Dating Tips for Guys - Carolyn Bright
2017-03-10

Women are just people without penises. Remember that golden rule. Every dating guide, every Hollywood movie, every matchmaking website, makes profit by distracting you from this fundamental truth. She is not an alien species; she is just a regular human who sits down to pee. All anyone wants is to love and to be loved. A lot of dating guides are aimed at men who, deep down, don't actually like women. Instead of helping men to understand the opposite sex, these guides encourage men to use mind-games and manipulation to get girls into bed. They encourage cold-hearted efficiency and fast turnover, like a corporate cost-cutting guide. That's fine, if you don't mind falling asleep to the sound of a stripper crying in your shower. This book is aimed at men who are looking for a girlfriend, not just a succession of joyless hook-ups. When you're looking for a girlfriend, physical attraction is important; but you also want to talk to her about your day, and introduce her to your friends, and take her out for dinner, and spend Sunday afternoons together watching *Seinfeld* re-runs in your underpants. That's a lot to ask for, really, and it's no surprise that people spend their whole lives searching for one special person. This book will talk you through the very earliest stages of a new relationship - meeting someone, asking them out, and taking them on the first few dates. For many people, this is the most difficult part of the game - keeping a girlfriend happy is child's

play compared to the difficulties of finding a girlfriend in the first place. This guide is written from a woman's point of view, to show you other side of the dating game. It's not a set of strict instructions, but a gentle push in the right direction. At each step, there are tips to help things to run smoothly and advice on avoiding common pitfalls. There are also explanations of some things women do which men tend to find confusing. There is someone out there for everyone. It's a cliché to say that, but it's true. Be yourself! That's another cliché, also true. Women are just people without penises, remember. They have different interests and different desires in just the same way that men do. Whatever makes you weird may be the same thing which attracts people to you. Overweight geek obsessed with anime? There's a Studio Ghibli fan out there who just loves to be hugged by a big guy. It's true that you might have more success with the ladies if you were a handsome billionaire with a six-pack - but so what? There's not enough time in your life to date every attractive woman in the world, so it makes sense to focus on finding the ones who really suit you. The aim is not to turn yourself into some kind of seduction machine, who can charm every woman you meet into bed. Or course, it's nice to daydream about being irresistible to the opposite sex, but if you have to put on a fake James Bond persona to get a date, you're dating the wrong people. It's wiser to keep on going as you are, but knock off the rough edges. Be yourself - but better. Make the most of what's going well for you already, and stop doing those little things which hold you back. There are so many factors which affect the way women see you, and you can take easy steps to improve your success with women without having to expend a lot of energy or feel like you're faking it. These are some of the most practical dating tips for men in the real world today!

How to Become Any Guy's Dream Girl - Amber Roseline 2017-06-28

There is something about been wanted, it is alluring it is amazing, it is like walking in the cloud and it is a huge confidence boost that very few women get to feel. I personally used to think this position was reserved for the movie stars, the singers and the few people that we see in the media outlets frequently until I started getting information that proved otherwise. Where did I get this information? I started working for one of the most gorgeous women God made and one thing stood out about her it, it was the fact that men wanted her so much they many times would go to any length to please her including doing some really absurd things that I still laugh at when I think of them. It was even better because she could get any man she wanted and boy did she get the best guy around? She got herself a successful hunk that cares for her and adores her. I was at a bad place in my relationship with men that time so I decided to mirror her and most importantly ask questions, thankfully she later decided to take me under her wings and I must say the result was far more than I expected and most amazing was the fact that it didn't take too much time. The pages of "How To Become Any Guy's Dreamgirl" will show you that it is possible and achievable to be wanted by hot guys too and it doesn't stop at that, it is laced with a lot of freebies

The Truth About Guys - Chad Eastham 2006-09-03

Okay, it's a fact. God made guys and girls different in more ways than just the physical. But how different could we really be? After all, we are all made in His image, right? Well, yes, but . . . Let's just say that guys and girls view the world in such different ways, that it's a miracle we communicate at all. What's worse is girls this age often think they know what makes guys tick

and . . . that couldn't be more wrong! Chad Eastham tells it like it is . . . to girls . . . from a guy's perspective. His stage presentation transfers beautifully into this book, putting the facts in black and white for girls to see. You think that short skirt says to guys, "I'm a fashion billboard!" Think again. Chad tells girls how guys see such fashion statements as advertising something completely different than a hip dresser. Chad wrings out every ounce of experience from his colorful life and uses it to help teens make informed choices.

[Get Inside Her: Dirty Dating Tips & Secrets from a Woman](#) - Marni Kinrys 2013-02-15

Guys, Discover Insider Dating Tips From A Woman: One night, I sat up late reading email after email from attractive, witty guys who were single and ready to date, and instead of being

impressed and enraptured, I began to wonder what on earth was going wrong in the world. You see, these emails were not the typical online dating messages. They weren't asking me out on dates, or vying for desire or attention. They were sent from great guys, who no matter what they tried, always seemed to find that beautiful women ended up dating jerks and never calling them back. Now, you might be wondering what all these guys are doing emailing me their questions, but as a professional Wing Girl, it's my duty to be the girl who gives it to guys straight of the dating community. I'm always brutally honest and have been told I have a gift for seeing things from both sides of the dating lines, but it took me a few glasses of wine and some seriously deep thinking to try to piece the puzzle together. What was going on? I knew all my gorgeous girlfriends were looking for these types of men. Men who were exciting, fun, good, honest and who had their life together... So as they were emailing me, detailing their failed attempts, I tried to find the one common factor that was holding these great guys back. I spoke with them at length about their dating history, trying to figure out if they were doing something wrong, and then it struck me. It wasn't them; it was "The Game" they had been told to play. They had the best intentions, but they were going about attracting and dating beautiful women in all the wrong ways. They were dating from the male perspective and in a way that seemed right to other guys; but this wasn't communicated clearly to women! As I started to reply to each email, instead of telling them what I thought they wanted to hear or what I thought male Pick Up Artists might tell them, I started to lay it all out on the line. Later on, when I asked my girlfriends for their opinion, they couldn't believe what I had written. I was revealing all secrets women would never tell men. I was putting it out there in a way that would give guys what my girlfriends called the upper hand, but I defended my actions. These were genuinely great guys! I was tired of hearing how women could never find what they were looking for. Now, when I gave the men a road map to go out and find them, they freaked out! That's when I knew I had something worth sharing. Something that would turn the dating world on its head; finally, I thought, "It's time to

shake things up!" If you have ever wondered why you aren't on the calendars of beautiful women, why they never seem to call back, or always end up with the jerks of the world, then you have to hear what I have to say. You need to accept that it's not your fault and face the facts. Men and women are different. We act, think, and date differently. If you want to find success, you have to see things from a different perspective. You have to gain the world's first (and best) awarded female Pick Up Artists perspective! Now when I go out, meet with clients, call, or email these great guys back, I get something in return. I get to see them finally date the women they have always wanted and deserved. They tell me how easy and simple it has become, and how they cannot believe they didn't think of it first. Of course, I always laugh and tell them, "How could you? We think differently!" They send me photographs, updates, and once in a while, I'll be invited to a wedding or two. Now, it's your turn. Come see where the controversy lays. Discover the secrets that will make women want you, chase you, and call you back every time. Become the man you have always wanted to be but didn't know how.
