Transmedia Character Studies - Tobias Kunz 2023-03-31

Transmedia Character Studies provides a range of methodological tools and foundational vocabulary for the analysis of characters across and between various forms of multimodal, interactive, and even non-narrative

or non-fictional media. This highly innovative work offers new perspectives on how to interrelate production discourses, media texts, and reception discourses, and how to select a suitable research corpus for the discussion of characters whose serial appearances stretch across years, decades, or even centuries. Each

chapter starts from a different notion of how fictional characters can be considered, tracing character theories and models to approach character representations from perspectives developed in various disciplines and fields. This book will enable graduate students and scholars of transmedia studies, film, television, comics studies, video game studies, popular culture studies, fandom studies, narratology, and creative industries to conduct comprehensive, media-conscious analyses of characters across a variety of media.

Sex Outside the Lines - Chris Donaghue 2015-07-14

It's socially acceptable to spend a day watching sports or sitcoms, but it's shameful and embarrassing to admit to the same about erotic media. Why is it that sex is so often deemed "inappropriate" and considered something we must keep private or even ignore? Our culture is afraid of sex. We feel the need to label what is normal and what isn't, and as a result, we live in a relational and sexually unhealthy culture. In reality, far more harm is caused by labeling sexual expression as "obscene" than by celebrating it. In *Sex Outside the Lines: Authentic Sexuality in a Sexually Dysfunctional Culture*, Chris Donaghue, PhD, explores and challenges the negative ideals that have warped society's view of sex. *Sex Outside the Lines* is not a dogmatic rule book, but a valuable guide to help you on your journey to sexual self-discovery and, most important, self-acceptance. Donaghue encourages you to not only explore your capacity for pleasure, but to be proud of it and to take a look at how you could be living. In his years of training in sex and couples therapy, Donaghue has developed highly successful methods for freeing clients from sexual hang-ups, enabling them to let go of shame and embarrassment. The goal isn't to be "normal"—there is no such thing. Donaghue pulls apart cultural phobias with a sex-positive therapy practice, as well as a kind of sexual deprogramming that helps people see and accept that the desires they have—even if they don't align with society's expectations—are actually natural, healthy, and part of having a great sex life. *Sex Outside the Lines* addresses our diversity, challenges conventional psychiatric wisdom as classifying perfectly normal behavior as disorders, and disregards conventional advice from leading experts. It isn't advocating a "liberal" approach to modern concepts—it is seeking to redefine them altogether.

Let's Talk About Sex - Ann-Marlene Henning 2020-05-19

A renowned sexologist shows us we're not alone when it comes to problems of sex and love. Ann-Marlene Henning has improved the sex lives of thousands through her TV show and advice blog. Now, readers can experience her sought-after talk therapy in *Let's Talk About Sex*, which illuminates common bedroom plights with real client stories. Meeting with couples of diverse identities and sexual orientations, Henning offers a rare window into the therapist's mind. She shares her first impressions, explains her thinking as she decides what to ask now (and what to save for later), and solves problems that range from disagreements over fetishes to a lackluster sex life. The result is a timely portrait of modern sex, one that raises as many questions as it offers real, tangible solutions.

Treating Sexual Desire Disorders - Sandra R. Leiblum 2010-04-16

The loss or lack of interest in sex is a common complaint in sex therapy. Organized around in-depth case presentations, this book showcases effective treatment approaches for individuals and couples. The contributors are highly skilled therapists who explore the complexity of sexual desire problems and offer detailed descriptions of clinical techniques. The book illuminates the complex interplay of biological, psychological, interpersonal, contextual, and cultural factors that need to be considered in assessment and intervention. Concise chapter introductions by editor Sandra R. Leiblum summarize key themes and provide a context for understanding each author's approach.

The Dictionary of Family Psychology and Family Therapy - S. Richard Sauber 1993-08-09

As the study of the family has expanded, the need for an up-to-date volume that brings together and defines major salient words, phrases and concepts has similarly grown. The updated edition of this unique resource provides an expanded yet compact and handy reference for all practitioners, researchers and students in the fields of family psychology and psychotherapy. Each entry includes a definition of the term, an example of its use, the origin of the term, an early source using the term and, if pertinent, a recent source.

`Borrowed' terms from other fields such as family law, sex therapy, clinical child psychology and group psychology are also included.

Treating Trauma in Dialectical Behavior Therapy - Melanie S. Harned 2022-04-13

Many DBT clients suffer from posttraumatic stress disorder (PTSD), but until now the field has lacked a formal, tested protocol for exactly when and how to treat trauma within DBT. Combining the power of two leading evidence-based therapies—and designed to meet the needs of high-risk, severely impaired clients—this groundbreaking manual integrates DBT with an adapted version of prolonged exposure (PE) therapy for PTSD. Melanie S. Harned shows how to implement the DBT PE protocol with DBT clients who have achieved the safety and stability needed to engage in trauma-focused treatment. In a convenient large-size format, the book includes session-by-session guidelines, rich case examples, clinical tips, and 35 reproducible handouts and forms that can be downloaded and printed for repeated use.

Encyclopedia of Television Shows, 1925 through 2010, 2d ed. - Vincent Terrace 2014-01-10

This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons and experimental programs from 1925 through 1945.

Internet Comedy Television Series, 1997-2015 - Vincent Terrace 2016-02-25

Created around the world and available only on the web, Internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The fourth in a series covering Internet TV, this book takes a comprehensive look at 1,121 comedy series produced exclusively for online audiences. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.

When Art Therapy Meets Sex Therapy - Einat S. Metzl 2016-08-25

Appropriate for both sex therapists and art therapists, *When Art Therapy Meets Sex Therapy* explores sexuality and gender through the use of art making, connecting relevant theories and research from both fields. It begins with a historical review of how explorations of anatomy, physiology, and sexual identity manifested in art making in different cultures and discusses why a clinician must take these spiritual, medical, and socioeconomic factors in account to offer effective and culturally competent therapy. The second part of the book discusses clinically effective treatments in art and sex therapy, and contains numerous case illustrations. Included are interventions for important issues in therapy, such as exploring gender identity, sexual health and shame, processing sexual abuse, couples' intimacy, parenting concerns regarding their children's sexuality, and treating sex addiction.

Sexegesis: An Evangelical Response to Five Uneasy Pieces on Homosexuality -

Sexegesis: An Evangelical Response to Five Uneasy Pieces on Homosexuality is written by a collaboration of Australian biblical teachers and experienced pastors addressing the vexed issue of homosexuality. 'Sexegesis', or sexual interpretation, shows that the traditional reading of Scripture, as against homosexual practice but for homosexual people, still makes best sense of the Bible text. This is contrary to the more liberal revisionist reading of Scripture in *Five Uneasy Pieces*. The Bible's teaching on sexuality is unambiguous as it is life-affirming – both for homosexuals and heterosexuals. This book skillfully balances biblical clarity with pastoral sensitivity, compelling all Christians to engage in genuine dialogue with it and with each other.

Principles and Practice of Sex Therapy, Fifth Edition - Yitzchak M. Binik 2014-03-19

This book has been replaced by *Principles and Practice of Sex Therapy, Sixth Edition*, ISBN 978-1-4625-4339-7.

Sex Tips - Jo-Anne Baker 1999

Interviews with leading international women sex experts.

[National Library of Medicine Audiovisuals Catalog](#) - National Library of Medicine (U.S.)

The Wiley Handbook of Sex Therapy - Zoë D. Peterson 2017-04-24

The *Wiley Handbook of Sex Therapy* is a comprehensive and empirically-based review of the latest theory and practice in the psychotherapeutic treatment of sexual problems across client populations. Structured in four sections covering specific sexual dysfunctions, theoretical approaches to sex therapy; working with

client diversity; and future directions in sex therapy Advocates a holistic approach to sex therapy with a focus on using a range of psychotherapeutic theories and techniques rather than only the most popular behavioral strategies Includes case studies which highlight the broad spectrum of diverse conditions that clients can experience and which sex therapists can therefore encounter in the consulting room Includes contributions by more than 60 experts from a wide range of disciplines

A Clinician's Guide to Systemic Sex Therapy - Gerald Weeks 2012-08-06

A Clinician's Guide to Systemic Sex Therapy provides readers with an integrative and comprehensive theory in guiding their clinical practice. Pragmatically oriented, this text walks clinicians through diagnosis and treatment with resources such as tables, graphs, flow charts, and implementation strategies. The text does not rely on only visual elements, however. Acknowledging that information needs to be guided by a theory that can be translated into practice, the authors use the Intersystems approach to provide a comprehensive perspective in understanding and improving intimate and sexual relationships for clients. A Clinician's Guide addresses and fills the lack of theoretical integration in the practice of couple and sex therapy and provides a relevant follow-up to the authors' extensive text, *Systemic Sex Therapy* (Routledge, 2008). This book is an essential roadmap for translating theory into practice and trains clinicians to give their clients the most thorough and valuable assistance possible.

Clinical Applications of Drama Therapy in Child and Adolescent Treatment - Anna Marie Weber 2005

Guided by theory, yet firmly rooted in clinical practice, this new volume brings together an international group of drama therapy researchers, scholars and practitioners to offer a comprehensive look at the foremost issues in this field.

Of Sex and Faerie: Further Essays on Genre Fiction - John Lennard 2010-01-01

Taking up where the author's book *Of Modern Dragons* (2007) left off, these essays continue Lennard's investigation of the praxis of serial reading and the best genre fiction of recent decades, including work by Bill James, Walter Mosley, Lois McMaster Bujold, and Ursula K. Le Guin. There are groundbreaking studies of contemporary paranormal romance, and of Hornblower's transition to space, while the final essay deals with the phenomenon and explosive growth of fanfiction, and with the increasingly empowered status of the reader in a digital world. There is an extensive bibliography of genre and critical work, with eight illustrations and many hyperlinks.

EMDR Therapy and Sexual Health - Stephanie Baird, MS, LMHC 2021-12-14

The first book to integrate EMDR Therapy treatment of sexual trauma with a focus on helping clients achieve empowered sexual health This unique text provides EMDR clinicians with a complete toolkit, assisting sexual trauma survivors in moving from symptomology reduction/elimination to optimal sexual health and functioning. By integrating sexual health and EMDR Therapy together throughout this innovative book, the Adaptive Information Processing (AIP) Model is applied to sexual health, with sexual health-related material blended into all eight phases of the EMDR Protocol. Encompassing principles and best practices of current helpful positive sexual health frameworks, including fundamental sex therapy information and sex education models, this first of its kind EMDR Therapy resource disseminates essential information on anatomy, the history of sex research, Sexually Transmitted Infections (STIs) and pregnancy related issues, the Dual Control Model of arousal and desire, spontaneous and responsive desire, arousal non-concordance, models of consent for sexual activities, and out of control sexual behaviors. This guide considers the gender experience of trauma for all EMDR Therapy clients, covering challenges, concepts, and helpful strategies for discussing sensitive sexual health matters. It addresses sexual/affectional

orientation, consensual non-monogamy, and how EMDR Therapy can help address the sexual health concerns of erotically marginalized populations. Also covered are matters of aging and spirituality as they impact sexual health. Packed with helpful resources such as questionnaires, guidelines, case examples, charts, cutting-edge diagrams, and anatomy illustrations with non-gendered labels, EMDR therapists will gain the knowledge and confidence they need to facilitate optimal sexual health for the clients in their practice. Key Features: Reinforces innovative content with abundant and diverse case studies Includes first-time publication of two valuable questionnaires: Sexual History Questionnaire and Sexual Styles Survey Delivers new EMDR Therapy resources for facilitating sexual health--Bubble Boundary and Self-Compassion Container Provides a new EMDR Therapy future-oriented resource--Strengthening a Confident and Joyful Sexual Self Examines in-depth sexual/affectional orientation, relationship status such as consensual non-monogamy, and pregnancy loss Includes helpful, nonjudgmental, and affirming information about the kink/BDSM population Provides an overview of EMDR Therapy and sexual health for individuals with physical and intellectual disabilities Describes important sexual health frameworks and concepts Includes sex-positive resources for further education along with client handouts

DIY Sex and Relationship Therapy - Lori Boul 2012-11-06

This book provides a comprehensive, professional 'tool kit' that will help you: - Learn how to resolve sexual and relationship problems - Discover new techniques to improve your relationship - Practise skills that can protect your relationship - Put romance, fun and passion back into your life Drawing on her wide professional experience, Dr Lori Boul provides authentic therapy techniques in an accessible, easy to follow, step-by-step layout that can be practised effectively at home. Full of practical exercises and innovative techniques, DIY Therapy will give you the skills you need to improve your relationship without the expense of face-to-face counselling. You will be guided through a programme of relationship and sex therapy sessions that will help you overcome your difficulties, recapture fun and romance and ensure the changes you make will truly last.

The Psychology of Human Sexuality - Justin J. Lehmiller 2023-10-13

The Psychology of HUMAN SEXUALITY New edition of an authoritative guide to human sexual behavior from a biopsychosocial perspective The Psychology of Human Sexuality is a comprehensive guide to major theoretical perspectives on human sexuality and the vast diversity of sexual attitudes and behaviors around the world, with broad coverage of topics including anatomy, gender and sexual orientation, sexual behaviors, sexual difficulties and solutions, sex work and pornography. Written from a sex-positive perspective with material that is inclusive and respectful of a diverse audience, the text includes cutting edge research on the origins of sexual orientation and gender identity, as well as new treatments for sexually transmitted infections and diseases. To aid in student learning, the text is accompanied by online resources, including a test bank and instructor slides. Separate chapters deal with attraction and relationship processes. The Psychology of Human Sexuality includes information on: Sex science studies that researchers have failed to reliably replicate since the 2nd Edition was published, and the broader "replication crisis" in psychology "Graysexual" identities that fall on the spectrum between allosexual and asexual, and the sex recession of modern times Recent studies that shed light on sexual behavior in cultures that have previously been the subject of very little study Sex and disability, and "take-home messages" to allow readers to implement beneficial changes in their lives An important and comprehensive text that provides readers with a better understanding of, and appreciation for, the science of sex and sexual diversity, The Psychology of Human Sexuality is an essential resource for students of human sexuality in both intermediate and advanced undergraduate courses.
