Find Out Anything From Anyone, Anytime James O. Pyle 2014-01-20 "A new book by an army intelligence interrogator could help you get the answers to your most pressing questions." —Time

The secret to finding out anything you want to know is amazingly simple: Ask good questions. Most people trip through life asking bad questions—of teachers, friends, coworkers, clients, prospects, experts, and suspects. Even people trained in questioning, such as journalists and lawyers, commonly ask questions that get partial or misleading answers. People in any profession will immediately benefit by developing the skill and art of good questioning. Find Out Anything From Anyone, Anytime will give you the power to: Identify and practice good questioning techniques Recognize types of questions to avoid Know the questions required when hearing unconfirmed reports or gossip Practice good listening techniques and exploit all leads Determine when and how to control the conversation Gain real expertise fast Within professional interrogation circles, author James Pyle is known as a strategic debriefer—meaning there is no one around him more skilled at asking questions and getting answers. He has been training other interrogators in questioning techniques since 1989. “With his style of questioning alone, Jim Pyle can get more information than most other interrogators using multiple techniques.” —Gregory Hartley, co-author of *How to Spot a Liar*

Tell Me Again How A Crush Should Feel Sara Farizan 2014-10-07 With the heart of Judy Blume and wit of Alison Bechdel, Sara Farizan brings the authenticity and humour that distinguished her debut novel, *If You Could Be Mine*, to her second work of fiction for teens *Leila* has made it most of the way through high school without having a crush on anyone, which comes as something of a relief. Her Persian heritage makes her different enough; if word got out that Leila liked girls, life would be twice as hard. And what would her parents think? It’s bad enough she’s not even going to become a doctor. But when a sophisticated, beautiful new girl, Saskia, shows up, Leila starts to take risks she never dreamed of, especially when it looks as if the attraction between them is mutual. Struggling to sort out her growing feelings and Saskia’s confusing signals, Leila confides in her old friend, Lisa, and grows closer to Tomas, whose comments about his own sexuality are frank, funny, wise and sometimes painful. Gradually, Leila begins to see that almost all of her classmates are more complicated than they first appear to be, and many are keeping fascinating secrets of their own.

How to Start a Conversation with Anyone Joshua Strachan Here's a question for you... Do your palms get sweaty, your knees weak, your arms heavy and your throat dry whenever there's an opportunity to strike up a conversation with a total stranger? Maybe it's not as grim as I painted it above, but if you ever find yourself hesitant to talk to a stranger, then chances are that you have a social anxiety disorder (SAD). For most people, the bathroom is not just where they lather up, it's also where they have all the perfect conversations they couldn't have with strangers they meet in their daily lives. You may think... they are just strangers; it's not like they are a huge part of my life. But remember what Rodney McKuen, a best-selling American poet, singer, and actor said? "Strangers are just friends waiting to happen" This is about more than just making friends. It's about making yourself happier, more connected to your communities, mentally sharper, less lonely, and more optimistic about life. Heck, it's about life itself. Smiling at strangers is great, lending them a helping hand is greater. But you know what's even better? Having life-changing conversations with them. Grab this book today and never second guess yourself again in front of a stranger.

But with a few flirting tips and a little bit of confidence, you'll impress your crush in no time.

Sex180 Chip Ingram 2005-10-01 Young adults are fed up with our sex-saturated culture. They realize that there's more to sex than what the media feeds them, and they realize that there's more to responsibility than "just wait until you're married." Youth want to have God's perspective. Not only that, they want to show their peers there's a better way to relate to the opposite sex. It's time for a revolution. A 180-degree turn is underway. Sex 180 is a guide to that revolution. It's more than a book that preaches abstinence before marriage. Sex 180 shows teens what's wrong with the way people talk and think about sex and challenges them to think differently. With solid biblical teaching, interactive sidebars, and real-life stories, teens, parents, and youth leaders will start to think about sex in a whole new way.

The Charisma Myth Olivia Fox Cabane 2013-03-26 What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.

The 48 Laws of Power Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
