Once she arrives in India, Mehar meets Sufiya, her grandmother's assistant. Though they come from totally different worlds, their friendship slowly starts to blossom into something more . . . Mehar thinks. Meanwhile, Mehar's dislike for Naz and her social media influencer daughter, Aleena, deepens. She can tell the two of them are just using her father for his money. Mehar's starting to think that putting a stop to this wedding might be the best thing for everyone involved. International (CMFI) that took place from 12 October - 20

November 2020, piloted from

our ministry's international headquarters in Koume,

Cameroon. A large crowd gathered each night in Koume.

The live sound and images

from Koume reached over 1

212 unique individuals every

night (on average) in 176

nations across the six

continents, provoking over 5

453 immediate positive

reactions to the messages from

the platforms where we have

audience interaction. God was

fully at work! In this compilation, we have laboured to retribute in its wholesomeness the messages during the slot led by brother Theodore Andoseh on The Making of Disciples: The Master's Way. For completeness, we have included the information newsletter of the event and a synopsis of the history of mass prayer and fasting crusades in our Ministry in the preamble. The crusade was spiced with numerous life-changing exhortations. The prophetic messages and addresses to the graduating students from the School of Knowing and Serving God (SKSG) are presented at the end. The Lord bless you are you relive these life-changing moments!!

**The Guyde** - Howie Reith  
2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines;

instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success

is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive

to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

*How to Fail at Finding Relationships* - Rafael W Patterson 2020-12-31

Life is complicated, but you can be happy and avoid misery if you make the right decisions. This book should help with that, but if you skip and don't read the book, then at least take these tips for success:1. It's okay to be yourself! Don't let other people change your identity. If you're nervous about walking up to a girl, think about why you're wondering about coming up to

## **How To Know If A Girl Wants You For Your Money**

her in the first place: because you want to! If you do what YOU want to, then you're not being weird; it just means you're being yourself! And if you don't like lifting weights or doing make-up but feel pressured to do so to attract someone, you don't have to! If she or he expects you to be someone you're not, then they're not for you, and you deserve to be with someone better anyway, someone who will value you for who you are. There is only one of YOU in this world, so keep your identity and do what you like to do!<sup>2</sup>. Do what makes sense. If it's a crowd, and everyone is talking to each other, then you're allowed to talk to whomever you want to. Go talk to that girl! Nobody can stop you other than you yourself. On the other hand, if giving her flowers doesn't seem right, then don't give her flowers just yet. If you're unsure if you want to date her just yet, then just be a friend to her! It doesn't make sense to do things that you don't feel quite right about. Or if you're on a short budget,

then you don't have to spend extra money on buying a super-fancy car to impress her or a super-fancy whatever-girls-buy to impress him. You're the boss, so do what seems right to you, and do what makes sense!<sup>3</sup>. Communicate. If the girl is not your type, then you are much better off finding a better-fitting girl for yourself than trying to pursue someone with whom your life might become miserable. If you're not sure if you want to date her or not, then just be a friend! It's okay to be friends with many girls and then later on decide if you would like to pursue one of them further. Just don't float away on a boat of feelings until you both agreed that you'd like to date. If you think you'd like to try dating a girl, then see if she likes talking to you. After that, ask her if she wants to hang out with you sometime, and ask for her telephone number. If you feel right about doing so, ask if she can see herself dating you or not. Be open and honest when you talk to her because this is what will build her trust in you. The

## How To Know If A Girl Wants You For Your Money

people who are ready to date will take you seriously, but, if somebody does make fun of you for your honesty, then they're just being a jerk, and you don't deserve to be with a jerk anyway. Communication clears up confusion! On the contrary, to fail at finding a girl, you would reverse these three items and follow them backwards of what they say to do. That is exactly what I have had my bad experience with: trying to be someone I'm not, either to make her fond of me or to hide my intentions so that people don't know that I like her; doing things that don't make sense, which shows my ignorance; and finally, being horrible at communicating with girls, so it always took me a painful forever to figure out that a certain girl was not for me. This book summarizes 25 ways in which I followed these three principles backwards, and the chapters tell the narrative of how that went. Whether or not you read the entire book or just the book cover is up to you, but I pray that you at least learn from

these three principles in order to not make the same mistakes as me. It is also up to you whether or not you purchase the book and whether or not you read the book, but, if you do purchase the book, then you'll be helping me pay off my student loans, and I do appreciate any help. Thanks!: )

**Wired for Love** - Stan Tatkin  
2012-01-02

"What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. The good news is that most people's minds work in predictable ways and respond well to security, attachment, and rituals, making it possible to actually neurologically prime the brain for greater love and fewer conflicts. *Wired for Love* is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic

## How To Know If A Girl Wants You For Your Money

relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. By learning to use simple gestures and words, readers can learn to put out emotional fires and help their partners feel more safe and secure. The no-fault view of conflict in this book encourages readers to move past a "warring brain" mentality and toward a more cooperative "loving brain" understanding of the relationship. Based in the sound science of neurobiology, attachment theory, and emotion regulation research,

this book is essential reading for couples and others interested in understanding the complex dynamics at work behind love and trust in intimate relationships.
