How to Make Your Relationship Last - Arlene Brathwaite 2017-06-13

Love is too important, and life is too short. Don't let these pitfalls trip you up and rob you and your significant other of the good life and happy relationship you both deserve! Starting with the Self: 1. Addictions: You know if you've got one, and you know you will have to choose! 2.

Pathologies: Disagreeable personality, moodiness, negativity, insecurity, anger problems, and more. 3. Baggage: Past relationships, family drama...best to avoid it, but how to manage it. 4. Financial Problems: Your attitude toward money could make or break your relationship. Looking at the Other: 5.

Controlling: This slowly strangles a relationship. 6. Fighting: Demand more from yourself and your significant other. 7. Comparing: There are seven billion people on this planet. Are you sure you want to play this game? Protecting the Whole: 8. Cheating: Don't think about doing it to them. Don't force them to do it to you. 9.

Keeping Secrets: How to send your relationship into free fall. 10. Cold Feet: Some thoughts about commitment and marriage. We will work from the bottom up, starting with basic mental health "hygiene" that has to be in place for you to succeed as an individual and in life, much less as a partner to someone else. Only when that is settled are you ready to move on and learn the lessons of a healthy relationship, and we will reveal them in the later chapters of this book.

Beyond Order - Jordan B. Peterson 2021-03-02
The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. *Beyond Order* therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from

psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

The Dirty Half Dozen - William Nagler 2001-03-15

Everyone wants to have a nurturing, happy, working union with a spouse or loved one—but time after time, it can fail, fall flat, or not live up to expectations. Now, after surveying more than 30 years of psychiatric literature and submitting more than 1,000 relationship studies to computer analysis, a renowned psychiatrist offers a provocative new theory for successful, long-lasting love.

A Book About Love - Jonah Lehrer 2016-07-12
“Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all.” —David Brooks, The New York Times Book Review
Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal

studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer's *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it's easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of “falling” in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.

How to Make a Long Distance Relationship Last - Tony Wiilliam 2017-07-16

Everything would be fine if we lived in the same town/state/country, is the common reason many men and women give for a long distance relationship not working out. Yes, distance can put an enormous strain on a relationship, but claiming that "distance" is the only reason a relationship didn't work out, or cannot work is putting your hands over your ears and shouting, "Land" because the truth is, it's too much to handle. I've met many men and women who won't try long distance relationships because according to them "long distance relationships just don't work." That simply isn't true! Long distance relationships Can and do work if the two individuals involved want it to. In my opinion, the question is not "do long distance relationships work?" But rather "Do both of you want to make it work?" If you both want to make it work, distance is just another obstacle that two people who truly love each other can easily overcome if they really want to. These simple to follow tips will help your long distance relationship not only survive distance, they'll also help you lay a strong foundation for a

relationship that is fun, fulfilling and successful last? The internet highway has changed the way we live and the way we love. It has changed the way we socialize, and it has also increased the likelihood of finding love over the internet. Conversations are easy to strike up with regularity, and it's easy to discover that you have strong feelings for someone who lives hundreds or thousands of miles away from you! Many people are choosing to have long distance relationships. Long distance relationships might feel wonderful at first. However, they come with their own set of unique challenges as well. Many couples are blind-sided by the impact a long distance relationship can have on their daily life. This person can now feel so close to you because of the internet and yet in reality, remain so far away. The paradox is weighty. The more prepared you are to handle the situation, the better equipped you both will be to make decisions along the way that will benefit you and your special someone, and possibly make it a safer and enjoyable experience.

The Secrets of Enduring Love - Meg John Barker 2016-02-04

The Secrets of Enduring Love focuses on what couples actually do to maintain, nurture and nourish their relationships. The reader will be taken on a journey through different ways of doing relationships, focusing on the key themes which came out of the research: everyday acts of kindness and appreciation; the importance of home; communication and conflict management; sex and intimacy; incorporating others into the relationship (children, pets, friends, hobbies); and telling your own love story. One of the key messages from the research is that different things work for different people, and at different times in the relationship. For this reason the book focuses on the differnt practices that we might bring into our own relationships, helping us to recognise the small things which we may be already doing but which ordinarily go by unnoticed, and offering a helping hand to find out what works best for us.
