Mindset Your Manners - Nicole Gravagna 2016-11-18

As a trained neuroscientist, the author explains the behavior and related emotions stemming from conflict in relation to neurobiology. The exercises provided throughout the book coupled with numerous personal stories (including her own) all help point out these patterns of our beliefs.

Through neuroscience, we can see why conflict and change are so hard. It's our wiring!

With this knowledge, you can overcome struggle and get on with your exceptional life.

Bloodsworn: Bound by Magic - Kathy Lane

2010-09-24

Worlds collide when a man of

magic is forced to take a woman of science as his bride. Powerful Bloodsworn, Devlin Kel-Tragar, is sent to Earth to claim his prophecy bride, a task he has no heart for until he learns that research chemist, Avera St. John, is also his Starmate, the one woman in the universe born just for him. Now he'll do anything to claim her. But will his slow seduction of his lady mate give his enemy time to take away the one thing Devlin can't afford to lose? Avera is drawn to her new neighbor, Devlin Kel, despite the mystery she senses surrounding him. A mystery that blows her safe little scientific world wide open when strange men with swords

try to kill her and Devlin shows up and blasts them with magic. Real, honest-to-goodness magic! Her world is suddenly changed forever, and Avera must decide if she is able to accept those changes along with the man responsible.

Mayathee 3 - The Eternal Divine Garden - PREETHI MOHAN 2023-09-16

Destiny takes Bhavaani and Shankar into the mystical worlds, co-existing on the Earth. Stuck in an unknown world, they discover more of their superpowers while saving the lives of the people there. They meet the deities, the Architect of the World, and the Divine Programmer, and learn all about the multiple worlds on Earth. They understand the gravity of the role they are playing in a divine mission. They are graced by the presence of the great multi-headed serpent deity, Lord Adishesha. They also get a preview of their next life where they play a lead role in taking the world to the next level, making way for a new way of life. They have one final task,

to complete the divine mission. But unexpected challenges come their way from humans and demons that can jeopardize the completion of the divine mission.

Care of the Newborn by Ten Teachers - Hilary Lumsden 2018-09-27

Caring for the well newborn is an essential element of everyday midwifery practice. Providing a comprehensive guide to the problems associated with newborn babies, Care of the Newborn by Ten Teachers is a key textbook for trainee midwives. Unhindered - Gil Fronsdal 2013-08

This book is an engaging collection of essays, reflections and practices on the Five Hindrances, the primary obstacles to mindfulness and serenity in the teachings of the Buddha. With his characteristic clarity, born from decades of meditation practice and teaching, Gil Fronsdal

demonstrates how to turn stumbling blocks into stepping stones on the path of freedom.

Place and Professional

Practice - Gavin J. Andrews
2021-01-04

This book presents the first single comprehensive analysis of the scope of geographical realities and relevance in health care work.

Conceptually, the book conveys how space, place and geographical ideas matter to clinical practice, from the historical beginnings of professional roles and responsibilities in medicine to the present day. In 8 chapters, the book covers healthcare work across a range of job types (including physician, nurse, and multiple technical and therapeutic roles in multiple specialties), and across a range of scales (focusing on global issues and trends, national and regional particularities, urban and rural issues, institutional environments and various community settings). This book is intended for students, teachers, and researchers in

geography, social science and various health sciences.

Chapter 1 examines how geographical ideas have been central to practitioners' thinking and practice over time. Chapter 2 reviews the scope of contemporary geographical study of health care work. Chapter 3 presents an empirical case study of the geographies in hospital-based ward work. Chapter 4 presents an empirical case study of the geographies in ambulance/rapid response work. Chapter 5 presents a case study of the geographies associated with a high profile case of criminality and neglect in practice. Chapter 6 considers concepts and the geographies in person-centred care. Chapter 7 considers concepts and the geographies in skills attainment.

“Over a decade after its publication, one book on dating has people firmly in its grip.”

—The New York Times We already rely on science to tell us what to eat, when to

exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love.

Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways:

- Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back
- Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness.
- Secure people feel comfortable with intimacy and are usually warm and loving.

Attached guides readers in determining what attachment

style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

Running on Empty - Jonice Webb 2012-10-01

A large segment of the population struggles with feelings of being detached from themselves and their loved ones. They feel flawed, and blame themselves. Running on Empty will help them realize that they're suffering not because of something that happened to them in childhood, but because of something that didn't happen. It's the white space in their family picture, the background rather than the foreground. This will be the first self-help book to bring this invisible force to light, educate people about it, and teach them how to overcome it.

eighteenth birthday. Confusion, rage, anger, and denial became my new world. I felt alone, as if I were free falling for years. But my words are a sanctuary. My desire is to bring awareness to other parents who have lost children. My message is to convey to bereaved parents that they are not alone on this journey and their feelings are not only acceptable, but also normal. I hope to provide a forum in which those who suffer as I have can compare their feelings along with mine, can share in the same emotions I have, as we try to learn the best way to continue moving along in a world that for us can never be the same.

Adult Children of Emotionally Immature Parents - Lindsay C. Gibson
2015-06-01

If you grew up with an emotionally immature, unavailable, or selfish parent, you may have lingering feelings of anger, loneliness, betrayal, or abandonment. You may recall your childhood as a time when your emotional needs were not met, when your feelings were dismissed, or when you took on adult levels of responsibility in an effort to compensate for your parent's behavior. These wounds can be healed, and you can move forward in your life. In this breakthrough book, clinical psychologist Lindsay Gibson exposes the destructive nature of parents who are emotionally

immature or unavailable. You will see how these parents create a sense of neglect, and discover ways to heal from the pain and confusion caused by your childhood. By freeing yourself from your parents' emotional immaturity, you can recover your true nature, control how you react to them, and avoid disappointment. Finally, you'll learn how to create positive, new relationships so you can build a better life. Discover the four types of difficult parents: The emotional parent instills feelings of instability and anxiety The driven parent stays busy trying to perfect everything and everyone The passive parent avoids dealing with anything upsetting The rejecting parent is withdrawn, dismissive, and derogatory

Raising Nuestros Ninos - Gloria G. Rodriguez 1999-05-26

Our Children is the first book published in English -- or Spanish -- to address the specific needs of Latino parents. A complete, hands-on guide for caregivers of children from birth through

preadolescence, it provides practical information and helpful advice on: -- History, Traditions, and Culture: Our Children helps Hispanic parents explore their rich history, and colorful traditions, and unique culture, and shows them how to use Latino culture and values to enrich their children's growth and development as well as enhance their pride and self-esteem.-- Cognitive Concerns and Social Customs and Skills: Our Children covers topics from using traditional Hispanic games and songs in teaching basic skills to preparing bilingual and monolingual children for school.-- Marriage, Family, and Community: Particularly for working parents who must negotiate new roles and responsibilities, here are words of wisdom on how to strengthen and maintain these foundations. Internet of Things, Infrastructures and Mobile Applications - Michael E. Auer 2020-09-10

This book gathers papers on interactive and collaborative mobile learning environments, assessment, evaluation and research methods in mobile learning, mobile learning models, theory and pedagogy, open and distance mobile learning, life-long and informal learning using mobile devices, wearables and the Internet of Things, game-based learning, dynamic learning experiences, mobile systems and services for opening up education, mobile healthcare and training, case studies on mobile learning, and 5G network infrastructure. Today, interactive mobile technologies have become the core of many—if not all—fields of society. Not only do the younger generation of students expect a mobile working and learning environment, but also the new ideas, technologies and solutions introduced on a nearly daily basis also boost this trend. Discussing and assessing key trends in the mobile field were the primary aims of the 13th International Conference on Interactive

Mobile Communication Technologies and Learning (IMCL2019), which was held in Thessaloniki, Greece, from 31 October to 01 November 2019. Since being founded in 2006, the conference has been devoted to new approaches in interactive mobile technologies, with a focus on learning. The IMCL conferences have since become a central forum of the exchange of new research results and relevant trends, as well as best practices. The book's intended readership includes policymakers, academics, educators, researchers in pedagogy and learning theory, schoolteachers, further education lecturers, practitioners in the learning industry, etc.

Premonition - Wendy Whitman
2021-07-13

Cary Mackin is a TV journalist who has covered crime for nearly twenty years. After losing her job she moves to a small town in

Connecticut—only to get caught up in the web of a deranged serial killer. Cary has a dark secret that drives everything she does: a deep-seated, lifelong fear that one day she will be murdered. As the madman Cary stumbled upon continues to terrorize the beautiful countryside where she now resides, will her premonition come true?

“Premonition...a psycho-thriller roller coaster ride that probes the dark corners of one woman’s seemingly overwhelming paranoia...or is it? From a crime and justice expert, Premonition nails every detail of the criminal mind, the hunter and the hunted.

Premonition is full of twists and surprises...I love it! Bravo!”

—Nancy Grace, Founder,

CrimeOnline.com, Host of CrimeStories on Fox Nation, Sirius XM, and NYT Bestselling Author “My friend and colleague at Court TV, Wendy Whitman, has created a compelling psychological thriller filled with shocking twists that captivate the reader to the very end—and wanting more. Whitman takes daring literary risks with a complex character, Cary Mackin, and her haunting premonition that she will one day be murdered. Driven by her foreboding fear, Mackin deploys extraordinary investigative and forensic skills to track down the man she sees as the killer...before he strikes again—at her! Whitman weaves plot, personality, and prose in a high-octane suspense that will give you paper cuts as you quickly turn the pages.

Premonition offers a gripping storyline...and a chilling chase to an ending that you never expected.” —Gregg Jarrett, Network Legal Analyst and Bestselling Author “Whitman’s debut novel is sure to be a great read for true crime fans.

write a book about the reality of evil in this crazy world we live in, it's Whitman. Her book is unique because although fiction, it so mirrors reality that each page hits home more and more. Having been in the criminal law arena for fifty-five years and having dealt with two notorious serial killer cases, Whitman's novel captures all aspects of the utter insanity of the criminal mind. In this world of Covid, we all need some respite and a great book is just what the doctor ordered." —Gerald P. Boyle, Attorney, Represented Serial Killer Jeffrey Dahmer "Chilling and original, Premonition is a brilliant debut thriller from Wendy Whitman, an insider whose deep knowledge of crime and the law has created a platform for suspenseful storytelling. Taut and fast-paced, Whitman's tale, and her unique central character, combine to create a riveting plot that drives the story to its stunning conclusion." —Jack Ford, Emmy and Peabody Award-Winning Journalist and

Bestselling Author of Chariot on the Mountain "All of those cases on Court TV certainly permeated the mind of producer Wendy Whitman. Her book is a truly breathless thriller through every twist and turn. A stellar debut novel with a terrific female heroine!" —Rikki Klieman, Attorney and CBS News Legal Analyst "A unique psychological thriller that weaves true crime into a plot that keeps the reader captivated from the very first page. A bold, heartfelt debut novel from an author who has created one of the most complex and provocative heroines in recent memory. A perfect read sure to keep you up at night." —Rita Cosby, Emmy-Winning TV Host and Bestselling Author of Quiet Hero "The decades of Wendy Whitman's focus and dedication to the crime and justice genre shine through each page, as she spins the yarn in this gripping crime tale. Speaking from experience that has imbued her with personal knowledge of the inner workings of hundreds of

criminal minds, she is an authoritative voice in telling crime stories...because she has lived through reporting some of the most disturbing ones in American history. Brava, Wendy!" —Ashleigh Banfield, Court TV Special Contributor and Host of Judgment with Ashleigh Banfield "Wendy Whitman's debut novel is more than a crime story. Readers will identify with some of her protagonist's obsessions including food choices ('borderline vegan') and her love for animals. Peppered throughout the book are safety tips drawn from actual cases Whitman learned from years covering criminal trials at Court TV where she rose from a producer to a programming executive. There's something for everyone in Premonition." —Beth Karas, Former Prosecutor and Host of Oxygen's Snapped: Notorious "Gripping, suspenseful, and thoughtful, Premonition gives a behind the scenes look at the dangers that surround us as we go about our daily lives. If you're looking for a crime

thriller to get lost in, this is it."

—Dr. Robi Ludwig, Psychotherapist, TV Personality, and Author Families Under Construction - Susan Frelich Appleton 2021-01-31

This book is designed for law school seminars and courses, including first-year electives, as well as advanced undergraduate courses in legal studies or other departments. Families Under Construction: Parentage, Adoption, and Assisted Reproduction, Second Edition, provides an in-depth exploration of the fascinating and controversial issues emerging out of biotechnology and society's changing understanding of family identity. The authors combine solid treatment of the law and carefully crafted additional content to provoke inquiry and fuel class discussion, using a multidisciplinary presentation of legal authorities, policy perspectives, critical analysis, and cultural contexts. Coverage includes the impact of marriage equality, increasing departures from

traditional family arrangements, and modern approaches to adoption, as well as infertility treatments, collaborative reproductive arrangements, and reproductive tourism. New to the Second Edition: A new Part I on parentage, parental responsibilities, and parental authority, tracing the evolution from traditional doctrine to contemporary approaches and emphasizing the policy of keeping dependency private. The addition of principal cases on wrongful adoption, challenges to sealed adoption records, and intercountry adoption. Restructured chapters on assisted reproduction reflecting consequential changes in the legal landscape. Professors and students will benefit from: Thorough coverage of significant cases, statutes, and regulations, including law reform efforts and recognition of law's silence on some topics. Opportunities for comparative analysis of law and policy, from "then" to "now" and among various states and nations, with

examination of jurisdiction, choice of law, and enforcement. An approach that questions core concepts, such as parentage, by highlighting the role of the state in the construction of family and the influence of assumptions about gender, race, sexualities, marriage, class, and dependency. Inclusive materials, such as narratives as well as summaries of popular books and films, which explore the interaction of law and life. Consideration of professional responsibility, including the often challenging role of lawyers in adoptions and reproductive collaborations. A mix of classic and leading-edge cases. Notes and Questions that provide background and illuminate salient themes. Thought-provoking Problems that prompt consideration of new issues. Inserts presenting "Depictions in Popular Culture" of the situations at the center of the cases.

After Sundown - Anna J.

McIntyre 2018-03-25

Women don't come to After Sundown for the beer - they

come to get laid. When wealthy Cole Taylor walks into the bar that night, it's for a drink. He gave up one-night stands in his wild youth, but that changes when he sees her. She is too tempting to pass up, and by the looks from the other men at the bar, he needs to move quick to claim the prize. Kit Landon - a struggling young widow, raising her daughter alone - has her own reasons for being at After Sundown. And it has nothing to do with illicit sex. But things can escalate a little too fast after nervously downing several beers on an empty stomach. The conservative young widow finds herself in an extremely compromising situation and barely manages to escape, leaving behind a furious Cole Taylor. Kit never wants to see the man again, but she is in for a big surprise.

Multicultural/Multiracial Psychology - Manuel Ramirez, III 1998-01-01

This book presents a cognitive styles framework that explores the relationship between traditionalism/modernism and cognitive styles and offers a method for multiculturalism assessment and psychotherapy that promotes the development of pluralistic perspectives and lifestyles.

The Founder's Dilemmas - Noam Wasserman 2013-04

The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.
