The Perfume Companion - Sarah McCartney  
2021-11-09

The Perfume Companion is a beautifully illustrated compendium of almost 500 recommended scents. It organizes and explores fragrances in a bid to guide readers toward new favourites. Filled with vibrant descriptions and specially commissioned detailed illustrations that bring the fragrances and their beautiful bottles to life, it is the ideal introduction to the complex world of scent.

**The Perfect Scent** - Chandler Burr 2008-01-22  
From the New York Times perfume critic, a stylish, fascinating, unprecedented insider's view of the global perfume industry, told through two creators working on two very different scents. No journalist has ever been allowed into the ultrasecretive, highly pressured process of originating a perfume. But Chandler Burr, the New York Times perfume critic, spent a year behind the scenes observing the creation of two major fragrances. Now, writing with wit and elegance, he juxtaposes the stories of the perfumes -- one created by a Frenchman in Paris for an exclusive luxury-goods house, the other made in New York by actress Sarah Jessica Parker and Coty, Inc., a giant international corporation. We follow Coty's mating of star power to the marketing of perfume, watching Sex and the City's Parker heading a hugely expensive campaign to launch a scent into the overcrowded celebrity market. Will she match the success of Jennifer Lopez? Does she have the international fan base to drive worldwide sales? In Paris at the elegant Hermès, we see Jean Claude Ellena, his company's new head perfumer, given a challenge: he must create a scent to resuscitate Hermès's perfume business and challenge le monstre of the industry, bestselling Chanel No. 5. Will his pilgrimage to a garden on the Nile supply the inspiration he needs? The Perfect Scent is the story of two daring creators, two very different scents, and a billion-dollar industry that runs on the invisible magic of perfume.

**Perfumes** - Luca Turin 2010-08-06

'I've long wished perfumery to be taken seriously as an art, and for scent critics to be as fierce as opera critics, and for the wearers of certain "fragrances" to be hissed in public, while others are cheered. This year has brought *Perfumes: The Guide* by Luca Turin and Tania Sanchez, which I breathed in, rather than read, in one delighted gulp.' Hilary Mantel, *Guardian*

*Perfumes: The Guide* is the culmination of Turin's lifelong obsession and rare scientific flair and Sanchez's stylish and devoted blogging about every scent that she's ever loved and loathed. Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume-making. Perfume writing has certainly never been this honest, compelling or downright entertaining.

**Not Fade Away** - Jim Dodge 2007-12-01

A road trip novel from the author of *Fup* that "reads like Kerouac's *On the Road* as it might have been written by Hunter S. Thompson" (*The*

*Plain Dealer*). George Gastin is a Bay Area tow-truck operator who wrecks cars as part of an insurance scam. One of the cars he is hired to demolish is a snow-white Cadillac that was supposed to be a present for the Big Bopper, who died in the Iowa plane crash that killed Buddy Holly and Ritchie Valens. Gastin has a change of heart and takes off in the car, heading for Texas where the Bopper is buried. Armed with a thousand hits of Benzedrine and chased by adversaries real and imagined, Gastin navigates a road trip that covers many miles and states of mind. Traveling in time from the Beat era to the dawn of the sixties, from the coffeehouses of North Beach to the open plains of America, Gastin picks up some extraordinary hitchhikers: the self-proclaimed "world's greatest salesman," the Reverend Double-Gone Johnson, and a battered housewife with a box of old 45s. As the miles and sleepless hours roll by, Gastin's trip becomes a blur of fantasy and reality fueled by a soundtrack of classic rock 'n' roll. "His surreal voyage into the chaos of night carries him into the heart of America's darkest psychological landscapes. Not Fade Away shakes, rattles, and rolls." —*San Francisco Chronicle*

**Blooming Flowers** - Kasia Boddy 2022-04-12

An evocative and richly illustrated exploration of flowers and how, over the centuries, they have given us so much sustenance, meaning, and pleasure "From the meaning of carnations in *Sex and the City* to the use of sunflowers in the cleanup of Chernobyl, from Henry VIII's ban on saffron dye in Ireland to the modernist reinventions of roses, this is no ordinary flower book, and Kasia Boddy is no ordinary writer."-- Ali Smith, author of *Spring "Fresh, novel . . . and unclassifiable."*--*Publishers Weekly*

The bright yellow of a marigold and the cheerful red of a geranium, the evocative fragrance of a lotus or a saffron-infused paella--there is no end of reasons to love flowers. Ranging through the centuries and across the globe, Kasia Boddy looks at the wealth of floral associations that has been passed down in perfumes, poems, and paintings; in the design of buildings, clothes, and jewelry; in songs, TV shows, and children's names; and in nearly every religious, social, and political ritual. Exploring the first daffodils of spring and the last chrysanthemums of autumn, this is also a

book about seasons. In vibrant detail and drawing on a rich array of illustrations, Boddy considers how the sunflower, poppy, rose, lily-- and many others--have given rise to meaning, value, and inspiration throughout history, and why they are integral to so many different cultures.

**Hantise** - Heather Graham 2014-01-01

—Je t'en supplie, Nikki. J'ai besoin de toi...

Réveillée en sursaut à 4 heures du matin, Nikki DuMonde croit voir au pied de son lit Andrea Ciello, la nouvelle employée de son agence de tourisme, qui l'appelle au secours d'un air désespéré. Rêve ou cauchemar éveillé ? Le lendemain, Nikki a presque oublié l'incident... Mais la réalité, elle, est bien plus terrifiante qu'un cauchemar. Car Andrea est morte à l'heure exacte où Nikki a vu la jeune femme affolée apparaître dans sa chambre. Overdose d'héroïne, conclut la police. Or la jeune femme ne se droguait plus. Convaincue qu'Andrea a été assassinée, Nikki se heurte à l'incrédulité de la police ; seul Brent Blackhawk, un détective privé aux dons de médium, accepte de la croire. Cet homme fascinant - mi-Irlandais, mi-Indien - est aussi le seul sur lequel Nikki peut compter pour comprendre le pouvoir qui est en elle - et découvrir la vérité sur la mort atroce d'Andrea... A propos de l'auteur : « Le nom de Heather Graham sur une couverture est une garantie de lecture intense et captivante », a écrit le Literary Times. Son indéniable talent pour le suspense, sa nervosité d'écriture et la variété des genres qu'elle aborde la classent régulièrement dans la liste des meilleures ventes du New York Times.
