How to Tell If Someone Truly Loves You - Femi Ogunjinmi 2020-03-25

Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear.

The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining Relationship. He has been a go-to expert to media outlets like USA TODAY MAGAZINE, FOX NEWS, REWIRE.Org., and STYLECASTER. He has spoken on big media platforms including The Word Network, RADIO ONE, SIRIUS XM, SPLASH FM, and TEDx. His speech on TEDx has received over 2.8 million views and growing by 100,000 views every month. Apart from keynoting and speaking at conferences across the United State and overseas, Dr. Femi also conducts his own relationship programs. His signature conference, "Revelations of Relationship Seminar" occurs every year in United State and has been conducted

internationally in Nigeria. Dr. Femi is the founder of National Relationship Equity Day, an organization that has created a national awareness day celebrated June 24th of every year. National Relationship Equity Day is dedicated to eradicating gender inequity in relationship and promoting the use of gifts, values, skill sets, and interests as a way of defining roles in relationship other than gender. Why We Love - Helen Fisher 2005-01-02

A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. Why We Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, Why We Love

How to Fall in Love with Anyone - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and

social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love." —Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

Putting Her in Her Place - Ryan Hale 2016-10-24

Girls are hardwired to obey and submit. The problem is men and women have reversed gender roles. This is causing men to become feminized and women to become masculinized. I can prove this. You don't see many girls wearing dresses any more, do you (?), because they are all out wearing what men wear; namely: pants, teeshirts, etc. I mean come on, SERIOUSLY! If you want to have the best possible relationship with a girl, where she obeys and submits like a good little girl, then you have to train her back to childhood obedience. You must instill the fear of God in her, letting her know that you are in control of her, and that she must obey you. The more you train her, the more she will start to fall in love with you. The more she will start to accept you as her dominant master. The more she will submit to you and obey you in everything you tell her to do. The less she will try and make decisions on her own. The more she will accept your punishments when she has wronged you. I am not a mysoginistic man. I don't want you reading this thinking I am. I am a man who has a wonderfully loving relationship with my girl, who learned this secret and now want to share it with you. I watch too man of my male friends go through the pain and torment of relationships with girls. They don't know how to train a girlfriend, so they keep getting hurt, fucked, and you whatever other adjective you want to fill in the blank with. It doesn't have to be this way. It should not be this way. This book will help you fix it. I don't let my girl do anything adult. She has to play and do childlike activities.

I am the adult, she is the little girl. I make her color, fingerpaint, journal in a diary (that I get to read), make her stand in a corner when she acts up, make her take a nap when she's tired, and withhold privileges from her when she doesn't want to comply with my instructions. She loves me, let me assure you. She will never leave me, because she knows I am her answer and have her best interest at heart. She yearns to be taken care of and protected by me. She loves submitting and being dominated. The sex is amazing, let me share. You can have the same. Read this book. Do what it instructs you to do. Start training your girl today. You will win in the end, I promise. Start reading and taking notes! This is more than a book, it's a course! Grab Your Copy Now

Family Secrets - Grace Ann Neuharth 2010

"The car stopped, and I could tell I was expected to get out, but I was too scared to move. I had not noticed the man get out of the front seat and was startled when the door on my side of the car suddenly sprang open. The man reached for my arm, and as he did his jacket opened just enough for me to catch sight of a gun. I tried to scream, 'Who are you people? What is this place? How did I get here?' but no words came. The man with the gun pulled me out and led me into the house. My mind spun trying to figure it all out. The only thought that came to me was that I had been kidnapped. " Imagine if you suddenly had no idea where you were, who you were with, and what had happened. In "Family Secrets: Letters to My Granddaughters," four-year-old Grace loses her memory and is plunged into an ever-widening circle of lies, suppression, and denial. The next thirty years are shrouded in family secrets that eventually pull every aspect of her life into darkness. Though the twists and turns she faced should have destroyed her, Grace Ann Neuharth lived to tell the tale through the unforgettable narrative style of inspirational author Wanda Winters-Gutierrez. "Family Secrets" will leave you intrigued, stunned, and ultimately inspired as you discover the kind of faith that enables a person to live through the unthinkable and move past survival to victory.
