**No More Mr Nice Guy** - Robert A. Glover 2022-02-18

Originally published as an e-book that became a controversial media phenomenon, No More Mr. Nice Guy! landed its author, a certified marriage and family therapist, on The O'Reilly Factor and the Rush Limbaugh radio show. Dr. Robert Glover has dubbed the "Nice Guy Syndrome" trying too hard to please others while neglecting one's own needs, thus causing unhappiness and resentment. It's no wonder that unfulfilled Nice Guys lash out in frustration at their loved ones, claims Dr. Glover. He explains how they can stop seeking approval and start getting what they want in life, by presenting the information and tools to help them ensure their needs are met, to express their emotions, to have a satisfying sex life, to embrace their masculinity and form meaningful relationships with other men, and to live up to their creative potential.

**How We Do it** - Judy Dutton 2009

A fascinating exposé of what revs our sexual engines—and how knowing what happens behind the sex-lab door will make us better lovers. Did you know that the scent that turns on men the most is pumpkin pie mixed with lavender—and that women have been known to go wild from a whiff of Good & Plenty and cucumber? Sex researchers have been documenting the many esoteric aspects of the erotic realm for years, and now the laboratory door is open to you. How can you increase the odds of attracting a mate? (Using a new nickname might do the trick.) Is it possible to orgasm just by thinking about it? (Some people can—maybe you're one of them.) Can you prevent your partner from straying? (There's a vaccine—but so far it's been tested only on rodents). How We Do It answers these questions and more, revealing the mysteries of what turns us on and why, and highlighting the latest, greatest, and most bizarre experiments heating up laboratories around the world today and throughout history. More than a survey of sexual experimentation, it's a guide to heating up your sex life, showing how to improve your sexual performance, from the first sparks to the climactic finale, backed by scientific research.

**Maybe He Just Likes You** - Barbara Dee 2020-09-15

2019 The Washington Post Best Children's Book of the Year (Erin Entrada Kelly Pick) A 2020 ALA Notable Children's Book "The novel's all-too-familiar scenario offers a springboard for discussion among middle schoolers...Easily grasped scenarios and short chapters help make this timely #MeToo story accessible to a wide audience." —Publishers Weekly (starred review) "Realistic and heartbreaking." —BCCB Barbara Dee explores the subject of #MeToo for the middle grade audience in

this heart-wrenching—and ultimately uplifting—novel about experiencing harassment and unwanted attention from classmates. For seventh-grader Mila, it starts with some boys giving her an unwanted hug on the school blacktop. A few days later, at recess, one of the boys (and fellow trumpet player) Callum tells Mila it's his birthday, and asks her for a "birthday hug." He's just being friendly, isn't he? And how can she say no? But Callum's hug lasts a few seconds too long, and feels...weird. According to her friend, Zara, Mila is being immature and overreacting. Doesn't she know what flirting looks like? But the boys don't leave Mila alone. On the bus. In the halls. During band practice—the one place Mila could always escape. It doesn't feel like flirting—so what is it? Thanks to a chance meeting, Mila begins to find solace in a new place: karate class. Slowly, with the help of a fellow classmate, Mila learns how to stand her ground and how to respect others—and herself. From the author of Everything I Know About You, Halfway Normal, and Star-Crossed comes this timely story of a middle school girl standing up and finding her voice.

**The Guyde** - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I

say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

*Unhidden* - Robert Kandell 2018-12-08

"Traditionally, men have held the "privileged" position; however, two generations of societal change has dramatically changed the playing field, at the expense of the Man. The effect is that men are lost, causing an increase in aggression, confusion and apathy. Worse, they have withdrawn from society because it's not deemed OK for men to express their feelings and doubt. Men want to love and provide, but feel disconnected from their true purpose. UnHidden is a pragmatic guide that compiles 18 years of experience and tens of thousands of client sessions into a simple step-by-step blueprint for turning your life around. This book is Man's key to evolving from your current status quo to a true, authentic man in today's chaotic world. "--

*Attached* - Amir Levine 2012-01-05

"Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller

scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. *Attached* guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.
