Love More, Be Awesome - Eve Rickert 2017-10-27

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Inner Bonding - Margaret Paul 2012-10-16

Inner bonding is the process of connecting our adult thoughts with our instinctual, gut feelings—the feelings of the "inner child"—so that we can minimize painful conflict within ourselves. Free of inner conflict, we feel peaceful, open to joy, and open to giving and receiving love. Margaret Paul, coauthor of

Healing Your Aloneness, explores how abandonment of the inner child leads to increasingly negative and destructive feelings of low self-worth, codependence, addiction, shame, powerlessness, and withdrawal from relationships. Her breakthrough inner bonding process teaches us to heal past wounds through reparenting and clearly demonstrates how we can learn to parent in the present. Real-life examples illustrate the dynamics of the healing process and show the benefits we can expect in every facet of our lives and in all our relationships. Inner Bonding provides the tools we need to forge and maintain the inner unity that makes our family, sexual, work, and social relationships productive, honest, and joyful.

The Fantasy Bond - Robert W. Firestone 1987-12

Love Me, Don't Leave Me - Michelle Skeen 2014-09-01

Everyone thrives on love, comfort, and the safety of family, friends, and community. But if you are denied these basic comforts early in life, whether through a lack of physical affection or emotional bonding, you may develop intense fears of abandonment that can last well into adulthood—fears so powerful that they can actually cause you to push people away. If you suffer from fears of abandonment, you may have underlying feelings of anger, shame, fear, anxiety, depression, and grief. These emotions are intense and painful, and when they surface they can lead to a number of negative behaviors, such as jealousy, clinging, and emotional blackmail. In *Love Me, Don't Leave Me*, therapist Michelle Skeen combines acceptance and commitment therapy (ACT), schema therapy, and dialectical behavioral therapy (DBT) to help you identify the root of your fears. In this book you'll learn how schema coping behaviors—deeply entrenched and automatic behaviors rooted in childhood experiences and fears—can take over and cause you to inadvertently sabotage your relationships. By recognizing these coping behaviors and understanding their cause, you will not only gain powerful insights into your own mind, but also into the minds of those around you. If you are ready to break the self-fulfilling cycle of mistrust, clinginess, and heartbreak and start building lasting, trusting relationships, this book will be your guide.

Principia Amoris - John Mordechai Gottman 2014-10-10

Stereotypically, science and emotion are diametric opposites: one is cold and unfeeling, the other soft and nebulous; one is based on proven facts while the other is based on inexplicable feelings and "never the twain shall meet," until now. John Gottman delves into the unquantifiable realm of love, armed with science and logic, and emerges with the knowledge that relationships can be not only understood, but also predicted as well. Based on research done at his Love Lab and other laboratories, Gottman has discovered that the future of love relationships can be predicted with a startling 91% success rate. These predictions can help couples to prevent disasters in their relationships, recognize the signs of a promising relationship, and perhaps more importantly, recognize the signs of a doomed one. *Principia Amoris* also introduces *Love Equations*, a mathematical modeling of relationships that helps understand predictions. *Love Equations* are powerful tools that can prevent relationship distress and heal ailing relationships. Readers learn about the various research and studies that were done to discover the science behind love, and are treated to a history of the people, ideas, and events that shaped our current understanding. They also learn about: • The "Four Horsemen of the Apocalypse" • 45 natural principles of love • 5 couple types • 5 recipes for good relationships • And much more! Just as science helped us to understand the physical world, it is helping us to understand the emotional world as well. Using the insights in this book, mental health professionals can meaningfully help their distressed clients, as well as better understand why a relationship is failing or succeeding. Appropriate for the curious non-mental health professional as well, *Principia Amoris* is a must-have on any bookshelf!

Yet God's desire is for his children to learn the truth of his nature—that he is love. Why are people afraid of love? addresses this fear of loving and being loved, especially in this generation in which there is a worldwide epidemic of failed relationships. Author Rev. Tony K. Thomas invites you to look inside your soul and make some necessary personal adjustments when it comes to relationship building, by simply asking the question, "Am I afraid of love?" The answer can be revealing, as God's Spirit reveals to your heart and soul his love and your ability to love. God wants to remove our fear of loving, and he will help you during this season of singleness. If you have had failed relationships or encounters, or if you are married now but didn't get off to the smooth start you were expecting after the "I do," Why are people afraid of love? can remind you of the

origin and power of love that comes from above. As 1 John 4:18 says, perfect love will show fear the door.
