

The Starr Report The Nature Of President Clintons Relationship With Monica Lewinsky Vol 1 Abridged

CIS Annual - 1999

Impeachment of William Jefferson Clinton, President of the United States - United States. Congress. House. Committee on the Judiciary 1998

House of Bush, House of Saud - Craig Unger 2004-03-19

Newsbreaking and controversial -- an award-winning investigative journalist uncovers the thirty-year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy, business, and national security. House of Bush, House of Saud begins with a politically explosive question: How is it that two days after 9/11, when U.S. air traffic was tightly restricted, 140 Saudis, many immediate kin to Osama Bin Laden, were permitted to leave the country without being questioned by U.S. intelligence? The answer lies in a hidden relationship that began in the 1970s, when the oil-rich House of Saud began courting American politicians in a bid for military protection, influence, and investment opportunity. With the Bush family, the Saudis hit a gusher -- direct access to presidents Reagan, George H.W. Bush, and George W. Bush. To trace the amazing weave of Saud- Bush connections, Unger interviewed three former directors of the CIA, top Saudi and Israeli intelligence officials, and more than one hundred other sources. His access to major players is unparalleled and often exclusive -- including executives at the Carlyle Group, the giant investment firm where the House of Bush and the House of Saud each has a major stake. Like Bob Woodward's *The Veil*, Unger's *House of Bush, House of Saud* features unprecedented reportage; like Michael Moore's *Dude, Where's My Country?* Unger's book offers a political counter-narrative to official explanations; this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer, and sets 9/11, the two Gulf Wars, and the ongoing Middle East crisis in a new context: What really happened when America's most powerful political family became seduced by its Saudi counterparts?

Madison's Nightmare - Peter M. Shane 2009-08-01

The George W. Bush administration's ambitious—even breathtaking—claims of unilateral executive authority raised deep concerns among constitutional scholars, civil libertarians, and ordinary citizens alike. But Bush's attempts to assert his power are only the culmination of a near-thirty-year assault on the basic checks and balances of the U.S. government—a battle waged by presidents of both parties, and one that, as Peter M. Shane warns in *Madison's Nightmare*, threatens to utterly subvert the founders' vision of representative government. Tracing this tendency back to the first Reagan administration, Shane shows how this era of "aggressive presidentialism" has seen presidents exerting ever more control over nearly every arena of policy, from military affairs and national security to domestic programs. Driven by political ambition and a growing culture of entitlement in the executive branch—and abetted by a complaisant Congress, riven by partisanship—this presidential aggrandizement has too often undermined wise policy making and led to shallow, ideological, and sometimes outright lawless decisions. The solution, Shane argues, will require a multipronged program of reform, including both specific changes in government practice and broader institutional changes aimed at supporting a renewed culture of government accountability. From the war on science to the mismanaged war on terror, *Madison's Nightmare* outlines the disastrous consequences of the unchecked executive—and issues a stern wake-up call to all who care about the fate of our long democratic experiment.

CIS Index to Publications of the United States Congress - Congressional Information Service 1999

Impeachment - Charles L. Black, Jr. 2018-02-01

Originally published at the height of the Watergate crisis, Charles Black's classic *Impeachment: A Handbook* has long been the premier guide to the subject of presidential impeachment. Now thoroughly updated with new chapters by Philip Bobbitt, it remains essential reading for every concerned citizen. Praise for *Impeachment*: "To understand impeachment, read this book. It shows how the rule of law limits power, even of the most powerful, and reminds us that the impact of the law on our lives ultimately depends on the conscience of the individual American."--Bill Bradley, former United States senator "The most important book ever written on presidential impeachment."--Lawfare "A model of how so serious an act of state should be approached."--Wall Street Journal "A citizen's guide to impeachment. . . . Elegantly written, lucid, intelligent, and comprehensive."--New York Times Book Review "The finest text on the subject I have ever read."--Ben Wittes

Political Fictions - Joan Didion 2002-08-27

NATIONAL BESTSELLER • In these coolly observant essays, the iconic bestselling writer looks at the American political process and at "that handful of insiders who invent, year in and year out, the narrative of public life." Through the deconstruction of the sound bites and photo ops of three presidential campaigns, one presidential impeachment, and an unforgettable sex scandal, Didion reveals the mechanics of American politics. She tells us the uncomfortable truth about the way we vote, the candidates we vote for, and the people who tell us to vote for them. These pieces build, one on the other, into a disturbing portrait of the American political landscape, providing essential reading on our democracy.

An Affair of State - Richard A. Posner 2009-06-30

In a book written while the events were unfolding, Richard Posner presents a balanced and scholarly understanding of President Clinton's year of crisis which began when his affair with Monica Lewinsky hit the front pages in January 1998. With the freshness and immediacy of journalism, Posner clarifies the issues involved, carefully assesses the conduct of Independent Counsel Kenneth Starr, and examines the pros and cons of impeaching President Clinton as well as the major procedural issues raised by both the impeachment in the House and the trial in the Senate. This book, reflecting the breadth of Posner's experience and expertise, will be the essential foundation for anyone who wants to understand President Clinton's impeachment ordeal.

Porn Studies - Linda Williams 2004

A collection of contemporary work on pornographic film and video, edited by one of the founders of the field.

The Cult of the Presidency - Gene Healy 2009

Intro -- Table of Contents -- Acknowledgements -- Introduction -- 1. Our Chief Magistrate and His Powers -- 2. "Progress" and the Presidency -- 3. The Age of the Heroic Presidency -- 4. Hero Takes a Fall -- 5. Superman Returns -- 6. War President -- 7. Omnipotence and Impotence -- 8. Why the Worst Get on Top ... and Get Worse -- 9. Toward Normalcy -- Afterword: Our Continuing Cult of the Presidency -- Notes -- About the Author -- Cato Institute

All About Love - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes

out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society’s failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question “What is love?” her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

Referral from Independent Counsel Kenneth W. Starr in Conformity with the Requirements of Title 28, United States Code, Section 595(c) - Kenneth Starr 1998

Crisis of Character - Gary J. Byrne 2017-05-16

In this runaway #1 New York Times bestseller, former secret service officer Gary Byrne, who was posted directly outside President Clinton's oval office, reveals what he observed of Hillary Clinton's character and the culture inside the White House while protecting the First Family in *CRISIS OF CHARACTER*, the most anticipated book of the 2016 election.

The Impeachment of William Jefferson Clinton - Daniel Cohen 2000-01-01

A description of the events surrounding the impeachment of Bill Clinton explores the feelings of the American public at the time and the possible effects it will have on the future.

Page One - New York Times Staff 1998

Gathering all the headline events of the twentieth century, *Page One* is a breathtaking chronicle of our times. This new edition contains history-making events from 1998, including the Pope's historical visit to Cuba, the balancing of the federal budget, the Unabomber's guilty plea, and the Monica Lewinsky scandal at the White House. These stories join the major events of previous decades, from the peace treaty signed in Paris .ending the First World War to Nixon and Watergate; the re-unification of Germany to the demise of the Soviet Union; the Gulf War to the tragic bombings of the World Trade Center and Oklahoma City; and the assassination of Israel's Yitzhak Rabin. A definitive introduction to history, *Page One* delivers a thrilling journey into the events that have shaped this century.

The Presidents and the Constitution - Ken Gormley 2016-05-10

Shines new light on America's brilliant constitutional and presidential history, from George Washington to Barack Obama. In this sweepingly ambitious volume, the nation’s foremost experts on the American presidency and the U.S. Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution. Each occupant of the office—the first president to

the forty-fourth—has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation’s chief executive. By examining presidential history through the lens of constitutional conflicts and challenges, *The Presidents and the Constitution* offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents. It delves into key moments in American history, from Washington’s early battles with Congress to the advent of the national security presidency under George W. Bush and Barack Obama, to reveal the dramatic historical forces that drove these presidents to action. Historians and legal experts, including Richard Ellis, Gary Hart, Stanley Kutler and Kenneth Starr, bring the Constitution to life, and show how the awesome powers of the American presidency have been shaped by the men who were granted them. The book brings to the fore the overarching constitutional themes that span this country’s history and ties together presidencies in a way never before accomplished.

Detecting Lies and Deceit - Aldert Vrij 2008-02-19

Why do people lie? Do gender and personality differences affect how people lie? How can lies be detected? *Detecting Lies and Deceit* provides the most comprehensive review of deception to date. This revised edition provides an up-to-date account of deception research and discusses the working and efficacy of the most commonly used lie detection tools, including: Behaviour Analysis Interview Statement Validity Assessment Reality Monitoring Scientific Content Analysis Several different polygraph tests Voice Stress Analysis Thermal Imaging EEG-P300 Functional Magnetic Resonance Imaging (fMRI) All three aspects of deception are covered: nonverbal cues, speech and written statement analysis and (neuro)physiological responses. The most common errors in lie detection are discussed and practical guidelines are provided to help professionals improve their lie detection skills. *Detecting Lies and Deceit* is a must-have resource for students, academics and professionals in psychology, criminology, policing and law.

Fox Populism - Reece Peck 2019-01-03

Shows how Fox News' appeal is based on its populist presentational style, not its conservative ideological bias.

The Controversial Pardon of International Fugitive Marc Rich - United States. Congress. House. Committee on Government Reform 2001

The Politics of Scandal - Andrei S. Markovits 1988

Through analytical discussions of such events as Watergate and Britain's Profumo affair, this book demonstrates that such political scandals are neither idiosyncratic to democratic regimes nor unique to the United States (or, for that matter, unique to world-weary Europeans). Nor are they, as some political scientists claimed some years ago, routine to those underdeveloped societies who have a high toleration of corruption. While sex and money play their part, at the heart of the great scandals of the post-war era lies the violation of process in the pursuit of power.
