The Outlaws of Sherwood - Robin McKinley 2014-11-18

The Newbery Medal-winning author of *The Hero and the Crown* brings the Robin Hood legend to vivid life. Young Robin Longbow, subapprentice forester in the King's Forest of Nottingham, must contend with the dislike of the Chief Forester, who bullies Robin in memory of his popular father. But Robin does not want to leave Nottingham or lose the title to his father's small tenancy, because he is in love with a young lady named Marian—and keeps remembering that his mother too was gentry and married a common forester. Robin has been granted a rare holiday to go to the Nottingham Fair, where he will spend the day with his friends Much and Marian. But he is ambushed by a group of the Chief Forester's cronies, who challenge him to an archery contest . . . and he accidentally kills one of them in self-defense. He knows his own life is forfeit. But Much and Marian convince him that perhaps his personal catastrophe is also an opportunity: an opportunity for a few stubborn Saxons to gather together in the secret heart of Sherwood Forest and strike back against the arrogance and injustice of the Norman overlords.

A Chronological History of Australian Composers and Their Compositions

- Stephen Pleskun 2012-01-17

This book is volume 1 of a 4 volume series, the first 3 of which have been

published by Xlibris and the 4th almost complete for imminent delivery. In its entirety this work is the most comprehensive and accurate account of Australian Classical Music making ever undertaken. The 4 volumes cover the period from 1901-2012 and include more than 800 composers, famous and obscure, with more than 30,000 compositions including details of their premieres (where, when and by whom). Individual performers, ensembles, orchestras, opera and ballet companies, music educators, instrument makers, entrepreneurs, academics, philanthropists, musicologists and critics are included as part of the story. The foundation and demise of music institutions, venues and festivals is recorded chronologically. Altogether an extensive picture of Australian Classical Music production and performance can be gleaned in any given year. This book is distinct insofar as it can be read conventionally (from cover to cover): or one may choose a composer/performer and follow his/her career year by year; or one may open the book at random and delight in the unusual and esoteric information therein. This book, and its companion volumes are valuable and indispensable works for the serious music student, professional musician, performing amateur, cultural aficionado and inquisitive lay person and should be in the library of every reputable music conservatorium worldwide.

Am I Really a Christian? (Foreword by Kirk Cameron) - Mike McKinley 2011-06-07

Jesus divided the world into two groups—those who follow him and those who don't. But what happens when someone thinks he or she is a Christian, but isn't? With his witty, engaging style, Mike McKinley takes readers on a journey of what it means to be a Christian. He asserts that "manipulative evangelism techniques and a poor understanding of the gospel have resulted in an abundance of professing Christians who have no idea what it means to follow Christ." Each chapter title begins with "You're not a Christian [if/when/just because you]..." As he surveys what it means to be Christian, McKinley offers criteria for evaluating one's standing before God. Readers are guided through a series of challenges to reflect, repent, remember, and report to another person. *Am I Really a Christian?* ends with chapters on salvation and the local church. This unique book is written for nominal or new Christians and can be used in personal or small-group study.

Would she be able to find the strength she needed?

The Rhetoric of Vision - Charles Adolph Huttar 1996

About half the essays consider Williams's fiction. They explore the theological roots of his theory of imagery; the rhetorical implications of his belief that language is inherently meaningful; his methods of creating "subjective correlatives" for heightened states of consciousness; and, in individual works of fiction, his revisionary use of time-travel and ghost-story conventions, his rhetorical application of Blakean "contraries," aspects of his diction and syntax, and his call to pursue integrity of speech as an ideal.

Leilani Alexander's plan had always been to return to New Hope Falls once she'd finally finished college to help her mom with her florist shop. Unfortunately, tragedy dictated a different path. So Lani is back in New Hope without her degree, trying to keep a struggling business afloat and doing everything she can to figure out how to keep her late mother's dream alive. Even if that means turning to the competition—the business her father blames for the downfall of their own. Now if only they don't find out who she really is. He thought things were going great...until they weren't. All Michael Reed ever wanted was a life where he and his sister would be safe. Together, they'd worked to build a business that provided them with the stability he craved and the safety they needed. But when his sister drops a bomb on him, it all begins to fall apart. Michael doesn't know how to hold everything together on his own because there are parts of the business he absolutely can't take care of himself. The addition of a new employee in the store offers a glimmer of hope, but Michael is slow to trust anyone with his secrets, especially since the one person he's always trusted suddenly wants to abandon him. Keeping secrets never turns out well. When she'd applied for a job at the Reeds' florist shop, all Lani hoped for was a paycheck and a way to make back some of the money they'd taken when they'd stolen business away from her mom. She didn't figure on becoming embroiled in the siblings' drama, but she soon finds herself smack dab in the middle of it. She wants to help...if only it didn't feel like a betrayal on so many levels. When feelings get involved, however, Lani knows it's time to come clean. If only it wasn't too late. Trust is a fragile thing that takes a beating when secrets are revealed. Is love enough to shore it up? Or will this just be one more thing that goes wrong in both their lives? *When I'm With You* is book 5 of the Christian romance series, New Hope Falls. Approaches to Teaching the Romance of the Rose - Daisy Delogu 2023-03-21

One of the most influential texts of its time, the *Romance of the Rose* offers readers a window into the world view of the late Middle Ages in

Europe, including notions of moral philosophy and courtly love. Yet the Rose also explores topics that remain relevant to readers today, such as gender, desire, and the power of speech. Students, however, can find the work challenging because of its dual authorship by Guillaume de Lorris and Jean de Meun, its structure as an allegorical dream vision, and its encyclopedic length and scope. The essays in this volume offer strategies for teaching the poem with confidence and enjoyment. Part 1, "Materials," suggests helpful background resources. Part 2, "Approaches," presents contexts, critical approaches, and strategies for teaching the work and its classical and medieval sources, illustrations, and adaptations as well as the intellectual debates that surrounded it.
