A Lady's Formula for Love -

Elizabeth Everett 2021-02-09

What is a Victorian lady's formula for love? Mix one brilliant noblewoman and her enigmatic protection officer. Add in a measure of danger and attraction. Heat over the warmth of humor and friendship, and the result is more than simple chemistry--it's elemental. Lady Violet is keeping secrets. First, she founded a clandestine sanctuary for England's most brilliant female scientists. Second, she is using her genius on a confidential mission for the Crown. But the biggest secret of all? Her feelings for protection officer Arthur Kneland. Solitary and reserved, Arthur learned the hard way to put duty first. But the more time he spends in the company of Violet and the eccentric club members, the more his best intentions go up in flames. Literally. When a shadowy threat infiltrates Violet's

laboratories, endangering her life and her work, scientist and bodyguard will find all their theories put to the test--and learn that the most important discoveries are those of the heart.

Breaking Love's Rules - Randy Hurlburt  
2019-03-23

Has playing by the rules gotten you the love that you want? Read this: The Top 10 Reasons people can't find love... The Top 10 Reasons people get married anyway... The Top 10 Reasons relationships and marriages don't work... Relationship coach Randy Hurlburt's top ten lists establish a foundation for why "breaking the rules" is important in the search for good love. To begin with, internalized cultural rules can lure couples into the trap of a cookie-cutter relationship, doing what others expect of them or what they think their partner expects. This can result in boredom and/or disillusionment and/or emotional distance (have you experienced any of these things?). The antidote for boredom is, of course, excitement, and breaking the rules not only provides excitement in and of itself but can get the couple out of a rut and help them find a different form of relationship that is

custom made for them. Doing this in part requires dealing with a fundamental conflict in relationships, namely the desire for connection vs. the desire for freedom. People want a partner but they don't want to be tied down. Finding a balance is the challenge - it can be a life-long adventure!

Complicating relationships is the fact that that most people have a deep-seated fear that they won't be understood or accepted as they really are. As a result they hide important parts of themselves from their partner and this further causes emotional distance over time. Opening up this secret side (and frequently the secret sexual side) is another key to unlocking the potential of an extraordinary relationship. Randy brings all this together in chapter upon chapter of mind-blowing insight, synthesizing it in what he calls a "partners in love and crime" relationship. Each couple chooses the rules they want to break and those they want to keep, finding their unique balance between freedom and

connection, and opening up their secret selves to each other. They design their own extraordinary relationship and unleash all the potential that they were on the verge of losing. Note: This book contains explicit sexual material. If you are offended by such material, please do not buy this book.
