Sexuality, Marriage, and Family - Paulinus Ikechukwu Odozor 2001

This comprehensive volume brings together an impressive array of Christian writers to examine sexuality, marriage, and family from the perspective of scripture, ancient Christian writers, Christian history, the official teachings of the Catholic Church, and contemporary theological reflection. As useful as it is profound, *Sexuality, Marriage, and Family* offers an in-depth exploration of the moral and ethical considerations surrounding issues such as sexuality, divorce, remarriage, conception, and sexual equality. It is an invaluable resource for college-level courses on marriage, parish-based marriage preparation courses, and the general reader who wishes to explore the issues, debates, and development of the Catholic tradition on sex, marriage, and family.

Fagothey's Right & Reason - Austin Fagothey 1989

This book is designed for undergraduate courses in ethics.

Embodiment - James B. Nelson

Few would doubt that this is a time of transition

in our understanding of human sexuality. The confusion about sexual morals and mores is the more obvious evidence of this. But there is something else. For too long the bulk of Christian reflection about sexuality has asked an essentially one-directional question: what does Christian faith have to say about our lives as sexual beings?
