Learning Their Language Marta Williams 2010-10-04 Almost everyone has had a moment when they've felt a connection to an animal. Animal communicator Marta Williams says this is the basis of animal communication and it's a skill anyone can develop. Williams's background as a scientist informs her logical step-by-step approach to learning the "language" of animals — a process combining mental imagery, visualization, deep listening, and tuning in to one's intuition. Practical advice and proven techniques are interwoven with inspiring real-life accounts. Williams also discusses ways to use these skills to find lost animals, help animals heal from injury or illness, and explore similar deep connections with nature and the earth.

Females Andrea Long Chu 2019-10-29 "Everyone is female, and everyone hates it." So begins Andrea Long Chu's genre-defying investigation into sex and lies, desperate artists and reckless politics, the smothering embrace of gender and the punishing force of desire. Drawing inspiration from a forgotten play by Valerie Solanas—the woman who wrote the SCUM Manifesto and shot Andy Warhol—Chu aims her searing wit and surgical intuition at targets ranging from performance art to psychoanalysis, incels to porn, and even feminists like herself. Each step of the way she defends the indefensible claim that femaleness is less a biological state of women and more a fatal existential condition that afflicts the entire human race—men, women, and everyone else. Or maybe she's just projecting. A thrilling new voice who has been credited with launching the "second wave" of trans studies, Chu shows readers how to write for your life, baring herself with a morbid sense of humor and a mordant kind of hope.

Women's magazines often give advice like "be your best self", "focus on you", or "put on that mini-skirt he loves." While these things do work to keep a man interested, they're surface level tactics that only work temporarily. Women who know how to keep a man happy understand what men secretly want in a woman. These women are irresistible not because of their looks, but because they possess one feminine quality that make men crave their attention. High-quality men, the ones that desire true commitment from a woman, desperately yearn for the company of a woman who understand how to keep him captivated by her. So what is the secret to getting a man to crave your attention? What do men secretly want in a woman? It's simple... Graceful communication. How to Beat A Woman at Her Own Games Ralph Hemphill 2020-09-01 In today's world, much unlike the world of long ago, before the 1980s--where women probably and seemingly didn't play as many games and didn't scheme as much as the women of today--one can clearly see, witness, and attest to the ever-present and overwhelming amount of game playing and scheming ways of most of the females we know, know of, see, and interact with on a day-to-day basis. Most every man, at one point or some point in his life, has fallen victim to a game or scheme of a female whom he has either tried to get with or hook up with, and many guys get hit with games and schemes even with those that they are married to or in relationships with. Practically no man is exempt. We all at some point will find ourselves faced with a woman whose sole purpose is to either go for what's in our pockets or bank accounts, or to try to get us to do something for them for free or to get us to buy them stuff without them appreciating it and then turning around and buying us stuff too as well. That's a big part of the world we live in as far as men interacting with women, and the sole purpose of this book is to at least get guys to recognize when they are being played and to not fall for the simple games that women play twenty-four hours a day.

The Psychology Of Attraction For Men Craig Beck 2020-11-12 Have you ever wondered what on earth women want? After all, they seem to go out of their way to avoid the nice, decent guys like the plague and then fall head over heels for the predictable shtick of the bad boys every time. All the time complaining that they get treated badly and end up with a no good cheat of a man. Doesn't make a whole heap of sense, does it? Well, not if you are thinking like a man, that's for sure. To get women, you have to understand how they feel, what they find attractive and what they really desire in a man. This is the book all decent guys have been waiting for. It is the blueprint for the female mind. This book will teach you how to be the man that women are lusting after. More importantly, it will highlight all the things you are currently doing that are just flat out unattractive to women. When it comes to attraction, men are a switch, but women are a dial. There are a thousand shades of grey in between on and off. Their state of desire is fluid, and if you know how, you can easily attract women who you previously would have considered 'out of your league'. This is not a pick-up guide; it's a comprehensive personal development program to show you how to love the man you are and to project that confidence outward. Anything else is just window dressing and women of value can smell a guy who is faking it a mile off. If you are serious about getting the woman of your dreams or learning how to attract women wherever you go, this is the book may be the most important discovery of your life. You are about to discover: The psychology of attraction. How the female mind works and what they find attractive. Loving the man you are and living with confidence. Using fear technology to smash your goals. Why looks do not matter half as much as you think. How the more mature man can attract younger women. Internet dating - standing out from the crowd. First date magic. And much more. www.CraigBeck.co

An Actress Prepares Rosemary Malague 2013-06-17 'Every day, thousands of women enter acting classes where most of them will receive some variation on the Stanislavsky-based training that has now been taught in the U.S. for nearly ninety years. Yet relatively little feminist consideration has been given to the experience of the student actress: What happens to women in Method actor training?' An Actress Prepares is the first book to interrogate Method acting from a specifically feminist perspective. Rose Malague addresses "the Method" not only with much-needed critical distance, but also the crucial insider's view of a trained actor. Case studies examine the preeminent American teachers who popularized and transformed elements of Stanislavsky's System within the U.S.—Strasberg, Adler, Meisner, and Hagen— by analyzing and comparing their related but distinctly different approaches. This book confronts the sexism that still exists in actor training and exposes the gender biases embedded within the Method itself. Its in-depth examination of these Stanislavskian techniques seeks to reclaim Method acting from its patriarchal practices and to empower women who act. 'I've been waiting for someone to write this book for years: a thorough-going analysis and reconsideration of American approaches to Stanislavsky from a feminist perspective ... lively, intelligent, and engaging.' - Phillip Zarrilli, University of Exeter 'Theatre people of any gender will be transformed by Rose Malague's eye-opening study An Actress Prepares... This book will be useful to all scholars and practitioners determined to make gender equity central to how they hone their craft and their thinking.' - Jill Dolan, Princeton University

Fabulous Females and Peerless Pirs Tony K. Stewart 2004 This book presents translations of eight closely related 18th- and 19th-century Bengali folk tales centered on Satya Pir and the people he helps. While the worship of Satya Pir is the ostensible motivation for the tales, they really demonstrate his miraculous powers, which authenticate him as a legitimate object of worship.

Mantis Syndrome William Evans 2018-08-18 It is universally acknowledged that a good person in possession of a small or large fortune will often be parted from it. There is a spine-chilling resemblance to the praying mantis in human behaviour. The mantis waits for its prey, then quickly dispatches it. The female often eats its mate during or after copulation in sexual cannibalism. Humans don't eat each other but devour through envy, greed, blackmail and extortion. Either sex, like the mantis, preys. This book is classed as fiction but the human interaction is taken from real life experiences. Hatred, seeking revenge, is dramatised. You will see how incidents play out. Anybody could be standing innocently on the edge of a pending disaster not realising it. Your partner could have designs you never dreamt of. Don't be a victim. Protect your mind body and soul not forgetting your wallet. If you get wounded you will live with it forever. William Evans, now under 'witness protection' arrives in Sydney, Australia, as John Williams. He reads a warning but pays no heed becoming welcome bait for the mantis syndrome. Nothing is sacred when the syndrome has you in sight. It's usually too late. What's left of your carcass is fought over by lawyers, accountants and bank managers. All want their pound of any remaining flesh becoming richer at your expense. John Williams still believed in honour. His word is his bond often sealed with a hand shake. I suggest in today's cyber digital world Honour is a relic of ages past. Somebody always wants what you have. Don't become a victim of the Syndrome. Note the warning signs. Learn how to interpret them. A mantis could be sat beside you on a flight, or where you work, at a party, or a recent lover plotting to entrap you. Once snared you are doomed. Don't let it happen. Read on to protect yourself. Life is short. A mantis will make it seem an eternity.
