The International Who's Who in Popular Music
2002 - Andy Gregory 2002

TheInternational Who's Who in Popular Music 2002offers comprehensive biographical information covering the leading names on all aspects of popular music. It brings together the prominent names in pop music as well as the many emerging personalities in the industry, providing full biographical details on pop, rock, folk, jazz, dance, world and country artists. Over 5,000 biographical entries include major career

details, concerts, recordings and compositions, honors and contact addresses. Wherever possible, information is obtained directly from the entrants to ensure accuracy and reliability. Appendices include details of record companies, management companies, agents and promoters. The reference also details publishers, festivals and events and other organizations involved with music.

Lonely Boy - Steve Jones 2016-11-17

SOON TO BE A LIMITED SERIES DIRECTED BY DANNY BOYLE _____ Foreword by Chrissie Hynde Without the Sex Pistols there would be no punk rock, and without Steve Jones there would be no Sex Pistols. It was Steve who

formed Kutie Jones and his Sex Pistols, the band that eventually went on to become the Sex Pistols, with his schoolmate Paul Cook and who was its original leader. As the world celebrates the 40th anniversary of Punk - the influence and cultural significance of which is felt in music, fashion and the visual arts to this day - Steve tells his story for the very first time. Rising from the streets of Hammersmith, Steve Jones was once a lonely, neglected boy living off his wits and petty thievery. Given purpose by the glam art rock of David Bowie and Roxy Music, he became one of the first generation of punks taken under the wings of Malcolm McLaren and Vivienne Westwood. For the very first time Steve describes the neglect and abuse he suffered at the hands of his stepfather, and how his interest in music and fashion saved him from a potential life of crime. From the Kings Road of the early seventies, through the years of the Sex Pistols, Punk Rock and the recording of Never Mind the Bollocks (ranked number 41 in Rolling Stone

magazine's Best Albums of All Time), to his self-imposed exile in New York and Los Angeles where he battled with alcohol, heroin and sex addiction - caught in a cycle of rehab and relapse - *Lonely Boy*, written with music journalist and author Ben Thompson, is the story of an unlikely guitar hero who, with the Sex Pistols, changed history.

The Encyclopedia of Popular Music - Colin Larkin 2011-05-27

This text presents a comprehensive and up-to-date reference work on popular music, from the early 20th century to the present day.

Billboard - 1996-07-27

In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Hail! Hail! Rock'n'roll - John Harris

2010-01-07

Want to learn how to play guitar in two pages? Ever wondered what goes into Marilyn Manson's backstage rider? Or who wrote the worst rhyming couplet in the history of rock? John Harris's *Hail! Hail! Rock'n'Roll* is the ultimate guide to what Spinal Tap called 'the majesty of rock, the mystery of roll'. Gloriously irreverent, it is also satisfyingly definitive, with a list of every Glastonbury line up; a dictionary of obscure genres from Alt.country to Shoegazing; a brutally honest guide to the Beatles' solo albums; the surprising wit and wisdom of Shaun Ryder and Noel Gallagher; Bob Dylan's collected thoughts on Christianity and Keith Richards' less-collected thoughts on drugs; and a handy flow chart that shows you how to listen to all of Captain Beefheart's albums without going insane.

Pistols. He was a major contributor to their songwriting from 1975 to 1977, and has played bass guitar on all their reformation tours since 1996. This is Matlock's personal memoir of the 'Filthy Lucre' world tour of 1996, including rare memorabilia and previously unseen personal photographs. Foreword by Chad Smith of Red Hot Chili Peppers. Published by Foruli Codex - music, photography and popular culture.

Dr. Martens - Martin Roach 2003

On 1 April 1960, the first Dr. Martens boot rolled off the production line at the Griggs family farm of shoemakers in Northamptonshire, England. Today, Dr. Martens is a brand famous the world over, as iconic as Ray Bans and Levis. From the launch of the classic cherry-red eight-holer on that day in 1960, to the more recent multihued twenty-holers, Docs have been in the vanguard of style and culture for over four decades—subversive, strident, authority-baiting. Now, for the first time, the boots and their times take center stage in a book. Decade by decade,

in words and pictures, Dr. Martens: The Story of an Icon recounts the fascinating story of the music, the people, and the places that breathed life into the boot on its journey from work-wear to in-wear.

Pandamonium! - Simon Williams 2022-09-01
'Hilarious, heart-wrenching and packed with British music history.' - COLDPLAY A Virgin Radio Book of the Year It's a life-and-near-death story. But whose life? And whose near-death? As a one-time NME journalist, former Xfm radio presenter, toilet-circuit promoter and the founder of enduring homespun British record label Fierce Panda, Simon Williams has been at the cutting, cutting, cutting edge of all things 'indie' for over thirty years. During his tenure as managing director of Fierce Panda (a role he holds to this day), Simon was responsible for tripping over bands such as Coldplay, Keane, Placebo and countless other acts of independent hue - some of whom have gone on to achieve earth-shattering musical superstardom, while

Downloaded from
legacy.opendemocracy.net on 2023-10-02
by guest

others have merely baffled the crowd at the Bull & Gate in north London on a wet Wednesday evening. Unfiltered and unflinching, Pandamonium! is the story of Simon's time at the indie coalface, filled with insider anecdotes to entertain music enthusiasts everywhere - from the origins of a bootlegged Oasis release to Chris Martin's delight at reaching number ninety-two in the charts. But it is also the story of how Simon tried to bring a premature end to proceedings, documenting in blunt, matter-of-fact detail his longstanding mental-health struggles. Yet, despite his raw and often poignant honesty, Simon writes with the warmth, wit, self-deprecation and wide-eyed good fortune of someone who has stared into the abyss and survived, bounding down a few indie rabbit holes along the way.

Everything you ever wanted to know about London's rock 'n' roll venues.

Waking Up in London - Robert Ashton 2003

Landmarks of London's music culture visited in this book include the Royal Albert Hall, the Festival Hall, Ronnie Scott's, the 100 Club, and the Marquee, all of which are captured in superb black-and-white photos.

Anger is an Energy: My Life Uncensored - John Lydon 2014-10-09

John Lydon has secured prime position as one of the most recognizable icons in the annals of music history. As Johnny Rotten, he was the lead singer of the Sex Pistols - the world's most notorious band, who shot to fame in the mid-1970s with singles such as 'Anarchy in the UK' and 'God Save the Queen'. So revolutionary was his influence, he was even discussed in the Houses of Parliament, under the Traitors and Treasons Act, which still carries the death penalty. Via his music and invective he spearheaded a generation of young people across the world who were clamouring for change - and found it in the style and attitude of this most unlikely figurehead. With his next

legacy.opendemocracy.net on 2023-10-02
by guest*

band, Public Image Ltd (PiL) Lydon expressed an equally urgent impulse in his make-up - the constant need to reinvent himself, to keep moving. From their beginnings in 1978 he set the groundbreaking template for a band that continues to challenge and thrive in the 2010s. He also found time for making innovative new dance records with the likes of Afrika Baambaata and Leftfield. Following the release of a solo record in 1997, John took a sabbatical from his music career into other media, most memorably his own Rotten TV show for VH1 and as the most outrageous contestant ever on I'm a Celebrity.... Get Me Out of Here! He then fronted the Megabugsseries and one-off nature documentaries and even turned his hand to a series of much loved TV advertisements for Country Life butter. Lydon has remained a compelling and dynamic figure - both as a musician, and, thanks to his outspoken, controversial, yet always heartfelt and honest statements, as a cultural commentator. The book

a fresh and mature look back on a life full of incident from his beginnings as a sickly child of immigrant Irish parents who grew up in post-war London, to his present status as a vibrant, alternative national hero.

The Guardian Index - 1996

[Coughing and Clapping: Investigating Audience Experience](#) - Karen Burland 2016-05-13

Coughing and Clapping: Investigating Audience Experience explores the processes and experiences of attending live music events from the initial decision to attend through to audience responses and memories of a performance after it has happened. The book brings together international researchers who consider the experience of being an audience member from a range of theoretical and empirical perspectives. Whether enjoying a drink at a jazz gig, tweeting at a pop concert or suppressing a cough at a classical recital, audience experience is affected by motivation, performance quality, social

*Downloaded from
legacy.opendemocracy.net on 2023-10-02

atmosphere and group and personal identity. Drawing on the implications of these experiences and attitudes, the authors consider the question of what makes an audience, and argue convincingly for the practical and academic value of that question.

The Rolling Stone Index - 1998

House of Fun: The Story of Madness - John Reed
2014-08-30

Madness were true originals who mixed ska and reggae rhythms with social comment and music hall humour to become a British group like no other. They were the most successful UK singles band of the 80s, offering a larky down-to-earth take on Thatcher's Britain through hits like 'My Girl', 'One Step Beyond', 'House Of Fun' and 'Baggy Trousers'. Their appeal endures to this day, Madness' latter-day concerts having become fun-packed celebrations of one of the best-loved songbooks in British pop. Like most bands Madness had their trials and tribulations,

including band disputes, accusations of racism and an eventual split. But by then they had become a unique part of British pop history. In this book, John Reed tells their colourful story with a perceptive industry eye and the help of insights from many insiders and colleagues of the band.

Whose Green City? - Bianka Plüschke-Altöf
2022-08-31

Against the backdrop of an accelerating global urbanization and related ecological, climatic or social challenges to urban sustainability, this book focuses on the access to "safe, inclusive and accessible green and public space" as outlined in United Nations' Sustainable Development Goal No. 11. Looking through the lens of environmental justice and contested urban spaces, it raises the question who ultimately benefits from a green city development, and - even more importantly - who does not. While green space benefits are well-documented, green space provision is faced by

Downloaded from
legacy.opendemocracy.net on 2023-10-02
by guest

multiple challenges in an era of urban neoliberalism. With their interdisciplinary and multi-method approach, the chapters in this book carefully study the different dimensions of green space access with particular focus on vulnerable groups, critically evaluate cases of procedural injustice and, in the case of Northern Europe that is often seen as forerunner of urban sustainability, provide in-depth studies on the contexts of injustices in urban greening.

Chapters 1, 5, and 6 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

British Rock Modernism, 1967-1977 - Barry J. Faulk 2016-05-23

British Rock Modernism, 1967-1977 explains how the definitive British rock performers of this epoch aimed, not at the youthful rebellion for which they are legendary, but at a highly self-conscious project of commenting on the business in which they were engaged. They did so by ironically appropriating the traditional forms of

Victorian music hall. Faulk focuses on the mid to late 1960s, when British rock bands who had already achieved commercial prominence began to aspire to aesthetic distinction. The book discusses recordings such as the Beatles' Magical Mystery Tour album, the Kinks' The Village Green Preservation Society, and the Sex Pistols' Never Mind the Bollocks, Here's the Sex Pistols, and television films such as the Beatles' Magical Mystery Tour and the Rolling Stones' Rock and Roll Circus that defined rock's early high art moment. Faulk argues that these 'texts' disclose the primary strategies by which British rock groups, mostly comprised of young working and lower middle-class men, made their bid for aesthetic merit by sampling music hall sounds. The result was a symbolically charged form whose main purpose was to unsettle the hierarchy that set traditional popular culture above the new medium. Rock groups engaged with the music of the past in order both to demonstrate the comparative vitality of the new

form and signify rock's new art status, compared to earlier British pop music. The book historicizes punk rock as a later development of earlier British rock, rather than a rupture. Unlike earlier groups, the Sex Pistols did not

appropriate music hall form in an ironic way, but the band and their manager Malcolm McLaren were obsessed with the meaning of the past for the present in a distinctly modernist fashion.
