

What Makes Man More Attractive To Woman

How to Attract Women - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Do you want to know how to get the man you desire or to keep the man you love? Are you having a hard time figuring out why your spouse, boyfriend, or partner handles an issue or responds to a person the way he does? Are you truly invested in the relationship with your partner, spouse, or boyfriend and really want to make it work? If the answer is yes, then a deeper understanding of men and their mysteries will make you a better-equipped and informed relationship partner, and will also help you manage those circumstances where your reaction or response would normally be different from your male counterpart. Men may be hard to understand at times, but women just can't get enough of them anyway, right? You've probably sworn off guys in the past, especially after a particularly painful break-up or experience, but after a while you will find yourself interested again, ready to try one more time. That is, after all, the essence of the human experience. You learn from your experiences, go through the hits and the misses, and must always be ready to get back right up and try again until you get it right. You will find yourself competing for the attention of your spouse or partner with other people, or even gadgets, games, career opportunities, and other attention-getters. But let's be very honest here: while men may be difficult to comprehend, it is also what makes them the mysterious and intriguing creatures that they are, making them more attractive to the female gender. What Women Want When They Test Men - Bruce Bryans 2015-08-13

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think.

Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to Attract Women - Leonardo Bustos 2015-09-10

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man

much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!
