

The Sexual Wilderness The Contemporary Upheaval In Malefemale Relationships

The Word - Camelot Press 2002

THE WORD: Welsh Witchcraft and America By Rhuddlwm Gawr, Taliesin Enion Vawr, & Merridden Gawr. Introduction by Sarah Llewellyn Book Three of The Quest Trilogy Many avid readers have awaited publication of The Word, part three of the Quest Trilogy. This is the most comprehensive book ever published on the practice of Welsh Witchcraft, and is one of the few books that teaches the basic spirituality of the Craft. It discloses why and how Welsh Witchcraft began. It reveals the religious practices and explains the mysteries of the magical rituals. It demonstrates initiation and

guides the reader through that ritual as well as the arcane teachings. The Word establishes the claim that Welsh Witchcraft is a remnant of the ancient religion of Hyperborea and Atlantis.

Theory and Problems of Adolescent Development, Third Edition -

The Feminist Takeover - Betty Steele
1987-03-03

The Feminist Takeover chronicles the rapid growth of the Women's Movement over the past two decades. It evaluates the movement forcefully and honestly by looking at its history and the radical changes it has wrought on

society today. The author asks us to re-examine assumptions on which most of us have been raised – and to consider what we stand to lose if we do not turn back the feminist tide.

The Sexual Wilderness - Vance Oakley Packard 1968

The Advertising Age Encyclopedia of Advertising - John McDonough 2015-06-18
For a full list of entries and contributors, a generous selection of sample entries, and more, visit the The "Advertising Age" Encyclopedia of Advertising website. Featuring nearly 600 extensively illustrated entries, The Advertising Age Encyclopedia of Advertising provides detailed historic surveys of the world's leading agencies and major advertisers, as well as brand and market histories; it also profiles the influential men and women in advertising, overviews advertising in the major countries of the world, covers important issues affecting the field, and discusses the key aspects of

methodology, practice, strategy, and theory. Also includes a color insert.

The Sexual Wilderness - Vance Packard

Road Trip to Nowhere - Jon Lewis 2022-07-19
How a new generation of counterculture talent changed the landscape of Hollywood, the film industry, and celebrity culture. By 1967, the commercial and political impact on Hollywood of the sixties counterculture had become impossible to ignore. The studios were in bad shape, still contending with a generation-long box office slump and struggling to get young people into the habit of going to the movies. Road Trip to Nowhere examines a ten-year span (from 1967 to 1976) rife with uneasy encounters between artists caught up in the counterculture and a corporate establishment still clinging to a studio system on the brink of collapse. Out of this tumultuous period many among the young and talented walked away from celebrity, turning down the best job Hollywood—and

America—had on offer: movie star. Road Trip to Nowhere elaborates a primary-sourced history of movie production culture, examining the lives of a number of talented actors who got wrapped up in the politics and lifestyles of the counterculture. Thoroughly put off by celebrity culture, actors like Dennis Hopper, Christopher Jones, Jean Seberg, and others rejected the aspirational backstory and inevitable material trappings of success, much to the chagrin of the studios and directors who backed them. In Road Trip to Nowhere, film historian Jon Lewis details dramatic encounters on movie sets and in corporate boardrooms, on the job and on the streets, and in doing so offers an entertaining and rigorous historical account of an out-of-touch Hollywood establishment and the counterculture workforce they would never come to understand.

Kiss and Tell - Julia A. Ericksen 2001-12-28
Learning the details of others' sex lives is the most enticing of guilty pleasures. We measure

our own practices against the normalcy that sex surveys seek to capture. Special interest groups use or attack survey findings (such as the claim that 10% of Americans are gay) for their own ends. Indeed, we all have some stake in these surveys, be it self-justification, recrimination, or curiosity--and this testifies to their significance in our culture. Kiss and Tell chronicles the history of sex surveys in the United States over a century of changing social and sexual mores. Julia Ericksen and Sally Steffen reveal that the survey questions asked, more than the answers elicited, expose and shape the popular image of appropriate sexuality. We can learn as much about the history and practice of sexuality by looking at surveyors' changing concerns as we can by reading the results of their surveys. The authors show how surveys have reflected societal anxieties about adolescent development, teen sex and promiscuity, and AIDS, and have been employed in efforts to preserve marriage and to control women's sexuality. Kiss and Tell is

an important examination of the role of social science in shaping American sexual patterns. Revealing how surveys of sexual behavior help create the issues they purport merely to describe, it reminds us how malleable and imperfect our knowledge of sexual behavior is. **Acta Psychologica Taiwanica** - 1983

A Parent-Partner Status for American Family Law - Merle H. Weiner 2015-09-17

This book proposes a new 'parent-partner' legal status emphasizing obligations of parents to each other and to their children.

Swinging Single - Hilary Radner 1999

Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure. In contrast, the essays in Swindling Single attribute the new sexual mores of that era not to its political upheavals but to a confluence of social, cultural,

and economic factors that encouraged personal gratification and altered traditionally defined gender roles. Contributors analyze a broad range of topics: the commercialization of avant-garde and exploitation films; new visions of female sexuality in *That Girl* and *The Avengers*; the social context of such cultural icons as Hugh Hefner and Charles Manson; the intersection of race and sexuality in Eldridge Cleaver's *Soul on Ice*; and depictions of sexual pleasure in pornography and scientific films.

Health and Hygiene - Ardys M. Asper 1971

Woman's Place - Cynthia F. Epstein 2023-11-10
Why does it happen that, no matter what sphere of work women are hired for or select, like sediment in a wine bottle they settle to the bottom? Why do the best women--those in whom society has invested most heavily--underperform, underachieve, and underproduce? Why this is so and how it occurs is the focus of this book. The sociologist's special tools of analysis are used to

identify the social factors that assign women to their place and keep them there. While most of Epstein's data are drawn from the professions--law, medicine, science, engineering, and university teaching--her analysis touches at many points the problems of poor women, who constitute the major part of the female work force. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1970.

Jessie Bernard Reader - Jessie Bernard
2015-11-17

Jessie Bernard was one of the foremost early feminist sociologists and public intellectuals in women's studies. In *The Jessie Bernard Reader*,

Michael S. Kimmel and Yasemin Besen have compiled her most intriguing and influential work on marriage, the family, sexuality and changing women's roles in the United States. Bernard's pioneering works bridged the gap between academic social science and public advocacy for gender equality. Her books were landmarks in demarcating the effects of the "separation of spheres." Among her most celebrated arguments was that couples experienced two different marriages, "his" and "hers"-and that his was better than hers. This volume will inspire a new generation of scholars, a generation that inherits the gains for which Bernard struggled her entire career.

Sexidemic - Lawrence R. Samuel 2013
Sexidemic is the first real cultural history of sexuality in the United States since the end of World War II. For a people who supposedly love sex, the author argues, Americans have had no shortage of problems with it. Since the end of World War II, in fact, we've had a contentious

relationship with sexuality, the subject a source of considerable tension and controversy on both an individual and societal level. Rather than being a simple pleasure of life, something to be enjoyed, sex has served as a challenging and disruptive force in many Americans' everyday lives for the last two-thirds of a century. Our love affair with sex has thus been a rocky one, filled with bumps in the road that have caused major instability across our cultural landscape. Our individualistic, competitive, consumerist, and anxious national character is both reflected in and reinforced by this "sexidemic," something few have recognized or perhaps want to admit. By charting the cultural trajectory of sex in America since the end of World War II, Sexidemic reveals how the nation's continual woes with sexuality helped make us an anxious, insecure people. The sex lives of many, perhaps most Americans have been in a perpetual state of crisis, a constant source of concern. We've fretted over every dimension of it, with problems

in both quality and quantity. With this unhealthy view of sexuality, it was not surprising that we felt we needed a variety of potions and gadgets to make it happen or be pleasurable. In tracing the cultural trajectory of sex in our society, Samuel illustrates our bipolar approach to sexuality: low libido and sex addiction emerged as common disorders, and sex scandal after sex scandal has made headlines, especially over the last couple of years. Only money has surpassed sex as a source of stress for Americans; indeed, sex has come to be seen and treated as a commodity. In this timely work, the author traces the role sex plays in our society, how it shapes us and the world around us, and how we got where we are today in our views, treatment, and practice of sex and sexuality in our everyday lives.

To Have and to Hold - Jessica Weiss 2000-04-15
Drawing on interviews with American couples from the 1950s to the 1980s, Weiss creates a dynamic portrait of family and social change in

the postwar era. She then pairs these firsthand accounts with deft analysis of movies, magazines, and advice books from each decade, providing an intimate look at ordinary marriages in a time of sweeping cultural change. 8 halftones.

The Films of Delmer Daves - Douglas Horlock
2022-03-25

Delmer Daves (1904–1977) was an American screenwriter, director, and producer known for his dramas and Western adventures, most notably *Broken Arrow* and *3:10 to Yuma*. Despite the popularity of his films, there has been little serious examination of Daves’s work. Filmmaker Bertrand Tavernier has called Daves the most forgotten of American directors, and to date no scholarly monograph has focused on his work. In *The Films of Delmer Daves: Visions of Progress in Mid-Twentieth-Century America*, author Douglas Horlock contends that the director’s work warrants sustained scholarly attention. Examining all of Daves’s films, as well as his

screenplays, scripts that were not filmed, and personal papers, Horlock argues that Daves was a serious, distinctive, and enlightened filmmaker whose work confronts the general conservatism of Hollywood in the mid-twentieth century. Horlock considers Daves’s films through the lenses of political and social values, race and civil rights, and gender and sexuality. Ultimately, Horlock suggests that Daves’s work—through its examination of bigotry and irrational fear and depiction of institutional and personal morality and freedom—presents a consistent, innovative, and progressive vision of America.

The Sexual Wilderness - Vance Oakley
Packard 1970

[The Road to Romance and Ruin](#) - Jon Lewis
2013-12-04

This book analyses the teen film as the rare medium able to represent the otherwise chaotic and conflicting experience of youth. The author

focuses on six major issues: alienation, deviance and delinquency, sex and gender, the politics of consumption, the apolitics of youth(ful) rebellion, and regression into nostalgia. Despite the many differences within the genre, this book sees all teen films as focused on a single social concern: the breakdown of traditional forms of authority - school, church, family. Working with the theories of such diverse scholars as Kenneth Keniston, Bruno Bettelheim, Erik Erikson, Theodor Adorno, Simon Frith, and Dick Hebdige, the author draws an innovative and flexible model of a cultural history of youth. Originally published in 1992.

Women, Wives, Mothers - Jessie Bernard 2009
One of the most important series of events in modern times--the restructuring of sex roles to adapt them to modern life--is here chronicled from the perspective of a lifetime of studying and writing about women. In this lively, lucid book Jessie Bernard examines, with concern and expertise, the dramatic changes in values

experienced by women of all ages in all classes of society, and how these changes affect the options available to women today--as women, as wives, as mothers. Bernard begins her five-part examination with a critical overview of research on sex differences, pointing out the sexism that is implicit in most of this research and suggesting what kinds of research should be done. She discusses the paradox involved in preparing girls for the most demanding of all roles--motherhood--by fostering weakness in them rather than strength. She writes of the ages and stages of motherhood and the momentous changes now in process in the roles of wife and mother, as more women combine labor force participation with marriage and motherhood. Bernard contrasts the positions of the nineteenth- and twentieth-century feminist movements with respect to class, and reports on the influence of the feminist movement on working class and African-American women. The last part of the book tells of the bitter fruits of

extreme sex role specialization, both for women and for society, and examines policy-relevant research on motherhood. Bernard explores the many new potentialities open to women, and, finally, the societal forms that will be necessary in order for women to plan their lives with wider latitude. Both the general reader and students of women's studies will be delighted and informed

by Jessie Bernard's enlightening report on where women have been and where they are going in American society. Jessie Bernard (1903-1996) was Research Scholar, Honoris Causa, at the Pennsylvania State University. Her many books include Remarriage, The Sex Game, The Future of Marriage, American Community Behavior, and Social Problems at Midcentury.
