*Love, Sex, and Romance* -  
Sergio Garcia 2002

We spend so much time worrying about the little things in life, money, objects, bills, insignificant things really. We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like

love, health, family, and friends. We allow these trivial things to constantly overwhelm us and worry us sick. We always wish for the future, as opposed to rejoicing in the present and appreciating life for what it truly is, a gift, an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality, a reality we fail to see without love. We fail to see the true beauty of life, the beauty of a brand new morning, the beauty of a butterfly resting in a rose, or the sweet melodies the bird sing. Instead, we focus on the petty things, and by so doing we keep ourselves from achieving the true happiness we seek. Time and time again I have encountered unhappiness in life and particularly in relationships. People do not understand why their

relationships are not going in the right direction. People wonder why they are not as happy as they wish they could be, and usually the reason for this is not an insurmountable one. This unhappiness is mostly caused by a lack of communication, lack of trust, lack of honesty, lack of attention or understanding. Sometimes a combination of these prevents us from achieving true happiness, but they can be overcome, and with my help and your willingness to change, you will achieve just that. These problems, unfortunately, are very common, but there is a solution, a simple solution I want to share with you. I want to change the status quo by providing you with the tools you will need to overcome these problems. I want to provide you with the tools you need to more successfully approach your love interest, to better deal with your significant other, and to even improve your marriage and everyday life. I will show you how to communicate,

and better appreciate, and better understand your partner; above all, I will help you love again. The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love, a feeling that should never disappear. It should evolve and become more objective, but no less beautiful; the flame of love should never vanish. The honeymoon period, whether you are married or have just entered into your first relationship, should not fade and pass; it should just transform and it can! It will require a little effort and awareness of each other's preferences, but remember all worthwhile endeavors do. The origin of this book then rests in the predominant lack of understanding between the sexes, in the predominant complaint, "My boyfriend pays more attention to his car than to me," as well as "My wife is always nagging; no matter what I do, she's never happy." The origin of this book is due to the strong belief that I can change that, that I can provide

you, the reader, with a happy medium. I strongly believe that I can show you how to meet halfway, and become a happier person and a happier couple in the process. I believe that I can help change those statements to something more positive. I believe I can change those statements to something like: "my boyfriend enjoys spending time working on his car, but he loves me; I'm the most important thing in his life" or "my wife is the greatest - she knows how much I love her, and she knows any opportunity I get I want to be with her because I'm the most important person in her life." Maybe you noticed the use of "thing" and "person" and that is a purposeful mistake, as you will soon learn.

*The Guyde* - Howie Reith

2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that

keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male

context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

*Homesick For Another World* - Ottessa Moshfegh 2017-01-12  
'Razor-sharp' Zadie Smith An electrifying, prizewinning short story collection from the Booker-shortlisted author of *Eileen* and *My Year of Rest and Relaxation*. There's something eerily unsettling about Ottessa Moshfegh's stories, something almost dangerous while also being delightful - and often even weirdly hilarious. Her characters are all unsteady on their feet; all yearning for connection and betterment, in very different ways, but each of them seems destined to be tripped up by their own baser impulses. The flesh is weak; the timber is crooked; people are cruel to each other, and stupid, and hurtful, but beauty comes from strange sources, and the dark energy surging through these stories is oddly and powerfully invigorating. One of the most gifted and exciting young writers in America, she shows us uncomfortable things, and

makes us look at them forensically - until we find, suddenly, that we are really looking at ourselves.

'Moshfegh's writing is cinematic - vivid, immediate'
