The Guyde - Howie Reith
2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four

sections: Part I - Psychology
Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part

III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

2018-11-28

This is a dating guide like no other. Not only does it encompass an in-depth guide into areas of pickup and seduction on the online dating app Tinder, but it also adds in an element that no dating book has: a science. Yes that's right, a science. You may be thinking how can there be a science on Tinder? Well let me tell you after four years using the app religiously, there definitely is! For example, did you know that there are certain types of pictures you can put up on your profile that will guarantee you more matches? Did you know that writing certain things in your Bio will make a girl message you first? Did you know there are optimal times of the week to swipe and acquire more matches? Or even times of the year where you will get more matches? Perhaps you didn't realise that with using some of the Tinder Plus features correctly, your matches can increase as much as 500%. Or perhaps you didn't know that you can actually tell a girl on Tinder that you are looking only to hook-up, and a

good portion of the time she will take you up on it if you say it in the right way? If you didn't know this, then this is what this book is here to do. It is here to give the Tinder virgin right the way through to the Tinder pro, the ability to learn this science and getting you to achieve your dream girl.
