The cost and effort I'll ask you to spend on any one step or ingredient must be justified by a proportionate gain in flavor. I promise you that none of these drinks are dull, and that your loved ones will love them. I promise that I've described the absolute best way to make each drink without compromise, but also the simplest way to do so. The dry practicality that went into the development of these recipes found balance in the pure joy of dreaming them up and of imagining you enjoying each one. From the bestselling authors of *Wine For Dummies*, a different way to choose and enjoy wine. Because the choices in a wine store or on a wine list can seem limitless or intimidating, wine drinkers often stick with what they know, such as Merlot, or go with the choice made by a wine critic or a waiter. This appealingly straightforward and unintimidating guide will help wine drinkers discover what they like and make informed choices. The authors identify 12 wine styles, or taste categories, including four for red wine and four for white wine. For each style, the authors detail how it tastes, where it comes from, grape varieties that are common for the style, and a few recommended wines. The

style "Soft, Fruity Red Wines," for instance, includes U.S. Merlots, Beaujolais, Burgundies and other Pinot Noirs, and southern Italian reds, among other wines. Complete with tips on pairing wine with food and a pull-out wine wheel to help readers remember the styles, this is the refreshingly different book wine drinkers have been waiting for. Mary Ewing-Mulligan, Master of Wine, and Ed McCarthy, Certified Wine Instructor (New York, NY), are among the best-known, most widely respected wine experts in the United States. They have appeared frequently in the media, including on television's Food Network and CNNfn, and have written seven wine books in the *For Dummies* series.
