Love Sex Again - Lauren Streicher 2014-04-22

Love Sex Again is an all-encompassing guide to women's sexual health from Dr. Lauren Streicher, a cutting-edge Gynecologist, and a regular on The Dr. Oz Show. Ladies, what if one of America's leading sexual specialists and Gynecologist told you that she knew your body better than you did? What if she told you that she could fix the problems that are making your sex life less than perfect? More than 100 million women in America have problems in the bedroom, but don't have the courage to ask their doctors for help. These problems don't come from relationship issues, or the stresses of work and family. These are real, physical issues that are getting in the way of a vibrant, joyful sex life. Instead of getting the help they need, so many women make a silent deal with themselves: without fanfare, without discussion, they quietly give up on pleasure, or drastically compromise their expectations where sex is concerned. Sometimes women make this deal with themselves early on in their 20s or 30s; for other women, it doesn't hit until their 40s, 50s or later. Most women lack the vocabulary to talk about these issues with their doctors, not to mention the pharmaceutical aids that are readily available to men. But no longer. Dr. Streicher will show women how to regain their libido, determine what their issues are, and learn to fix whatever is broken "down there." This much anticipated book will set women on a path to discovering (or rediscovering) deeply pleasurable, satisfying sex. She offers practical advice for real women of all ages—from childbearing to post-menopausal, and explains what a woman needs to know about her body, where she is in her life, and her relationships, and how it connects to a satisfying sex life.

Boxes and How We Fill Them: A Basic Guide to Sexual Awareness - Kristen Lilla 2019-10

Boxes and How We Fill Them addresses a wide variety of sexuality issues, from desire discrepancy to erectile dysfunction to polyamory. Written by a specialist in sex therapy and education, Boxes offers engaging exercises and techniques anyone can use to communicate better about sex and to overcome issues in the bedroom. While not a replacement for therapy, this book helps readers grapple with sexuality issues, engage in self-care, and find empowerment. Identify your own struggles related to sexuality and get the tools you need to move forward in your relationship.

The Sjogren's Book - Daniel J. Wallace MD 2011-10-03

Afflicting one in seventy Americans, Sjögren's syndrome is an autoimmune disease that commonly causes dryness of the eyes, mouth, and nose, and that can lead to complications including profound fatigue, depression, and lymphoma. While there is no cure for Sjögren's, much can be done to alleviate the suffering of patients. This extensively revised handbook offers everything you need to know to cope with this disease. The Sjögren's Book, Fourth Edition is a comprehensive and authoritative guide, produced by the Sjögren's Syndrome Foundation and its medical advisors and edited by physician Daniel J. Wallace, a leading authority on autoimmune disorders. This expanded edition provides readers with the best medical and practical information on this disorder, bringing together the current thinking about Sjögren's in an easily readable and understandable book, with an entirely new section on lifestyle issues aimed at improving the quality of life for Sjögren's sufferers. With more than thirty chapters written by leading experts, the handbook illuminates the major clinical aspects of the syndrome and is loaded with practical tips and advice. Indeed, it offers a wide-ranging look at the many faces of Sjögren's, covering diagnosis, the various organ systems that can be affected, the possible psychological problems, and the many treatment options, as well as a concluding chapter listing the web, print, and media resources available. It is a valuable aid that patients can use while discussing their illness with their physician and an excellent resource for family members. And because Sjögren's is greatly underdiagnosed, this handbook is a particularly valuable resource for healthcare professionals. Recognized as the bible for Sjögren's sufferers, this reliable and informative guide is the first place for patients to look when they have questions about this little known but serious chronic disease.

Homeopathy a gift - Rose Mahovsky

Our Bodies, Ourselves - Boston Women's Health Book Collective 2011-10-04

THE BESTSELLING WOMEN'S HEALTH CLASSIC—INFORMING AND INSPIRING WOMEN ACROSS GENERATIONS Hailed by The New York

Times as a "feminist classic," this comprehensive guide to all aspects of women's sexuality and reproductive health—including menopause, birth control, childbirth, sexual health, sexual orientation, gender identity, mental health, and overall wellbeing—changed the women's health movement around the world and remains as important and relevant as ever. Providing detailed and empowering information on women's reproductive health and sexuality, this latest edition of *Our Bodies, Ourselves* shows how to find and access health information and offers additional resources and stories to educate women about health care injustices and inspires them to work collectively to address them. Including the latest vital information on: -Changes in the health care system—especially how health care reform affects women and how to get the care you need. -Safer sex—how to engage in pleasurable, satisfying sexual experiences while protecting your health and the health of your partner. -Environmental health risks—including minimizing exposure to everyday pollutants that endanger reproductive health. -Body image—resisting negative media stereotypes and embracing healthier approaches to looking and feeling good. -Local and global activism—using social media and organizing tactics to build community and advocate for policies that improve women's lives. -As well as crucial information about gender identity, sexual orientation, birth control, abortion, pregnancy and birth, perimenopause, and sexuality and sexual health as we age. Together with its companion website, OurBodiesOurselves.org, *Our Bodies, Ourselves* is a one-stop resource that belongs on the bookshelves of women of all ages.

The New Zealand Pregnancy Book - Daniel Allen, Cheryl Benn, Sue Pullon, Margot Schwass 2008-11

THE NEW ZEALAND PREGNANCY BOOK has been used by many thousands of parents since the first edition was published in 1991. This is a must have for New Zealand families in the significant phases of pregnancy, birth and early childhood.

Integrative Sexual Health - Barbara Bartlik 2018

Integrative Sexual Health explores beyond the standard topics in men's and women's health, drawing on a diverse research literature to provide an overview of sexual biology and sexual dysfunction, diverse lifespan, lifestyle and environmental impacts on sexual function, integrative medicine solutions to sexual problems, and traditional eastern and western treatment approaches to healing sexual difficulties. This comprehensive guide written by experts in the field provides clinical vignettes, detailed treatment strategies for mitigating the side effects of both medications and sexual dysfunction associated with medical illness and poor lifestyle habits, and extensive further reading resources. Integrative treatment modalities not typically consulted in mainstream medicine, such as traditional Chinese medicine, Ayurvedic medicine, aromatherapy, and botanical medicine, are presented with the best evidence, in a clinically relevant manner. Part of the Weil Integrative Medicine Library, this volume is a must read for the specialist and non-specialist alike who wish to address sexual problems using an integrative medicine approach, and acquire tools to maintain lifetime optimal health and vitality that supports healthy sexuality. Integrative medicine is defined as healing-oriented medicine that takes account of the whole person (body, mind, and spirit) as well as all aspects of lifestyle; it emphasizes the therapeutic relationship and makes use of appropriate therapies, both conventional and alternative. Series editor Andrew Weil, MD, is Professor and Director of the Arizona Center for Integrative Medicine at the University of Arizona. Dr. Weil's program was the first such academic program in the U.S., and its stated goal is to combine the best ideas and practices of conventional and alternative medicine into cost effective treatments without embracing alternative practices uncritically.

Sex Rx - Lauren F. Streicher 2015-01-27

Are you missing a vibrant, exciting sex life? Do you avoid sex because it is uncomfortable? Or even painful? Are you coping with diabetes, heart disease, cancer, or another illness that makes sex more challenging? Have you lost interest in sex altogether? Yes, anyone can love sex again, or love sex more, with Sex Rx. For millions of women in America, sex isn't always pleasurable or even possible. Instead, sex has become a low priority as they navigate marriage, motherhood, and work . . . not to mention cope with chronic stress and lack of sleep. Throw in the natural fluctuations in hormone levels that all women experience throughout their lives and it's not surprising that sex can become, well, a little less sexy. Additionally, common gynecological problems can make sex uncomfortable, and medical issues can cause it to be downright painful. Dr. Lauren Streicher, a leading women's sexual health expert, offers women the courage, vocabulary, and knowledge to identify and solve problems in the bedroom, for a wide range of issues—from flagging libido, vaginal dryness, and sex after menopause, to hormone supplements and the effects of medication. Sex Rx offers a wealth of knowledge along with a good dose of humor and plenty of encouragement, so that women of all ages can make having great sex a part of their lives forever.

Women's Gynecologic Health - Schuiling 2016-07-29

Women's Gynecologic Health, Third Edition is a trusted, comprehensive, and evidence-based text that presents women's gynecologic health from a woman-centered and holistic viewpoint. Encompassing both health promotion and management of gynecologic conditions, it provides clinicians and students with a strong foundation in gynecologic care and the knowledge necessary to apply it in clinical practice. With an emphasis on the importance of respecting the normalcy of female physiology, it is an essential reference for all women's healthcare providers. The Third Edition includes four new chapters on prenatal and postpartum care, including anatomy and physiologic adaptations of normal pregnancy, diagnosis of pregnancy and overview of prenatal care, common complications of pregnancy, and postpartum care.

What to Expect When You're Expecting 4th Edition - Heidi Murkoff 2010-02-18

We're expecting again! Announcing the COMPLETELY REVISED AND UPDATED FOURTH EDITION of this bestselling pregnancy book. This is

a cover-to-cover, chapter-by-chapter, line-by-line revision and update. It's a new book for a new generation of expectant mums, featuring a fresh perspective and a friendlier-than-ever voice. Heidi Murkoff has rewritten every section of the book, answering dozens of new questions and including loads of new asked-for material, such as a detailed week-by-week foetal development section in each of the monthly chapters, an expanded chapter on pre-conception, and a brand new one on carrying multiples. The Fourth Edition incorporates the most recent developments in obstetrics and addresses the most current lifestyle trends (from tattooing and belly piercing to Botox and aromatherapy). There's more than ever on pregnancy matters practical (including an expanded section on workplace concerns), physical (with more symptoms, more solutions), emotional (advice on riding the mood roller coaster), nutritional (from low-carb to vegan, from junk food-dependent to caffeine-addicted), and sexual (what's hot and what's not in pregnant lovemaking), as well as much more support for that very important partner in parenting, the dad-to-be. Overflowing with tips, helpful hints and humour (a pregnant woman's best friend), this new edition is more accessible and easier to use than ever before. It's everything parents-to-be have come to expect from What to Expect...only better.

What Is Menopause? - Kate E. Reynolds 2022-05-19

This carefully written and explicitly illustrated book provides an explanation of menopause for people with autism and special education needs and disabilities (SEND). It helps readers to understand the physical processes and symptoms of menopause, as well as important practical information, such as how to cope with the emotional and hormonal changes in menopause, complementary therapies and tips on how to effectively communicate your experiences to support networks and professionals such as, doctors and therapists. Menopause is rarely recognised or addressed with people who have autism, special educational needs and disabilities (SEND) yet it has a significant impact on their daily living. This book frankly explains what constitutes menopause, that it is part of the life course and can be actively managed. As part of the 'Healthy Loving, Healthy Living' series, this book is written in gender neutral and inclusive language.

Sex and Pregnancy - Dan Farine 2022-10-27

"The book will be of interest to obstetricians, midwives, nurses, sexologists and sex therapists and both pregnancy and sex educators. There is also the potential for pregnant women and their partners to buy the book, although this will not be the primary target readership"--
