After the Raj - David Rubin 1986

Early Yorkshire Charters: Volume 6, The Paynel Fee - William Farrer 2013-03-21

Published in thirteen volumes (1914-65), this extensive and highly regarded series contains charters and deeds from pre-thirteenth-century Yorkshire.

Leica Collectors Guide - Dennis Laney
2005-07-01

Thoroughly revised, brought up to date, and completely reset with some 60% more pages. The layout has been redesigned to make this edition much easier to use as a work of reference. All the numerous new products introduced since the first edition are included. Two new chapters have been added, one on Leica Digital Cameras and one on Leicina Cine Cameras, and a new section on leather cases. Additional information, corrections and comments from readers all over the world have been incorporated.

The Cola Wars - J. C. Louis 1980

"A joint history of the Coca-Cola Company and Pepsico, Inc., takes in humble beginnings, infighting, unscrupulous market expansion and manipulation, sophisticated promotion campaigns, and international wheeling and dealing" [Amazon].

The Art of the Icon - Paul Evdokimov 1972

Dr. Seth's Love Prescription - Seth Meyers
2010-11-18

The landscape of love is littered with people injured by love time and time again. And so they hobble from one bad relationship to another. But it doesn't have to be that way. Noted psychologist Seth Meyers, PsyD--aka Dr. Seth--has developed a foolproof four-step cure for Relationship Repetition Syndrome (RRS). With this book, you can avoid making the same mistakes in your love life over and over again. With behavioral exercises and questionnaires

designed to reveal the RRS behaviors that sabotage love, you'll learn why your relationships have failed, and how you can love more wisely--and happily--the next time. Armed with Dr. Seth's unique love action plan, you can put the pain of dead-end relationships behind you and find true love that lasts--forever cured of RRS!

The Marketing Plan in the 1990s - Howard Sutton 1990

Say It and Live It - Patricia Jones 2011-03-23

Say It And Live It is the first collection of provocative, passionate, and intelligent corporate mission statements--the most powerful and popular managerial tool in business today. A corporate mission statement is the most dramatic presentation of a company's vision and its goal. No other document--annual report, press release, news article, statement from the board of directors--tells us more about a company's values and ethics than a mission statement. Companies know that if they write it down, they will have to live up to it--so they devote months, even years, the energy of people from the CEO on down, and significant sums of money to crafting them. Say It And Live It is the only source of information for the many business people who are presently writing their own mission statements. In it, authors Patricia Jones and Larry Kahaner show that industry leaders are frequently corporations that truly live their mission statements. Some of the winners include: Avis, Ben & Jerry's, Boeing, Citicorp, General Electric, Gillette, Hallmark Cards, IBM, Kellogg's, Reader's Digest, Saturn, Southwest Airlines, UPS, and Xerox. Say It And Live It is a collection of the fifty best corporate mission statements in America. Each entry consists of the company's complete mission statement, along with an explanation of how it was written, a lesson about how that mission statement saved the company or motivated employees, or

comments from the CEO or the president. The introduction points out the common elements of these philosophical documents, while the final chapter is a list of tips on how you can write your own mission statement.

A la Mode - René König 1973

The Atlantic Walrus - Xénia Keighley

2021-06-17

The Atlantic Walrus: Multidisciplinary insights into human-animal interactions addresses the key dimensions of long-term human walrus interactions across the Atlantic Arctic and subarctic regions, over the past millennia. This book brings together research from across the social and natural sciences to explore walrus biology, human culture, environmental conditions and their reciprocal effects. Together, 13 chapters of this book reconstruct the early evolution of walruses, walrus biology, the cultural significance and ecological impact of prehistoric and indigenous hunting practices, as well as the effects of commercial hunting and international trade. This book also examines historic and ongoing management strategies and, the importance of new research methodologies in revealing hitherto unknown details of the past, and concludes by discussing the future for Atlantic walruses in the face of climate change and increased human activities in the Arctic. This volume is an ideal resource for those who are seeking to understand an iconic Arctic species and its long and complex relationship with humans. This includes individuals and researchers with a personal or professional connection to walruses or the Arctic, as well as marine biologists, zoologists, conservationists, paleontologists, archaeologists, anthropologists, historians, indigenous communities, natural resource managers and government agencies. Provides succinct overviews of the biology of the Atlantic Walrus (*Odobenus rosmarus rosmarus*) as well as human cultures within the North Atlantic Arctic and the surrounding region by consolidating research which until now has been scattered across fields and academic publications Editorial team of inter-disciplinary researchers ensuring the breadth, depth and integration of material covered throughout the volume Thirteen chapters, each authored by leading international

researchers and experts on the Atlantic Walrus Considers the inter-relatedness and complexity of species biology, ecological change, human culture, and anthropogenic pressures onto the Atlantic Walrus, all while remaining accessible to readers from different disciplines or a more generalist audience Draws upon the latest methods in marine mammal and archaeological research Assesses historical management of the species, while also considering current and future conservation efforts in light of human activities and climate change Text supported by striking and insightful new maps and scientific illustrations, ideal for teaching and outreach
When the Past Is Always Present - Ronald A. Ruden 2011-01-19

When the Past Is Always Present: Emotional Traumatization, Causes, and Cures introduces several new ideas about trauma and trauma treatment. The first of these is that another way to treat disorders arising from the mind/brain may be to use the senses. This idea, which is at the core of psychosensory therapy, forms what the author considers the "third pillar" of trauma treatment (the first and second pillars being psychotherapy and psychopharmacology). Psychosensory therapy postulates that sensory input—for example, touch—creates extrasensory activity that alters brain function and the way we respond to stimuli. The second idea presented in this book is that traumatization is encoded in the amygdala only under special circumstances. Thus, by understanding what makes an individual resistant to traumatization we can offer a way of preventing it. The third idea is that traumatization occurs because we cannot find a haven during the event. This is the cornerstone of havening, the particular form of psychosensory therapy described in the book. Using evolutionary biological principles and recently published neuroscientific studies, this book outlines in detail how havening touch de-links the emotional experience from a trauma, essentially making it just an ordinary memory. Once done, the event no longer causes distress.
Canon International EOS 100, U.S.A. EOS Elan - Thomas Maschke 1992

Small enough to toss into a camera bag, yet thorough in coverage, Hove User's Guides are the best all-around camera manuals available. Each book describes the special features and

operation of a single camera model or model family.

The Autoimmune Solution - Amy Myers, M.D. 2015-01-27

Over 90 percent of the population suffers from inflammation or an autoimmune disorder. Until now, conventional medicine has said there is no cure. Minor irritations like rashes and runny noses are ignored, while chronic and debilitating diseases like Crohn's and rheumatoid arthritis are handled with a cocktail of toxic treatments that fail to address their root cause. But it doesn't have to be this way. In *The Autoimmune Solution*, Dr. Amy Myers, a renowned leader in functional medicine, offers her medically proven approach to prevent a wide range of inflammatory-related symptoms and diseases, including allergies, obesity, asthma, cardiovascular disease, fibromyalgia, lupus, IBS, chronic headaches, and Hashimoto's thyroiditis.

Minolta Maxxum-Dynax 5xi - Heiner Henniges 1992

Small enough to toss into a camera bag, yet thorough in coverage, Hove User's Guides are the best all-around camera manuals available. Each book describes the special features and operation of a single camera model or model family.

Where the Suckers Moon - Randall Rothenberg 2013-02-20

"For all the right reasons." "Cars that can." "What to Drive." "The perfect Car for an Imperfect World." Only one of these slogans would be chosen by Subaru of America to sell its cars in the recession year of 1991. As six advertising agencies scrambled for the account and the winner tried to churn out the Big Idea that would install Subaru in the collective national unconscious, Randall Rothenberg was there, observing every nuance of the chaos, comedy, creativity, and egotism that made up an ad campaign. One can read Rothenberg's book as the behind-the-scenes chronicle of the brief

and very troubled marriage between a beleaguered automobile company and Wieden & Kennedy, an aggressively hip ad agency whose creative director despised cars. One can read it as a history of advertising's journey from the conventionally upbeat slogan "Helps Build Strong Bodies 12 Ways" to the supercool nineties minimalism of "Bo Knows." Either way, *Where the Suckers Moon* is a face-paced, insightful, and occasionally appalling look at an industry whose obsession with image has affected our entire culture.

Leica R6 - Fritz Meisnitzer 2006-11-15

Complete user's manual for this all-mechanical Leica reflex, which gives the photographer complete control over all functions. The author explains how to take advantage of this.

Leica General Catalogue - 197?

Under the Indian Sun - Richard Inwood 2005

Leica R7 - Arthur Landt 2006-11-15

Comprehensive user's guide to the R7 system, with information on all operating modes. Advice on flash, lenses, filters and the system accessories such as motors.

Leica Accessory Guide - Dennis Laney 1996

This book is used in conjunction with *The Leica Pocket Book* and *Leica Price Guide* and has been compiled from original Leitz sources. The book has two aims: the first is to act as the constant pocket companion for the Leica Collector in his travels; the second is to help Leica enthusiasts who want to study fascinating accessories in greater depth. It covers the whole period from 1924 to Spring 1996 and will enable the reader to place an individual accessory in its historical context with contemporary Leica models and lenses. Readers wishing to study Leica accessories further and looking for a more suitable bedside companion are referred to the author's *Leica Collectors Guide* which also includes comprehensive accounts of Leitz enlargers, projectors and binoculars.
