compelling, addictive-as-salted-peanuts "who's who" of some of the most fascinating people of the twentieth century. Written by top journalists each entry is a jewel, a miniature, nuanced biography filled with the facts we love to read, with the surprise and serendipity of life. There's David L. Wolper, the producer of *Roots*—and the

story of how he got his start purchasing film footage from Sputnik. The jazz singer, Abbey Lincoln, and her change from glamorous performer—she owned a dress of Marilyn Monroe's—to civil rights activist (she burned the Monroe dress). Owsley Stanley, the quirky perfecter of LSD, who blamed a heart attack on the fact that his mother made him eat broccoli as a child. Patricia Neal—known by most as a movie star, but her real life, filled with tragedy, adversity, and incredible professional ups and downs, is almost a surreal play of triumph and tragedy. Arranged chronologically, like the obits themselves, it's a deliciously random walk through the recent past, meeting the philosophers, newsmen, spies, publishers, moguls, soul singers, baseball managers, Nobel Prize winners, models, and others who've shaped the world.

Once More We Saw Stars - Jayson Greene 2019-05-14

"A gripping and beautiful book about the power of love in the face of unimaginable loss." --Cheryl Strayed For readers of *The Bright Hour* and *When Breath Becomes Air*, a moving, transcendent memoir of loss and a stunning exploration of marriage in the wake of unimaginable grief. As the book opens: two-year-old Greta Greene is sitting with her grandmother on a park bench on the Upper West Side of Manhattan. A brick crumbles from a windowsill overhead, striking her unconscious, and she is immediately rushed to the hospital. But although it begins with this event and with the anguish Jayson and his wife, Stacy, confront in the wake of their daughter's trauma and the hours leading up to her death, *Once More We Saw Stars* quickly becomes a narrative that is as much about hope and healing as it is about grief and loss. Jayson recognizes, even in the midst of his ordeal, that there will be a life for him beyond it--that if only he can continue moving forward, from one moment to the next, he will survive what seems unsurvivable. With raw honesty, deep emotion, and exquisite tenderness, he captures both the fragility of life and absoluteness of death, and most important of all, the unconquerable power of love. This is an unforgettable memoir of courage and transformation--and a book that will change the way you look at the world.
