Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it-and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.

Do you want to learn practical ways to seducing her, take her on date, getting her into the bed and win her heart? Do you want to learn the Secrets to eliminate anxiety and increase your social confidence? If yes, then keep reading... The idea of remaining objective rather than subjective is to provide you with clarity. The way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her but to me or any other guy she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic there is no way to assume this. Now, since you are human you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt then do something that will bring your confidence back up. Say to yourself: I am the captain of my fate, the master of my soul; I have the power, only I am in control and I now release myself of this negative thought. So if you are getting nervous being around or even approaching just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you have no tangible power over you, meaning if you want freedom you can't let someone else dictate your state of mind. You are special, there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself you will no longer have approach anxiety. Start small-talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent, because the obstacles you place in front of yourself I can't see, therefore have no effect over me and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad, only thinking makes it so." This book gives a comprehensive guide on the following: How to attract women What is approaching The best ways to approach Warm approaches Eliminating approach anxiety How to beat insecurity and neediness Tell yourself you're great how to flirt with a woman over texts How to get the guy of your dreams. How to have confident body language Kick things off with light flirting d104ing tips to get more dates Why women don't like "nice guys" ... AND MORE!!! What are you waiting for? Click buy now!!

In Chapter 1, *WWWWW*, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are *ID* (In-Direct opener) and *DO* (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five *WWWWW*s of starting a conversation with a woman which are: *Where, When, Why, What, & Which*. And we finally added extra examples of *DO* and *ID*. In Chapter 2, *Operation Rejection*, shortened as *ORej*. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, *ON/OFF*, we discussed how *Push and Pull (PP)* works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with *Sad Anchor* and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, *Accidental Accusation*, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of

how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the

beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline.
