

Gender Differences Secrets To Excellent Relationship

Secret Selves - Oliver S. Buckton 1998
Focusing on the representation of same-sex desire in Victorian autobiographical writing, Oliver Buckton offers significant new readings of works by such influential 19th-century writers as Edward Carpenter, John Henry Newman, John Addington Symonds, and, in an epilogue, E.M. Forster, and reveals the "confessional" elements of their writings.

The Best Kept Secret - Roberta L. Coles

2009-03-16

The Best Kept Secret studies the often-overlooked group of single, African American custodial fathers. While the media focuses on the

increase of single mothers and the decline in marriage in the black community, Roberta Coles paints a nuanced picture of single black dads. Based on qualitative research, the author looks at the parenting experience of these fathers, who may have become single parents through nonmarital births, divorce, widowhood and adoption. The fathers, ranging in age from 20 to 76, discuss their motivations for taking custody of their children, what roles they enact as parents, what they hope for their children, how they socialize their children in a diverse society, how parenting daughters differs from sons, and what parenting has done for them personally.

Coles then recommends policy changes to improve the situations for children and single parents-particularly often-unseen fathers. Filled with dynamic interviews and intriguing case studies, *The Best Kept Secret* shows that single black custodial fathers do exist and looks at the ways raising children has shaped their lives.

[Real Relationships Workbook](#) - Les Parrott
2011-07-05

Digging below the surface to take you to a whole new level. Offering expert advice and practical tools for improving the most important aspect of human life, this workbook is integral to getting the most out of *Real Relationships*--Drs. Les and Leslie Parrott's updated and expanded edition of their classic and bestselling book, *Relationships*. Containing dozens of self-tests and assessments, this workbook will help you determine: your relational readiness, the health of the home you grew up in, your understanding of gender differences, and much more. Used in conjunction with the *Real Relationships* book, the *Real*

Relationships Workbook digs below the surface to the depths of human interactions, helping you make your bad relationships better and your good relationships great, taking your life to a whole new level. The *Real Relationships* book--which includes a FREE interactive online assessment and vital information on virtual friendships and online dating--and *Real Relationships Workbook* reveal the secrets for healthy, authentic, and meaningful connections. Your relationships will never be the same.

[Secrets of "Men are from Mars, Women are from Venus"](#) - PAUL CARNEGIE 2019-11-25

Reading through the book *Men Are From Mars, Women Are From Venus* which was written by American author and relationship counselor John Gray, after he had earned degrees in meditation and taken a correspondence course in psychology. The book was published on January 1, 1992. It provides a practical and proven way for men and women to improve their communication by acknowledging the

Downloaded from
legacy.opendemocracy.net on
2023-04-27 by guest

differences between their needs, desires, and behaviors. Absolutely, there is no other relationship guide on the market that will give you the same level of evidence-based insight sure to help you strengthen and nurture your relationships for years to come more than this book. In the book *Men Are From Mars, Women Are From Venus*, the author opines that most prevalent relationship challenges between men and women are as a result of fundamental psychological differences between the sexes, which the author demonstrates by means of its eponymous metaphor: that men and women are from separate planets, that is, men are from Mars while women are from Venus; and that each sex is wont to its own planet's society and customs, but not to those of the other. One example John Gray gave was that men's complaint that if they offer solutions to problems that women bring up in conversation, the women are not necessarily interested in solving those problems, but mainly want to discuss about

them. The book avers each sex can be understood in terms of their unique ways they respond to stress and stressful situations. In the book, the author wrote: "When a man can listen to a woman's feelings without getting angry and frustrated, he gives her a wonderful gift. He makes it safe for her to express herself. The more she is able to express herself, the more she feels heard and understood, and the more she is able to give a man the loving trust, acceptance, appreciation, admiration, approval, and encouragement that he needs." This explains that when a man genuinely listens to the emotions of a woman by not being upset, he is showing her she is safe with him and understood as well. And she reciprocates this gesture with love, trust and encouragement a man needs. Likewise, when he stated that, "Men are motivated when they feel needed while women are motivated when they feel cherished." This is just the basic fact of a successful relationship or marriage by the author. In the world of many

self-help books we are, there are very few titles that can be compared with the popularity of John Gray's *Men Are From Mars, Women Are From Venus*. Interestingly, when this title was first published in 1992, it not only helped educate countless men and women from around the globe, but it managed to nestle its way into popular culture and become an instant classic. In spite of the fun, metaphoric and catchy title, this book essentially tackles a very serious relationship issues in many male or female relationships we have today -which can be said to be a lack of effective communication. In lieu of focusing blame on one person or one gender, this book dives into some of the inherent differences between the way males and females communicate. As it is a well known fact that communication is one of the most central factors in finding the right balance, genuine love and loyalty in a long term relationship. Well, based on the concept that men and women are living on different "planets," this book helps to not

only identify these differences for the opposing gender, but to offer solutions on how both men and women can meet in the middle to have better, more productive communication strategies. The author deliberately lays big emphasis placed on love - since it is a relationship advice book. One of the biggest takeaways about love from the book actually has nothing to do with talking, it is all about showing. This is one of the biggest keys to keeping the love alive in long-term relationships. This is a very important lesson to note throughout the book, *Men Are From Mars, Women Are From Venus*, as communication isn't always about talking or telling someone something, it is often about showing them or using non-verbal communication in order to get your message across. According to *Men Are From Mars, Women Are From Venus*, men will give and give until they are pleased with what they have done. This can be with emotions, money, effort, work, or physical objects.

However, women will typically give with the hope that the man will return the gesture. This is where a lot of disconnect can happen. Now, let's take a vivid look at where communication falls short. Where communication falls short Both man and woman may feel as though they are doing everything they can to show their love and that they are giving love the way they want to receive it. But, the opposing party may not recognize this, and may actually think that their partner is not showing love at all. This is one tip that both men and women should keep in the back of their minds as they continue to take John Gray's relationship advice, as many communication disconnects or crumbles, it may actually stem from this one major issue. If both parties can understand that the other partner simply has a different interpretation of what it means to show and give love, they can move forward. To cap it all, everyone has a different love language. How To Improve Communication In A Relationship There are so many little things

that men and women can both do in order to improve their communication lines, yet one of the classic disconnects between these two genders often comes when women are not as direct with men while communicating. There is an old story about men and women communicating that perfectly depict how this lack of directness can cause misunderstandings. A man and a woman are driving down the street. The woman points at the ice cream store and says "look! The ice cream store is open." The man says "Yes, it is," and keeps driving. Later that evening, the woman is upset and asks "Why didn't you stop for ice cream when I asked?" The man is confused and says, "I never heard you ask to stop for ice cream." It may be either small or inconsequential example, but it is one that many people in male or female relationships can relate to. What went wrong? Both parties thought they said and heard different things in the same conversation. This is one of the reasons why communication tends to be more effective

when women are more direct. According to John Gray, if a woman wants to go do something with a man, she shouldn't just ask him what he wants to do. She should, instead, tell him what she wants to do, and then ask him to join. This is an instance of direct communication that doesn't blur the lines and allows both parties to communicate more clearly. How to make communication work The following scenario was suggested by: - The woman gives the man three options of what she wants to do on a date, a week in advance. - The man gets to decide, but doesn't tell the woman until the date happens. - This allows the woman to anticipate the date all week, while the man gets to feel as though he made a decision, while still receiving clear communication on what types of dates the woman wanted to go on. It may sound like a lot of work, but the key is to start with direct communication on the woman's part. It can open up new doorways to successful interaction that both parties may have never thought were

possible. In addition, emotions have great impact as regards how we communicate. They can entice us to say certain things, hold different things in, or even respond in ways we may have never thought we would. Emotions can also alter our body language and the way we give off signals to one another, even when we don't realize we are doing it. Yes, it can be safe to state that women's emotions go up and down and have really high-highs and really low-lows. In general, women's emotions tend to fluctuate more than men's do. Men tend to be a bit steadier with their emotions, which can be both positive and negative. While they may not have as deep of a dive into depression, they may also not experience as high of a high when they are happy. All this now depends on how each sex processes "alone time." As well, men are much more prone to want alone time when they feel scared or uncomfortable. Men need to be left alone where they feel safe. It scientifically helps them to build up their testosterone and think

more clearly. If given the time to retreat to his safe space, a man will come out of this “alone time” once he has handled the problem internally and finally. On the other hand, a woman may feel better by talking it out. She may not understand why her male partner wants to spend time alone processing the issue. Allowing women and men to process emotions in a way that is comfortable and natural to them is an essential component to keeping communications lines free and open. You Should Learn To Show Appreciation So much of Men Are From Mars, Women Are From Venus is about the differences between men and women, but there is one big similarity between men and women in relationships—showing understanding is key. Men and women are different. They are different physically, biologically, emotionally, almost in every way. Yet, the reason so many of these relationships can work out in the end is because these differences provide a balance. You just need to find that balance. Get to know your

partner more intimately If you sincerely take the time to really get to understand your partner, it can go a long way in helping them feel loved, valued, and appreciated. Men and women are different, and it is important to accept and understand this. You may be speaking different languages, but if you take the time to really talk to your partner and attempt to understand the place they are coming from it can speak volumes. For instance, take the time to do things like ask questions, put yourself in the other person’s shoes, or even read relationship advice books, like Men Are From Mars, Women Are From Venus, to show the other person that you want to understand them better because you appreciate who they are and that you want to communicate more clearly and effectively. Mind you, this can help restore energy in your romantic relationship so that you and your partner can continue to keep your relationship as healthy as possible.

Communication Yearbook 22 - Michael Roloff

*Downloaded from
legacy.opendemocracy.net on
2023-04-27 by guest*

2012-07-23

Communication Yearbook 22 contains in-depth literature reviews focused on an important topic in specialized areas as well as syntheses that describe scholarship in other domains. Each chapter addresses an aspect of one of the most pressing issues currently facing individuals: how to communicate with people from different backgrounds or cultures. The first two chapters examine the ways sex differences and cross-cultural differences affect communication behavior. The following three chapters focus on harmful speech, the effects of pornography on criminal sexual offenders and personalization of conflict. Further chapters focus on argumentation, organizational settings and government/media relations as well as styles of customer service, communication within families with aging parents and intercultural friendship.

The Secrets of Happily Married Men - Scott Haltzman 2010-06-03

A professor of psychiatry and human behavior

offers up a positive, humorous marriage guide for husbands that plays to their strengths. Dr. Scott Haltzman, Clinical Assistant Professor of Psychiatry and Human Behavior at Brown University, has devised a proven method for improving relationships, based on a man's special and unique skills, strengths, powers—as a responsible and motivated worker, manager, leader, problem-solver, partner, husband, and father. Men are different, Dr. Haltzman says. They don't approach relationships with the same skills and techniques that women do—and viva la difference. In *The Secrets of Happily Married Men*, Dr. Haltzman presents eight proven techniques that he developed from his research and through the confidential correspondence to his highly successful website, including:

- Make Your Marriage Your Job
- Know Your Wife
- Be Home Now
- Expect Conflict and Deal with It
- Learn to Listen
- Aim to Please
- Understand the Truth About Sex
- Celebrate Your Love

Written in a humorous and entertaining style, the book

*Downloaded from
legacy.opendemocracy.net on

provides specific analysis, guidelines, and techniques that are based on male biology, neuroscience, brain differences, and unique developmental stages from youth to seniority. In addition, *The Secrets of Happily Married Men* contains compelling true stories, anecdotes, and confessions written by and for men (and the women who love them). Praise for *The Secrets of Happily Married Men* “Lively and entertaining, this broad guidebook provides Haltzman's insights illuminated by anecdotes from his online discussion forum for married men.”

—Psychology Today “Haltzman . . . launches his eight strategies with remarkable vigor. More important, they are extraordinarily well fleshed out and convincingly supported with useful “to do” lists and a multitude of examples. They will no doubt prove helpful to many men struggling to build a happy marriage.” —Publishers Weekly
Understanding Marriage, Family, and Intimate Relationships - Jerry D. Lehman 2005

This introductory textbook is for students who

are interested in learning about and establishing healthy marriage, family, and intimate relationships. With divorce rates high and relationships fragile, books and courses are needed that help students address important issues regarding relationships. The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable, understandable, and easy to apply to one's life. It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful, healthy relationships. There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations. The text provides material on the research of John Gottman, the object relations theory of Harville Hendrix, the solution- focused approach of Michele Weiner-Davis, and the PREP approach

Downloaded from
legacy.opendemocracy.net on
2023-04-27 by guest

to conflict management of Markman, Stanley, and Blumberg. These and other topics discussed are very relevant to students' concerns and are addressed in greater depth than found in most other texts. The emphasis is not just on couple relationships but also on family relationships. Therefore, in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families. There is also material on how change produces transitions in family life that must be assimilated into the family structure—for example, when a couple has their first child. Thus, both couple and family issues are addressed throughout the book. For instructors who want to focus their courses on marriage, family, and intimate relationships, this book would be an ideal choice. A study guide for students and instructional material for instructors can be obtained by visiting www.understandingrelationships.net.

Uncertainty, Information Management, and

Disclosure Decisions - Tamara Afifi 2015-12-22

This volume integrates scholarly work on disclosure and uncertainty with the most up-to-date, cutting edge research, theories, and applications. Uncertainty is an ever-present part of human relationships, and the ways in which people reduce and/or manage uncertainty involves regulating their communication with others through revealing and concealing information. This collection is devoted to collating knowledge in these areas, advancing theory and presenting work that is socially meaningful. This work includes contributions from renowned scholars in interpersonal uncertainty and information regulation, focusing on processes that bridge boundaries within and across disciplines, while maintaining emphasis on interpersonal contexts. Disciplines represented here include interpersonal, family, and health communication, as well as relational and social psychology. Key features of the volume include: comprehensive coverage

*Downloaded from
legacy.opendemocracy.net on
2023-04-27 by guest*

integrating the latest research on disclosure, information seeking, and uncertainty a highly theoretical content, socially meaningful in nature (applied to real-world contexts) an interdisciplinary approach that crosses sub-fields within communication. This volume is a unique and timely resource for advanced study in interpersonal, health, or family communication. With its emphasis on theory, the book is an excellent resource for graduate courses addressing theory and/or theory construction, and it will also appeal to scholars interested in applied research.

Getting My Ex-Back - David a Osei 2019-11-14

One of the greatest pleasures in this world is having a significant other. Sometimes these relationships do not last. One or both people from the relationship may wish to try to fix things and try again. Before you decide to do this you should take the time to read this book. Here is the truth that you may not be ready to hear, but one you must find in yourself to

accept: getting your ex back probably won't be easy. Regardless of the cause of your breakup, how you act when trying to reconcile will affect your chances of getting back together. Two people make a relationship. But at the end of the day, the people around you will have an impact on how you and your partner get along. Don't expect it to be any different when the relationship is over. If you want to get your ex back, the numerous factors that you will have to consider will definitely include the people close to you and your ex. Another common misconception about relationship problems and reconciliations has to do with one's gender. Getting back with your ex won't be any easier just because you're a guy or a girl. If anything, being aware of the strengths of your own gender can actually increase your chances of reconciling - but that's for a later discussion. Now, you're probably feeling down and thinking, "Why have you been hearing about all the challenges of reconciliation so far?" Don't worry- there's a

method to this madness. It is simply to make it clear that getting back with your ex won't be a piece of cake. However, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal.

5 Secrets to Effective Communication - Sandy Chernoff 2014-02-01

Power Mentoring - Ellen A. Ensher 2005-09-01
Written to reflect the realities of today's business environment, Power Mentoring is a nuts-and-bolts guide for anyone who wants to create a connection with a protégé or mentor, or to improve a current mentoring relationship. Filled with illustrative examples and candid insights from fifty of America's most successful

mentors and protégés, Power Mentoring unlocks the secrets of great mentoring relationships and shows how anyone (including those who are well established in their careers, or those who are just starting out) can become a successful mentor or protégé. Based on compelling interviews from Ellen Ensher and Susan Murphy's own research, this important resource explains what it takes to develop a "power mentoring" network consisting of a variety of mentors across a range of organizations and industries. The authors provide strategies for establishing such power mentoring relationships, outline the best practices, and offer insights from mentors and protégés in a variety of fields including technology, politics, and the media.

Gender Differences, Secrets To Excellent Relationship - Harib Shaqsy 2015-01-17

In theory it was found that so many times that women and men are completely opposite beings. It is believed that there are absolutely different

*Downloaded from

things that drive both genders, and they are looking for completely different things. It is why women and men behave and act in fundamentally different ways. If you are looking for reasons why men and women sometimes can not understand each and why they clash and fight even for small things, then this is the book that you should read.

The Secret Language of Successful Couples - Bill Farrel 2014-02-01

Why is it so hard for married couples to get in sync with each other? How is it that your mate can be a source of joy and of frustration all on the same day? Marriages operate by a secret language—a collection of key words, actions, insights, and attitudes that determine how a couple's relationship works. If that language is uncovered, love grows and flourishes. If that language remains a mystery, love gets buried behind misunderstandings and irritations. Bill and Pam Farrel, authors of the bestselling *Men Are Like Waffles, Women Are Like Spaghetti*,

offer biblical and practical insight into this language that God has programmed into each married couple. Laced with the Farrels' trademark humor, *The Secret Language of Successful Couples* is packed with ideas to help couples connect at a richer, deeper level. As both partners grow in relationship with God and rely on the Spirit for insights into the heart of their mate, they can replace their old, selfish languages with a new one that leads to greater intimacy in every area of life. Rerelease of *The Marriage Code*.

Great Myths of Intimate Relationships - Matthew D. Johnson 2016-05-31

Great Myths of Intimate Relationships provides a captivating, pithy introduction to the subject that challenges and demystifies the many fabrications and stereotypes surrounding relationships, attraction, sex, love, internet dating, and heartbreak. The book thoroughly interrogates the current research on topics such as attraction, sex, love, internet dating, and

Downloaded from

heartbreak Takes an argument driven approach to the study of intimate relationships, encouraging critical engagement with the subject Part of The Great Myths series, it's written in a style that is compelling and succinct, making it ideal for general readers and undergraduates

Relationship Pathways - Brett Laursen 2012

"Research on adolescent relationships has rapidly expanded during the past decade. Keeping apace with research advances is a difficult challenge. Harder still is integrating the literature into a coherent whole. This volume is designed to guide the reader through the research on close relationships before, during, and after adolescence. We are fortunate that some of the world's foremost experts on adolescent relationships agreed to summarize what is known in their respective fields of expertise. The volume begins with a section on developmental pathways and processes. This section defines relationships processes and

describes individual and contextual factors that influence them. The next section is devoted to family relationships. Separate chapters are devoted to sibling relationships and parent-child relationships during the transition into adolescence and during the transition into young adulthood. The final two sections concern peer relationships"--

The Secret Language of Business - Kevin Hogan
2010-05-25

Zu den Themen Körpersprache und nonverbale Kommunikation gibt es hunderte von Büchern. Kevin Hogan überschreitet dabei die Idee der Körpersprache als reines Referenzmaterial und bringt sie durch *The Secret Language of Business* mit der Geschäftswelt in Einklang. Diese Buch ist auf das Lehren des A und O der Körpersprache ausgerichtet und wie diese nicht nur das private und geschäftliche Leben berührt, sondern letztendlich auch verändert. Die Einführungskapitel klärt über die Grundlagen von Körpersprache auf und die Kraft, die sie

besitzt, Einstellungen, Aktionen und Ergebnisse zu beeinflussen. Nachdem Sie diese technische Aspekte bewältigt haben, wird Hogan Ihnen beibringen, Ihre Körpersprache zu Ihrem Vorteil in allen Aspekten des Berufslebens (Meetings, Verkaufstagungen, Bewerbungsgespräche, Management, etc.) zu nutzen.

Introduction to Family Processes - Randal D. Day 2014-09-04

What goes on "behind closed doors" in families is examined in this text. Through his storytelling style, Randy Day introduces readers to the family processes approach - the strategies and behaviors families use to achieve goals. The emphasis is on how families work and interact rather than on the psychological, sociological, or economic processes. It examines emotions in families, communication, relationship formation/dissolution, family rituals, and power and conflict. Chapters open with a Preview and conclude with a Summary, Study Questions, Key Terms, and Suggested Readings. Principle Boxes

highlight key concepts and a Glossary defines the key terms listed at the ends of the chapters. Significantly updated with 50% new material including many new references and examples, the new edition features: A new chapter that introduces the discipline's methodology A new chapter on relationship formation including partner selection, falling in love, commitment, sexuality, passion, and intimacy A new design reformatted to tie in with the book's website at <http://www.psypress.com/family-processes> which now contains the Chapter Activity Questions that reinforce critical thinking skills, the Journal Activities that strengthen students' personal connection to the material, and the chapter Previews and Key Terms for review purposes An Instructor's Web Resource at <http://www.psypress.com/family-processes> with small group and in-class exercises, lecture outlines in PowerPoint, topics for debate, suggested films, and multiple-choice, true/false, matching, and essay questions More material on

the role of gender, power, genetics, and personality in relationships; families from diverse cultural and ethnic backgrounds and the impact of work and technology on the family; the changing nature of family structures including single parenting and gay unions; and stresses in family life. Written for undergraduate courses on family processes, family dynamics, family life, the family, and/or marriage & family interaction taught in family studies, human development, psychology, sociology, social work, education, consumer sciences, home economics, health, and nursing departments, this book also appeals to those who want to maximize the positive parts of family life and manage the inevitable challenges.

The Best-Kept Secret - Denise Benoit

2007-07-10

From lobbyists such as Jack Abramoff, to corporate executives, like Enron's Kenneth Lay and Jeffrey Skilling, recent scandals dealing with politics and government have focused only on men at the top. But do these high-profile men

accurately represent the gendered make up of corporate-government in the United States? In this first in-depth look at the changing face of corporate lobbying, Denise Benoit shows how women who have historically worked mostly in policy areas relating to "women's issues" such as welfare, family, and health have become increasingly influential as corporate lobbyists, specializing in what used to be considered "masculine" policy, such as taxes and defense. Benoit finds that this new crop of female lobbyists mobilize both masculinity and femininity in ways that create and maintain trusting, open, and strong relations with those in government, and at the same time help corporations to save and earn billions of dollars. While the media focuses on the dubious behaviors of men at the top of business and government, this book shows that female corporate lobbyists are indeed one of the best kept secrets in Washington.

The Secret History of Gender - Steve J. Stern

*Downloaded from
legacy.opendemocracy.net on
2023-04-27 by guest*

2000-11-09

In this study of gender relations in late colonial Mexico (ca. 1760-1821), Steve Stern analyzes the historical connections between gender, power, and politics in the lives of peasants, Indians, and other marginalized peoples. Through vignettes of everyday life, he challenges assumptions about gender relations and political culture in a patriarchal society. He also reflects on continuity and change between late colonial times and the present and suggests a paradigm for understanding similar struggles over gender rights in Old Regime societies in Europe and the Americas. Stern pursues three major arguments. First, he demonstrates that non-elite women and men developed contending models of legitimate gender authority and that these differences sparked bitter struggles over gender right and obligation. Second, he reveals connections, in language and social dynamics, between disputes over legitimate authority in domestic and familial matters and disputes in the arenas of

community and state power. The result is a fresh interpretation of the gendered dynamics of peasant politics, community, and riot. Third, Stern examines regional and ethnocultural variation and finds that his analysis transcends particular locales and ethnic subgroupings within Mexico. The historical arguments and conceptual sweep of Stern's book will inform not only students of Mexico and Latin America but also students of gender in the West and other world regions.

The Normal Bar - Chrisanna Northrup
2013-02-05

Based on data obtained from nearly 100,000 respondents, here is the ultimate resource for anyone who wants to learn the relationship-tested ways couples can achieve satisfaction and contentment in areas such as communication, sex, affection, and financial cooperation. What constitutes "normal" behavior among happy couples? What steps you should take if that "normal" is one you want to strive for? To help

Downloaded from
legacy.opendemocracy.net on
2023-04-27 by guest

answer those questions, wellness entrepreneur Chrisanna Northrup teamed with two of America's top sociologists, Yale Ph.D. Pepper Schwartz and Harvard Ph.D. James Witte, to design a unique interactive survey that would draw feedback from around the world. What has resulted is the clearest picture yet of how well couples are communicating, romancing each other, satisfying each other in the bedroom, sharing financial responsibilities, and staying faithful - or not. Since the Normal Bar survey methodology sorts for age and gender, racial and geographic differences and sexual preferences, the authors are able to reveal, for example, what happens to passion as we grow older, which gender wants what when it comes to sex, the factors that spur marital combat, how kids figure in, how being gay or bisexual turns out to be both different and the same, and

-regardless of background -- the tiny habits that drive partners absolutely batty. The book is dense with revelations, from the unexpected popularity of certain sexual positions, to the average number of times happy - and unhappy -- couples kiss, to the prevalence of lying, to the surprising loyalty most men and women feel for their partner (even when in a deteriorating relationship), to the vivid and idiosyncratic ways individuals of different ages, genders and nationalities describe their "ideal romantic evening." Much more than a peek behind the relationship curtain, The Normal Bar offers readers an array of prescriptive tools that will help them establish a "new normal." Mindful of what keeps couples stuck in ruts, the book's authors suggest practical and life-changing ways to break cycles of disappointment and frustration.
