Why Peacocks? Sean Flynn 2022-05-17 Until Flynn's neighbor in North Carolina offered him one, he had never considered whether he wanted a peacock. His family became the owners of not one but three charming yet fickle birds: Carl, Ethel, and Mr. Pickle. Here he chronicles their first year as peacock owners, from struggling to build a pen to assisting the local bird doctor in surgery to triumphantly watching a peahen lay her first egg. He also examines the history of peacocks, from their appearance in the Garden of Eden. And Flynn travels across the globe to learn more about the birds firsthand. His book offers surprising lessons about love, grief, fatherhood, and family. -- adapted from jacket.

Sex, War, and "Sin" James H. Gailey 2012-07-12 An examination of the Hebrew Scriptures reveals the ethical situations in ancient Israel as a structural analysis, and exposes a covenantal triangle that features a dynamic of giving and receiving, taking and paying penalties, as a meme for human relationships. This can be applied to groups as well as individuals and is surprisingly applicable to life in the twenty-first century. Two senses of "Law"--natural scientific discoveries and the rules laid down by a divine creator--lead to frames for considering these covenantal relationships, and even the existence of "Sin." Are we bound to obey the rules laid down by God, or may we decide what is best for us?

The Meaning of Success Jo Bostock 2014-03-06 *The Meaning of Success: Insights from Women at Cambridge* makes a compelling case for a more inclusive definition of success. It argues that in order to recognise, reward and realise the talents of both women and men, a more meaningful definition of success is needed. Practical ways of achieving this are explored through interviews with female role models at the University of Cambridge. First-person stories bring alive the achievements and challenges women experience in their working lives, and the effect gender has on careers. The book stimulates a debate about how to bring about a more inclusive working environment.

An Exploration of Hatred in Pop Music Glenn Fosbraey 2022-07-05 'Love' may be the major theme of the majority of pop songs, but 'hate', including its subcategories malevolence, vengeance, self-loathing, and contempt, run it close. Looking at artists across the history of popular music, and songs ranging from 'Runaround Sue' to 'W.A.P.', this book explores the concept of hatred in lyrics, album art, music video, and the music industry itself, asking important questions about misogyny, politics, psychology, and family along the way.

British Fiction in the 1930s James Gindin 2016-07-27 British Fiction in the 1930s studies the literary climate of the British 1930s through a critical treatment of some of its influential and socially representative fiction. The works depict, in various ways, a culture under the stress of seemingly insoluble economic and intensifying international dilemmas, a culture that seems betrayed by the promise of its past and the paralysis of its present. The fiction considers transforming solutions, individual and sexual rebellions as well as the fears and attractions of social and political change.
