2004-12

In this exciting sequel to Coon Creek, Elias Bunt and his family are once again uprooted from their home...this time by the ravages of the Great Depression. The Bunts leave California after Elias decides to take his wife and family back to Dallas City, the small town in Illinois where they were born. But his youngest son is restless. Pushed by the boredom of the farm, and the grinding reality of hard times, young Rafe Bunt bids his family farewell and leaves Hancock County to make his own way through the grim and uncertain landscape of America in the 1930s.

*Snake and Other Poems - D.H. Lawrence*

2016-05-18

This exceptional collection contains a rich cross-section of Lawrence's work, including the title poem, "A Collier's Wife," "Monologue of a Mother," "Fireflies in the Corn," and several others.

**Snake Bite - Andrew Lane 2012-09-27**

Snake Bite is the fifth in the Young Sherlock Holmes series in which the iconic detective is reimagined as a brilliant, troubled and engaging teenager - creating unputdownable detective adventures that remain true to the spirit of the original books. Kidnapped and taken to China, Sherlock finds himself plunged into adventure. How can three men be bitten by the same poisonous snake in different parts of Shanghai? Who wants them dead, and why? The answer

seems to lie in a message hidden in a diagram that looks like a spider's web. But solving it leads to an even more urgent question: what has all this got to do with a plot to blow up an American warship? Sherlock is about to brave terrors greater than any he has faced before . . . Sherlock Holmes. Think you know him? Think again. Continue the investigative adventures with Andrew Lane's Knife Edge and Stone Cold. Poison Eaters - Richard Swiderski 2010-07 Testing the boundaries between food, poison and medicine is a public show made into a continuing drama of risk and survival. This book is the first to explore the tradition of deliberate poison eating, its practitioners, and the substances that might nourish or kill them. Readers interested in the human history of drugs and medicine, in feats of endurance usually survived and in the play of controlling and regulatory authorities that always accompanies drug and poison use will find Poison Eaters especially appealing.

**Stop! There's a Snake in Your Suitcase! -**

Adam Frost 2012-09-07

The Nightingale family live on a barge on the canal near London Zoo, and Mum is a vet. When Tom and Sophie find a bag of snakes dumped at the gates of the zoo, a great and exciting adventure begins. Soon they are finding out about the trade in illegal animals and learning how to care for these wonderful creatures. The snakes are carefully housed in the zoo and, just as they are about to be introduced to the many

visitors to the reptile house, a desperate race begins to collect some precious antivenin. The first book in a new series of pacy adventure stories with two courageous children and lots and lots of fascinating animal facts.

*Bitten* - Pamela Nagami, M.D. 2005-09-01

We've all been bitten. And we all have stories. The bite attacks featured in this dramatic book take place in big cities, small towns, and remote villages around the world and throughout history. Some are as familiar and contemporary as encounters with mosquitoes in New York City and snakes in southern California's Hollywood Hills or as exotic and foreign as the tsetse in equatorial Africa, the camel in Riyadh, and the Komodo dragon in Indonesia. While others, such as people biting other people---well, these are in a category of their own. Among the startling stories and fascinating facts in *Bitten*. o A six-year-old girl descends into weeks of extreme lassitude until a surgeon plucks an engorged tick from her scalp. o A diabetic living in the West Indies awakes one morning to a rat eating his left great and second toes. o A twenty-eight-year-old man loses a third of his nose to a bite by his wife. o In San Francisco, after a penile bite, a man develops "flesh-eating strep," which spreads to his lower abdomen. o Severe bites by rabid animals to the face and digits, because of their rich nerve supply, are the most likely to lead to rabies and have the shortest incubation periods. o Following the bite of a seal or contact with its tissues, sealers develop such agonizing pain and swelling in their bites that, far from medical care, they sometimes amputate their own fingers. o Perhaps the most devastating human bite wound injuries are those involving the nose; doctors in Boroko near Papua, New Guinea, reported a series of ninety-five human bites treated in the Division of Surgery from 1986 to 1992---twelve were to the nose, nine in women, and three in men, and in most of the cases, the biter was an angry spouse. With reports from medical journals, case histories, colleagues, and from her own twenty-eight-year career as a practicing physician and infectious diseases specialist, Pamela Nagami's *Bitten* offers readers intrigued by human infection and disease and mesmerized by creatures in p0the wild a compulsively readable narrative that is entertaining, sometimes disgusting, and always

enjoyable.

*Doing Her Bit* - Erin Hagar 2016-09-13

Based on true events from World War I, this fictional story follows "farmerette" Helen Stevens as she trains to farm the land, convinces a farm owner to hire her and her colleagues, negotiates a fair wage, and does her bit for the war effort. Beginning as a movement to put women to work on farms in place of men serving overseas during WWI, the Woman's Land Army grew to be an integral part of the food supply chain during the war. This unique look at a forgotten history celebrates the true grit of American men and women.

*Snakes in Myth, Magic, and History* - Diane Morgan 2008-09-30

The snake is one of humankind's most powerful and ambiguous symbols: it has at various times represented immortality and death, male and female, deity and demon, circle and line, killer and healer, the highest wisdom and the deepest subconscious. By virtue of its mysterious movement, potent poison, fearful grip, unblinking gaze and lightning quick strike, the power and image of the snake has wound its way into every culture. Whether snakes are worshipped as gods, feared as devils, or handled in religious ceremonies to test faith, snakes have played a critical role in the human heritage. This book explores the cult of the snake in world history, religion, and folklore. Fascination with snakes has been around since the dawn of time. Even today, images of snakes attract attention, fear, disgust, or admiration. Morgan examines that obsession with this mysterious creature, covering in vivid details such topics as mythical snakes like the Plumed Serpent, serpent iconography, tall tales, as well as the psychological symbolism that has attached itself to snakes. Cultures as diverse as pre-Columbian America, India, Egypt, China, sub-Saharan Africa, Celtic Europe, and the United States have all accorded the serpent a special place in their culture---apparently regardless of whether or not real snakes play an important part in the life of the people. Here, the mysterious nature of the snake unfolds, enchanting readers with a colorful and lively discussion of its place in our history, stories, religions, and cultures.

*The Standup Trainer* - Ellen C. Dowling 2000-12-26

Like stage actors and standup comics, trainers perform before a live audience. This book shares theatrical secrets that can enliven learning and enhance presentation skills: how to move and gesture dramatically, how to deal with difficult audience members, and how to create and deliver humorous training material. If you've ever thought to yourself, "But the material I teach is so dry, there is no way I can make it interesting," then this book is definitely for you.

*Snake Ropes* - Jess Richards 2012-05-10

SHORTLISTED FOR THE 2012 COSTA FIRST NOVEL AWARD ON AN ISLAND OFF THE EDGE OF THE MAP, *BOYS ARE DISAPPEARING*. The day the tall men come from the mainland to trade, Mary's little brother goes missing. She needs to find him. She needs to know a secret that no-one else can tell her. Jess Richards' stunning debut will show you crows who become statues and sisters who get tangled in each other's hair, keys that talk and ghosts who demand to be buried. She combines a page-turning narrative and a startlingly original voice with the creation and subversion of myths.

**Snakebite & Spiderbite** - Julian White 2006

**Dreamsnake** - Vonda N. McIntyre 2016-02-04

A haunting story of an extraordinary woman on a dangerous quest in a far-future post-apocalyptic world. Snake travels the land with her serpents, the rattlesnake Sand, the cobra Mist and the rare alien dreamsnake called Grass, whose bite can ease the fear and pain of death. But the blasted landscape of a far-future post-holocaust Earth is a dangerous place, even for such a highly regarded elite healer . . . especially when an unexpected death sends her on a desperate quest to reclaim her healing powers.

*Dreamsnake*, winner of the Hugo, Nebula and Locus Awards, is back in print at last.

**The Iron Snakes** - Jenny Maxwell 2015-08-20

Ann Mayall, blacksmith of Anford, and her sister Glory have survived and prospered since the evil sect which nearly cost them their lives have been removed from the adjoining land. The forge is beginning to thrive and Ann's reputation is bringing her an enjoyable diversity of orders. She has formed a deep emotional attachment with Arno and views the future with contentment. Then her lover leaves her and in rudderless despair she agrees to a passionless

marriage, and a disastrous partnership which she only belatedly realises puts her at risk of losing the forge. Faced with bankruptcy, still shell-shocked by Arno's departure, she begins to fight for her survival against odds which seem insurmountable...

*Guidelines for the Management of Snakebites Second Edition* - WHO Regional Office for South-East Asia 2016-08-17

Snakebites are well-known medical emergencies in many parts of the world especially in rural areas. Agricultural workers and children are most affected. The incidence of snakebite mortality is particularly high in South-East Asia. Rational use of snake anti-venom can substantially reduce mortality and morbidity due to snake bites. These guidelines are a revised and updated version of those published in 2011. The geographical coverage extends from India in the west to DPR Korea and Indonesia in the east Nepal and Bhutan in the north and to Sri Lanka and Indonesia in the south and south-east. Snakes inhabiting the Indonesian islands east of Wallace's line (West Papua and Maluku Islands) are part of the Australasian elapid fauna differing from those west of this line. This publication aims to pass on a digest of available knowledge about all clinical aspects of snakebite to medically trained personnel including medical doctors nurses dispensers and community health workers. They aim to provide sufficient practical information to allow medically trained personnel to assess and treat patients with snake-bites at different levels of the health service.

*Snake in the Grass* - Anthony Gilbert 2014-03-14

He tried to help a woman in need - but she's the prime suspect in her husband's murder... Classic crime from one of the greats of the Detection Club Con Gardiner had no family; his work and his one-room flat filled most of his solitary existence, until one evening a strange girl in the street asked him to lend her a pound. Con was attracted to Caro Graves, and puzzled too; he couldn't see what would become of this girl who had just left her husband after a bitter quarrel, and who had nowhere to go. But he was soon to have more to worry about: Caro's husband was dead . . . and Caro was the main suspect.

'Anthony Gilbert's novels show the unsensational type of detective story at its best'

**The Dabare Snake Launcher** - Joelle Presby  
2022-11-01

A RACE TO BUILD THE FIRST SPACE ELEVATOR IN AFRICA New money, old tribes, and international megacorps race to build the first space elevator. With a little Dabare magic, it just might work! The Sadous, an oil-rich West African family, are handed a plum contract as repayment for a decades-old favor that could make the next generation even richer if the family doesn't tear itself apart first. Two engineer daughters of the Sadou family, Pascaline and Maurie, upon whom the burden of success rests, have troubles of their own. One wants nothing more than to leave and make her own name as an engineering prodigy, while the other is troubled by fever dreams and snakes. Ethan Schmidt-Li is an ambitious megacorp executive with eyes on a big promotion—only to get more than he bargained for when put in charge of the company's make-or-break project. These are some of the people that Tchami "Chummy" Fabrice has brought together to an ambitious end—constructing the world's first space elevator in Africa and ensuring the space industry that it catapults will enrich the continent and all involved. They have the carbon nanofiber, prime land around Kilimanjaro, and a captured rock in orbit for the tether. The hard part will be getting all these different people working together long enough to see it built. At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for *The Dabare Snake Launcher* "Joelle Presby's novel is a fascinating fictional look behind the scenes of the construction of the world's first space elevator in a near-future version of Africa that has enough grounded elements to be thoroughly believable . . . The story maintains a keen eye on the largely larger-than-life characters and respect for the business processes, customs, and beliefs of the people on the ground making things happen." —Wole Talabi, Locus Award-nominated author and editor of *Africanfuturism: An Anthology* "You guys should all be on the lookout for Joelle Presby's solo Baen novel *THE DABARE SNAKE LAUNCHER*. It is... remarkable. Just truly, truly remarkable." —David Weber, NYT Bestselling author of the Honorverse series "The Dabare

*Snake Launcher* is a very believable depiction of when this species decides to do something amazing: backstabbing, plotting, and inflamed passions galore. Presby has created a future that I could easily imagine reading on the news in a few decades, and the novel is all the better for it." —Warped Factor "The Dabare Snake Launcher takes you on a journey of possibilities, an Africa foremost in groundbreaking technology and not focused on deprivation and poverty. Joelle's writing is nuanced . . . There's family drama . . . romance . . . and laugh-out-loud humour. Writing is vivid and the characters fascinating." —Hannah Onoguwe, author and poet "Set in Cameroon, where the author lived for many years, and full of lovely detail about the local cultures, clashes between traditional and modern, and differing expectations." —Jane Lindskold, author of the *Star Kingdom* series and *Over Where* series.

**Walsh 2in1 (Extraordinary Faith/I'm Not Wonder Woman)** - Sheila Walsh 2009-02-19  
*Extraordinary Faith and I'm Not Wonder Woman* is authored by Sheila Walsh and bundled into a 2-in-1 collection.

*Victorious Living in Christ* - Riaan Engelbrecht  
2023-01-26

In this study, we will explore how to walk in the victorious life of Christ. 1 John 5:4 (NKJV) says "for whatever is born of God overcomes the world. And this is the victory that has overcome the world—our faith." In Christ, we can lead a victorious life and a life of overcoming fear, uncertainty, strife and hopelessness. For Christ is our hope of glory and in Him, we do not have to fear for the battle belongs to God! He is the Light, the Way and Life.

*Belinda Blake and the Snake in the Grass* - Heather Day Gilbert 2019-06-25

When exotic pet-sitter Belinda Blake moves into a carriage house in tony Greenwich, Connecticut, she's hoping to find some new clients. Instead she discovers a corpse in the garden—and a knack for solving murders . . . Pet-sitter Belinda Blake doesn't rattle easily, but move-in day has been eventful, to say the least. The python in her care tried to slither to freedom—just as she met Stone Carrington V, her landlords' disarmingly handsome son. With the constrictor back in its cage, she heads out to the garden, only to discover a designer shoe

Downloaded from

by guest

poking out of the boxwood hedge—attached to a woman’s dead body. The victim, Margo Fenton, was a Carrington family friend, and no one in their circle seems above suspicion. Between client trips to Manhattan and visits to her family in upstate New York, Belinda begins to put the pieces together. But though she’s falling for Stone’s numerous charms, Belinda wonders if she’s cozying up to a killer. And soon, daily contact with a deadly reptile might be the least dangerous part of her life . . . “A humorous series debut with exotic pets and a zany cast of characters. Gilbert’s cozy will make you smile.” —Amanda Flower, USA Today bestselling author of *Premeditated Peppermint* “Cozy fans will root for pet-sitter Belinda Blake as she unravels this cleverly-crafted mystery in a delightfully-deadly new series by Heather Day Gilbert.” —Elizabeth Spann Craig, author of the bestselling *Myrtle Clover Mysteries* “Smart and fresh, with a compelling mystery at its heart, *Belinda Blake and the Snake in the Grass* is an enchanting cozy that will hook you from page one. As will amateur sleuth Belinda Blake, a delightfully original heroine you’ll want to meet again and again.” —Karin Kaufman, author of the bestselling *Juniper Grove Cozy Mystery Series* “Snakes rank only slightly more favorably with

me than spiders, leeches, and ticks. So you can imagine my surprise when, by the end of this book, the snake was my second favorite character after Belinda herself. On top of being a great book for animal-lovers (trust me, you’ll love even the snake), this was a fun read with a smart sleuth. I can’t wait to see what Belinda does next, where both pets and perps are concerned.” —Emily James, award-winning and bestselling cozy mystery author  
[Python's Embrace](#) - Eve Langlais 2016-01-12  
 He loves to HUG and SQUEEZE. Don't mock Constantine's dog. Princess might weigh only six and a half pounds, but she's tough-so watch your ankles. Be warned, if she doesn't like you then neither will Constantine. Except he kinds of likes Aria, even though Princess would prefer to bury her in a hole. Could it be because Aria has secrets? Lots of them, and they all have to do with the danger stalking Bitten Point. People are missing, and some have turned up dead. Monsters are roaming and not just the swamp at night but the streets too. At the heart of the mystery is a bite-sized woman, a woman Constantine wants to hug tightly in his coils and...keep forever? A cold-blooded snake, Constantine can't help but crave the warmth that is Aria, but can he keep her out of mortal danger long enough to make her his mate?
