**Sexuality** - Jeffrey Weeks 2022-12-30

Sexuality is the fifth revised and updated edition of the classic text for understanding human sexuality. This new edition brings the arguments and evidence fully up to date and explores their implication for many topical controversies, around LGBTQ+ rights, the trans experience and gender fluidity, same-sex marriage, sexual autonomy and consent, and the meanings of sexual choice. Since it was first published in the 1980s, Sexuality has been at the cutting edge of the study of the social and historical meanings of sexuality. Blending deep empirical knowledge with theoretical sophistication and an acute sensitivity to the politics of sexuality, the book offers an informed framework for understanding the complexities of sexual life. A key insight of the book is that the ways we think and speak about sexuality make a major contribution to the ways we live it. Sexuality may be rooted in biological possibilities, but it is shaped and experienced through languages and meanings which are inevitably historical and social in nature. The book explores with clarity and precision the invention and re-invention of sexual meanings, the question of what constitutes a true sex and the biological and social roots of sexual difference, the challenges of diversity, the re-making of sexuality as a highly divisive political subject and the implications of the transformation of intimate life in the past few generations. These are seen in the context of profound changes that are re-fashioning the world, especially globalisation, cyber-sex, and the rise of new forms of agency, including among women and LGBTQ+ people, which have fed into new claims for sexual human rights. This new edition of Sexuality will be an indispensable guide for students in the social sciences with an interest in the ever-changing worlds of sexuality.

**The Social Construction of Sexuality** - Steven Seidman 2015

Companion to Sexuality Studies - Nancy A. Naples 2020-06-29

An inclusive and accessible resource on the interdisciplinary study of gender and sexuality Companion to Sexuality Studies explores the significant theories, concepts, themes, events, and debates of the interdisciplinary study of sexuality in a broad range of cultural, social, and political contexts. Bringing together essays by an international team of experts from diverse academic backgrounds, this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for social justice that advance sexual citizenship and reproductive rights. Detailed yet accessible chapters explore the intersection of sexuality studies and fields such as science, health, psychology, economics, environmental studies, and social movements over different periods of time and in different social and national contexts. Divided into five parts, the Companion first discusses the theoretical and methodological diversity of sexuality studies. Subsequent chapters address the fields of health, science and psychology, religion, education and the economy. They also include attention to sexuality as constructed in popular culture, as well as global activism, sexual citizenship, policy, and law. An essential overview and an important addition to scholarship in the field, this book: Draws on international, postcolonial, intersectional, and interdisciplinary insights from scholars working on sexuality studies around the world Provides a comprehensive overview of the field of sexuality studies Offers a diverse range of topics, themes, and perspectives from leading authorities Focuses on the study of sexuality from the late nineteenth century to the present Includes an overview of the history and academic institutionalization of sexuality studies The Companion to Sexuality Studies is an indispensable resource for scholars, researchers, instructors, and students in gender, sexuality, and feminist studies, interdisciplinary programs in cultural studies, international studies, and human rights, as well as disciplines such as anthropology, psychology, history, education, human geography, political science, and sociology.

*The Straight State* - Margot Canaday 2011-07-25

Presents a study of federal regulation of homosexuality, arguing that the United States government systematically penalized homosexuals and gave rise to their second-class citizenship.

*Sexuality, Human Rights, and Public Policy* - Chima J. Korie 2019-11-30

Sexuality, Human Rights, and Public Policy explores the intersection of public policy, human rights, and sexuality as they relate to inclusion and exclusion across diverse cultural settings. It examines how knowledge is formed and experienced at the intersections of culture, sexuality, race, and other axes of identity. This volume engages an array of questions including how public policy shapes the conceptualization of sexuality and rights and by extension the phenomena of inclusion and exclusion in contemporary society across the world. By evaluating how public discourse is employed to re-inscribe differences of gender, sexuality, and rights of citizens, this book provides a comparative analysis of how these processes and dynamics resemble each other or differ cross-culturally. This book demonstrates that in the realm of sexualities, approached from the ideal of human rights as a predominantly Western notion is increasingly challenged by diverse views and new interpretations of human rights in non-Western societies such as Africa and the Middle East.

*Sexual Citizenship* - David Trevor Evans 1993

This provocative book provides a new grounding for the understanding of sexual rights. It examines the ways in which sexuality is constructed, with reference to the rights and lack of rights of homosexuals, transvestites, children and others.

*Gender and Power in Britain 1640-1990* - Susan Kingsley Kent 2002-01-04

Gender and Power in Britain is an original and exciting history of Britain from the early modern period to the present focusing on the interaction of gender and power in political, social, cultural and economic life. Using a chronological framework, the book examines: \* the roles, responsibilities and identities of men and women \* how power relationships were established within various gender systems \* how women and men reacted to the institutions, laws, customs, beliefs and practices that constituted their various worlds \* class, racial and ethnic considerations \* the role of empire in the development of British institutions and identities \* the civil war \* twentieth century suffrage \* the world wars \* industrialisation \* Victorian morality.

*The Gay Crusaders* - Kay Tobin 1975

**Politics of Sexuality** - Terrell Carver 2013-03-07

This book recognises sexuality as a mainstream concept in political analysis and explores issues in the politics of sexuality that are highly salient and controversial today. These include conceptions of citizenship and nationality linked to gender and sexuality, the legislation about the age of consent, prostitution and 'trafficking in women', the international politics of population control, abortion, sexual harassment, and sexuality in the military. The international team of contributors provide a wide range of perspectives in a variety of contexts. On a national level they offer illustrative case studies from the UK, Ireland, the Netherlands, Spain and Israel among others, and on an international plane they cover the European Union, the UN Conference on Population and Development and the role of the Vatican as international arbiter. Moreover, the volume addresses the interaction between political discourse and the work of major theorists such as Weber, Freud, Foucault, Irigaray and Butler.

*Rethinking Sexuality* - David H.J. Larmour 2021-01-12

In this collection of provocative essays, historians and literary theorists assess the influence of Michel Foucault, particularly his *History of Sexuality*, on the study of classics. Foucault's famous work presents a bold theory of sexuality for both ancient and modern times, and yet until now it has remained under-explored and insufficiently analyzed. By bringing together the historical knowledge, philological skills, and theoretical perspectives of a wide range of scholars, this collection enables the reader to explore Foucault's model of Greek culture and see how well his interpretation accounts for the full range of evidence from Greece and Rome. Not only do the essays bring to light the assumptions, ideas, and practices that constituted the intimate lives of men and women in the ancient Mediterranean world, but they also demonstrate the importance of the *History of Sexuality* for fields as diverse as Greco-Roman antiquity, women's history, cultural studies, philosophy, and modern sexuality. The essays include "Situating The

*History of Sexuality*" (the editors), "Taking the Sex Out of Sexuality: Foucault's Failed History" (Joel Black), "Incipit Philosophia" (Alain Vezier), "The Subject in Antiquity after Foucault" (Page duBois), "This Myth Which Is Not One: Construction of Discourse in Plato's Symposium" (Jeffrey S. Carnes), "Foucault's History of Sexuality: A Useful Theory for Women?" (Amy Richlin), "Catullan Consciousness, the 'Care of the Self,' and the Force of the Negative in History" (Paul Allen Miller), "Reversals of Platonic Love in Petronius' Satyricon" (Daniel B. McGlathery), and an essay from *Dislocating Masculinity* (Lin Foxhall).

**Sexual Citizenship** - David Evans 2013-01-11

This enthralling and provocative book provides a new grounding for the understanding of sexual rights. It argues that all varieties of sexuality under capitalism are materially constructed out of the complex interrelationship between the market and the state. The examples of different sexual rights and lack of rights that it examines include the experience of male homosexuals, bisexuals, transvestites, transsexualists and children. Meticulous, focused and challenging, it will be required reading for anyone interested in modern human sexualities.

**Intimate Citizenship** - Ken Plummer 2011-10-01

Solo parenting, in vitro fertilization, surrogate mothers, gay and lesbian families, cloning and the prospect of designer babies, Viagra and the morning-after pill, HIV/AIDS, the global porn industry, on-line dating services, virtual sex--whether for better or worse, our intimate lives are in the throes of dramatic change. In this thought-provoking study, sociologist Ken Plummer examines the transformations taking place in the realm of intimacy and the conflicts--the intimate troubles--to which these changes constantly give rise. In surveying the intimate possibilities now available to us and the issues swirling around them, Plummer focuses especially on the overlap of public and private. Increasingly, our most private decisions are bound up with public institutions such as legal codes, the medical system, or the media. What impact does the increasingly public character of personal life have on our sense of ourselves and on how we view our own intimate choices? To navigate our way through a world in which people's private lives are so often subject to public scrutiny and debate, and in which the public sphere is increasingly pluralized and contested, we must broaden our understanding of what it means to be a citizen. Through the idea of "intimate citizenship," Plummer sets an important agenda for the years to come.

**Sex and Sexualities in Ireland** - Barbara Górnicka 2023-12-02

This edited collection provides an invaluable resource of seventeen chapters from a wide range of academic disciplines. These chapters place sex and sexualities in Ireland in historical context and take the reader through the structural changes that have transformed the expression of sexuality in Ireland from one of self-denial to self-expression. The collection does not however unquestionably assume a linear narrative of progress: new issues and challenges are also addressed throughout. This book will be of interest to students and scholars from a range of disciplines including sociology, social policy, history, media, gender studies and psychology. The collection is divided into six separate but interlinked thematic sections: Sexualities in Historical Irish Contexts, Young Adults, Sexual Health, and Education, Sexual Practices and Health, Minority Sexualities and Genders, Sex Work in Ireland and Activism and Contestation.

**Sexing the Body** - Anne Fausto-Sterling 2020-06-30

Now updated with groundbreaking research, this award-winning classic examines the construction of sexual identity in biology, society, and history. Why do some people prefer heterosexual love while others fancy the same sex? Is sexual identity biologically determined or a product of convention? In this brilliant and provocative book, the acclaimed author of *Myths of Gender* argues that even the most fundamental knowledge about sex is shaped by the culture in which scientific knowledge is produced. Drawing on astonishing real-life cases and a probing analysis of centuries of scientific research, Fausto-Sterling demonstrates how scientists have historically politicized the body. In lively and impassioned prose, she breaks down three key dualisms -- sex/gender, nature/nurture, and real/constructed -- and asserts that individuals born as mixtures of male and female exist as one of five natural human variants and, as such, should not be forced to compromise their differences to fit a flawed societal definition of normality.

*Youth, Sexuality and Sexual Citizenship* - Peter Aggleton 2018-10-23

Sexual citizenship is a powerful concept associated with debates about recognition and exclusion, agency, respect and accountability. For young people in general and for gender and sexually diverse youth in

particular, these debates are entangled with broader imaginings of social transitions: from 'child' to 'adult' and from 'unreasonable subject' to one 'who can consent'. This international and interdisciplinary collection identifies and locates struggles for recognition and inclusion in particular contexts and at particular moments in time, recognising that sexual and gender diverse young people are neither entirely vulnerable nor self-reliant. Focusing on the numerous domains in which debates about youth, sexuality and citizenship are enacted and contested, *Youth, Sexuality and Sexual Citizenship* explores young people's experiences in diverse but linked settings: in the family, at school and in college, in employment, in social media and through engagement with health services. Bookended by reflections from Jeffrey Weeks and Susan Talburt, the book's empirically grounded chapters also engage with the key debates outlined in its scholarly introduction. This innovative book is of interest to students and scholars of gender and sexuality, health and sex education, and youth studies, from a range of disciplinary and professional backgrounds, including sociology, education, nursing, social work and youth work.

**Innocence, Knowledge and the Construction of Childhood** - Kerry H. Robinson 2013-05-02

*Innocence, Knowledge and the Construction of Childhood* provides a critical examination of the way we regulate children's access to certain knowledge and explores how this regulation contributes to the construction of childhood, to children's vulnerability and to the constitution of the 'good' future citizen in developed countries. Through this controversial analysis, Kerry H. Robinson critically engages with the relationships between childhood, sexuality, innocence, moral panic, censorship and notions of citizenship. This book highlights how the strict regulation of children's knowledge, often in the name of protection or in the child's best interest, can ironically, increase children's prejudice around difference, increase their vulnerability to exploitation and abuse, and undermine their abilities to become competent adolescents and adults. Within her work Robinson draws upon empirical research to: provide an overview of the regulation and governance of children's access to 'difficult knowledge', particularly knowledge of sexuality explore and develop Foucault's work on the relationship between childhood and sexuality identify the impact of these discourses on adults' understanding of childhood, and the tension that exists between their own perceptions of sexual knowledge, and the perceptions of children reconceptualise children's education around sexuality. *Innocence, Knowledge and the Construction of Childhood* is essential reading for both undergraduate and postgraduate students undertaking courses in education, particularly with a focus on early childhood or primary teaching, as well as in other disciplines such as sociology, gender and sexuality studies, and cultural studies.

*Sexualities: Sexualities and their futures* - Kenneth Plummer 2002

Volume 3: Difference and Diversity of Sexualities. This section examines the politics, power and critique of sexual categories -including bisexuality, sex addiction, prostitution and sadomasochism.

*Sexuality and Citizenship* - Diane Richardson 2017-09-18

Sexual citizenship has become a key concept in the social sciences. It describes the rights and responsibilities of citizens in sexual and intimate life, including debates over equal marriage and women's human rights, as well as shaping thinking about citizenship more generally. But what does it mean in a continually changing political landscape of gender and sexuality? In this timely intervention, Diane Richardson examines the normative underpinnings and varied critiques of sexual citizenship, asking what they mean for its future conceptual and empirical development, as well as for political activism. Clearly written, the book shows how the field of sexuality and citizenship connects to a range of important areas of debate including understandings of nationalism, identity, neoliberalism, equality, governmentality, individualization, colonialism, human rights, globalization and economic justice. Ultimately this book calls for a critical rethink of sexual citizenship. Illustrating her argument with examples drawn from across the globe, Richardson contends that this is essential if scholars want to understand the sexual politics that made the field of sexuality and citizenship studies what it is today, and to enable future analyses of the sexual inequalities that continue to mark the global order.

**Sadomasochism in Everyday Life** - Lynn S. Chancer 1992

Table of Contents Acknowledgments Introduction Reflecting on a Set of Personal and Political Criteria 1 Pt. 1 Expanding the Scope of Sadomasochism Ch. 1 Exploring Sadomasochism in the American Context 15 Ch. 2 Defining a Basic Dynamic: Paradoxes[sic] at the Heart of Sadomasochism 43 Ch. 3 Combining the Insights of Existentialism and Psychoanalysis: Why Sadomasochism? 69 Pt. 2 Sadomasochism in Its Social Settings Ch. 4 Employing Chains of Command: Sadomasochism and the Workplace 93 Ch. 5 Engendering Sadomasochism: Dominance, Subordination, and the Contaminated World of Patriarchy 125 Ch. 6 Creating Enemies in Everyday Life: Following the Example of Others 155 Ch. 7 A Theoretical Finale 187 Epilogue 215 Notes 223 Index 231

**The Oxford Handbook of Citizenship** - Ayelet Shachar 2017

This Handbook sets a new agenda for theoretical and practical explorations of citizenship, analysing the main challenges and prospects informing today's world of increased migration and globalization. It will also explore new forms of membership and democratic participation beyond borders, and the rise of European and multilevel citizenship
