The Sex Bible For People Over 50 - Laurie Betito
2014-07-01

This essential guide shows readers over fifty how to reconnect with their partners, experiment, handle sex & dating, and more. Sex post-fifty can be the best ever, but it requires a different skill-set—more communication, longer foreplay, different positions, sexual toys and aids—to stay hot and exciting. It also needs to accommodate the myriad of physical, emotional, and social changes that happen in late middle-age. In *The Sex Bible for People Over 50*, Dr. Laurie Betito addresses common physical and sexual issues that 50+ couples encounter, and provides tips and solutions that are fun and exciting, like modified positions or the use of sexual toys and aids. It also shows readers how to build new sexual skills by providing exercises and new ways to enjoy sexual pleasure on their own, and with their partner.

Perfectly Normal - Sandra Pertot 2005-02-05
A challenge to assumptions about sex in our

society confronts the unrealistic expectations that leave many couples disappointed in their love lives, and explores a new view of sex in relationships that allows intimates to stop berating themselves over what they do not have. Original. 30,000 first printing.

Teaching America about Sex - M. E. Melody
1999-05

This witty and provocative study of sex and marriage manuals reveals the patterns of permissiveness and prohibition, and, tellingly, the mechanisms of suasion and enforcement - from sermons and hellfire to mutilation and electroshock - that have informed popular sex education over the past hundred and twenty years. From the roaring '20s to the 1960s sexual revolution and after, *Teaching America about Sex* reveals that, even as sexual behavior changed during periods of upheaval, the prescriptive literature on sex has remained traditional at its core, promoting primarily sex within marriage for the purpose of reproduction.

The Joy of Sags - Phyllis Foundis 2017-12-31
 Apparently the post-40 woman has pressed the 'off' button on her sexuality. Too tired. Too bored. Too late to feel sexual again. Surely this is the mainstream pre-menopausal woman's plight, right? Wrong. Even as collagen deserts us, and the sags arrive a woman's sexual joy exists, more importantly, it persists. This book offers a fresh, progressive, 21st century look at 'seasoned' female sexuality. It shines a big, beautiful light on the gloriously authentic and joyful stories lived by women from all walks of life in their 40, 50s, 60s, 70s and beyond. ...because a woman's sexuality doesn't have an expiration date. It also can't be summarised in a convenient acronym, phrase or soundbite. Women of a certain age. The cougars. The MILFs. The mature woman. The middle age. ...all largely senseless labels that serve to crush the vitality of a post-40 clitoris. Welcome to The Joy of Sags, a judgement-free, sensual nirvana where sex and longing and desire are alive, well

and kicking serious orgasm. Again and again and again.

The Joy of Growing Up - Wendy Freebourne 2005

Growing up is a challenging, exciting, and satisfying journey. This book takes you through that journey, giving you the tools you need to navigate it successfully. It shows you how responsibility, chosen carefully and taken on willingly, brings freedom and fulfilment. It gives models for growing up in the twenty-first century.

Sex After Seventy - James A. Grant 2018-09-12
 Sex has been used to sell nearly everything in our modern culture, but almost no attention has been given to the personal importance of it in all of our lives, and most of us really know very little about it. Sex can and should be a major part of life for all adults and for all seniors thorough their golden years. In early chapters, the author challenges you to use the mirror of critical examination of yourself and your partner

Downloaded from
legacy.opendemocracy.net on 2020-09-15

to identify areas of relationship and sexual technique weaknesses. In chapters VII and VIII, he is shockingly candid with very detailed specifics of sexual facts and techniques including little known topics such as first encounter sexual imprinting, micro body movements, female ejaculation, A-spot, G-spot, U-spot and other erogenous zones, the magic sexual frequency of .8 Hertz, hip scooping, why erectile dysfunction doesn't matter, anatomical variations, sexual fantasies, types of orgasms, effective sexual positions, sexual aids, and specific directions about how to make yourself sexual royalty. In *SEX AFTER SEVENTY* the author discusses specifics about the importance of understanding ourselves to get past false information that we have been subjected to our entire lives from well-meaning and not so well-meaning influences. He urges us to think for ourselves.

The Joy of Mature Sex - William Campbell
Douglass 1995-08-01

the-joy-of-mature-sex

[Sex & the 60s](#) - Cissy Wechter 2006-10

Stranger in Baja takes the reader to sun-struck and tawdry Cabo San Lucas, the overdeveloped resort outpost on Mexico's bone-dry southern Baja peninsula and the setting for a street war between evangelical foreigners and local Catholics. Troubled by doubts and demons, naive missionary volunteer Rob Hudson arrives in Cabo on a soul-seeking mission and finds a world of inept arsonists, wily healers, prying journalists, Machiavellian bosses, troubled hermits, hip-hop bands, lunar rituals, drug gangs and a music teacher who rocks his soul.

[Healthy Aging](#) - Patrick P. Coll 2019-03-29

This book weaves all of these factors together to engage in and promote medical, biomedical and psychosocial interventions, including lifestyle changes, for healthier aging outcomes. The text begins with an introduction to age-related changes that increase in disease and disability commonly associated with old age. Written by experts in healthy aging, the text approaches the

principles of disease and disability prevention via specific health issues. Each chapter highlights the challenge of not just increasing life expectancy but also decreasing disease burden and disability in old age. The text then shifts into the whole-person implications for clinicians working with older patients, including the social and cultural considerations that are necessary for improved outcomes as Baby Boomers age and healthcare systems worldwide adjust. Healthy Aging is an important resource for those working with older patients, including geriatricians, family medicine physicians, nurses, gerontologists, students, public health administrators, and all other medical professionals.

[My New Sex Life - Erotic Novel](#) - Poppy Walker
2022-06-17

Reflexively, Kevin pulled out his cell phone. He Googled "dating apps for mature adults." After reading reviews of a few apps, he chose one that seemed the least intimidating and downloaded

it. Mathias looked at a few pictures of singles in his area. Then he decided to pay for six months of access and create a profile. An erotic journey began.... Full of lust and passion... With everything that is taboo. My new sex life

Total Sex Addiction Recovery - A Guide to Therapy - Dorothy Hayden 2013-03-07

"This new book by Dorothy Hayden sheds new light on sexual addiction and its many forms of treatment. It is a comprehensive guide that adds practical strategies and therapy tools for how to address sufferers from sexual addiction. This book is a must-have for clinicians as it provides effective tools on how to address individuals, couples, and groups struggling with this condition. Overall, the blend of academic and real-life case studies throughout each chapter will help readers move in their journey toward recovery."—Dr. Kimberly S. Young—founder and director, the Center for Internet Addiction Recovery and author of *Tangled in the Web: Understanding Cybersex from Fantasy to*

Addiction “Great stuff! Solid information for those who are looking for real help from this insidious issue. A comprehensive overview of sexual addiction and treatment modalities. It’s staying on MY short list of recommended books for our clients here at Compulsion Solutions.”

George N. Collins, Director Compulsion Solutions Author of “Breaking the Cycle: Free Yourself from Sex Addiction, Porn Obsession, and Shame” Co-author of “A Couple’s Guide to Sexual Addiction”

THE AGEING OF GREAT BRITAIN - Martin Slattery 2019-11-19

Great Britain is ageing, but doesn’t seem to know it. Despite numerous warnings from official reports, the Government has ignored or neglected the ‘car-crashes’ ahead. Our Health & Social Care services, our pensions system and our housing provision are all in crisis whilst almost every family now faces the dilemma of ageing parents and boomerang children unable to leave home. Yet it doesn’t have to be all doom

& grey gloom. In this detailed new book, Martin Slattery seeks to show there is a “silver side” to this Age Revolution; the potential for a New Age manifesto that might propel Ageing up the political agenda, create a new Intergenerational Social Contract and force the government to plan ahead for the 100 Year Life now facing over a third of all children born today. If the Japanese, the Scandinavians and the Bolivians can do it, why not Great Britain? We owe that to our children and to the generations ahead. Welcome to the Ageing World of the 21st Century!

Love, Joy, and Sex - Stan Chu Ilo 2019-07-30
There is no papal document that has generated as much interest, controversy, and debate in recent times as Pope Francis’s Amoris Laetitia. This document, which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015, will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and

*Downloaded from
legacy.opendemocracy.net on 2020-09-15
by guest*

family life. This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians, social scientists, and pastoral workers. They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same-sex relations, divorce and remarriage, and reception and denial of Holy Communion in the church, among other divisive issues. These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage, family, and same-sex relations. Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling. The authors here also call for the inclusion of Africa's own unique challenges--like polygamy, childless marriages, and the impact of migration, civil

conflict, diseases, ecological and population crises, and the rights of African women--in the global discussion on marriage and family life. They also challenge uncritical cliches in world Christianity that Africa's opposition to same-sex marriages (or Western propaganda about population or birth control and contraception) are conservative, while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent.

Argument for Mind - Jerome Kagan 2006-01-01

In this elegantly written book, Jerome Kagan melds the history of the field of psychology during the past 50 years with the story of his own research efforts of the same period and an analysis of what he terms "the currently rocky romance between psychology and biology." As Kagan unwinds his own history, he reveals the seminal events that have shaped his career and discusses how his assumptions have changed. With full appreciation for the contributions to psychology of history, philosophy, literature, and

*Downloaded from

neuroscience, he approaches a wide range of fascinating topics, including: middot; the abandonment of orthodox forms of behaviorism and psychoanalysis middot; the forces that inspired later-twentieth-century curiosity about young children middot; why B. F. Skinner chose to study psychology middot; why the study of science less often ignites imaginations today middot; our society's obsession with erotic love middot; the resurgence of religious fanaticism and the religious Right Embedded in Kagan's discussions is a rejection of the current notion that a mature neuroscience will eventually replace psychology. He argues that a complete understanding of brain is not synonymous with a full explanation of mind, and he concludes with a brief prediction of the next five decades in the field of psychology.

A Gospel for the Mature Years - Harold G Koenig
 2013-04-15

There's good news for middle-aged and older adults who wish to grow emotionally and spiritually and experience satisfaction and joy in their mature years regardless of circumstance, health, or age. *A Gospel for the Mature Years* shows you how to achieve joy and fulfillment by developing a deep, personal, intimate relationship with God, recognizing your God-given gifts, and using your abilities in service to others. Our later years are not meant to be a time for idleness and withdrawal from life. Rather, this is an exciting, meaningful, and action-packed time when we should grab hold of life and live it fully, advancing God's kingdom in our families, communities, and nation. Meant both for individual reading and for use in churches as a workbook for small discussion groups, *A Gospel for the Mature Years* is arranged to facilitate use in classes running on a calendar quarter of 13 Sundays. Questions for

discussion at the end of each chapter have been designed to encourage individual preparation for participation in the group. Specific topics you learn about include: emotional growth and spiritual development achievement of well-being and fulfillment achieving Christian maturity preventing depression counseling and caregiving using one's gifts and talents overcoming barriers to loving and serving others avoiding burnout and exhaustion when loving and serving others These are increasingly difficult times, requiring that God's people work together by utilizing their talents for the benefit of others. The authors make clear that the call to service does not end with retirement. We can use this inspirational book to identify our gifts and learn how to best use them in service to God and others. A Gospel for the Mature Years will help us produce a society of people with vision--a vision of hope that life can have meaning and purpose regardless of circumstance, and of faith that every person has been given a gift that will

enable them to make a difference in this world and make it a better place for their children and grandchildren.

Facts about Sex for Youth -

Sex, Power, Conflict : Evolutionary and Feminist Perspectives - Ann Arbor David M. Buss Professor of Psychology University of Michigan 1996-03-21

Sexual harassment in the workplace, date rape, and domestic violence dominate the headlines and have recently sparked scholarly debates about the nature of the sexes. Concurrently, the scientific community is conducting research in topics of sex and gender issues. Indeed, more research is being done on the topics of sexual conflict and coercion than at any other time in the history of the social sciences. Despite this attention, it is clear that these issues are being addressed from two essentially different perspectives: one is labeled "feminist", while the other, viewed as antithetical to the feminist

*Downloaded from
legacy.opendemocracy.net on 2020-09-15

movement, is called "evolutionary psychology", which emphasizes the history of reproductive strategies in understanding conflict between the sexes. This book brings together leading experts from both sides of the debate in order to discover how each could offer insights lacking in the other. The editors' overall goal is to show how the feminist and evolutionary approaches are complementary despite their evident differences, then provide an integration and synthesis. In fact, several of the contributors to this unique volume consider themselves advocates of both approaches. As a stimulating presentation of the dynamics of sex, power, and conflict--and a pioneering rapprochement of the diverse tendencies within the scientific community-- this book will attract a wide audience in both psychology and women's studies fields.

The Art of Sensual Loving - Andrew Stanway
2003

In this newly revised edition of The Art of

Sensual Loving, Dr. Andrew Stanway shows how a return to the pleasures of courtship and romance, flirtation and seduction, can greatly enhance a loving sexual relationship. With more than twenty-five years of clinical practice behind him, Dr. Stanway explores how couples today can achieve not only greater intimacy in their relationships, but also be more innovative in their lovemaking. Subjects covered include attraction and courtship, the art of seduction, the role of fantasy, sensual and erotic massage, understanding arousal, sex drives, and desire, and how to create romantic opportunities. This fully illustrated, full-color volume celebrates the art of courtship anew as it frankly discusses the issues of intimacy and commitment that all couples face. Practical suggestions regarding romantic settings, the role of sex toys, and shared fantasies round out mature descriptions of detailed lovemaking techniques and positions. The Art of Sensual Loving's latest edition confirms its status as a classic guide to greater
