The Country Girls: Three Novels and an Epilogue - Edna O'Brien 2017-11-14

A treasure of world literature back in print, featuring a new introduction by Eimear McBride This omnibus edition includes the novels *The Country Girls*, *The Lonely Girl*, and *Girls in Their Married Bliss*. The country girls are Caitheleen "Kate" Brady and Bridget "Baba" Brennan, and their story begins in the repressive atmosphere of a small village in the west of Ireland in the years following World War II. Kate is a romantic, looking for love; Baba is a survivor. Setting out to conquer the bright lights of Dublin, they are rewarded with comical miscommunications, furtive liaisons, bad faith, bad luck, bad sex, and compromise; marrying for the wrong reasons, betraying for the wrong reasons, fighting in their separate ways against the overwhelming wave of expectations forced upon "girls" of every era. The Country Girls Trilogy and Epilogue charts unflinchingly the pattern of women's lives, from the high spirits of youth to the chill of middle age, from hope to despair, in remarkable prose swinging from blunt and brutal to whimsical and lyrical. It is a saga both painful and hilarious, and remains one of the major accomplishments of Edna O'Brien's extraordinary career.

The Girl with the Jade Green Eyes - John Boyd 2018-01-18

When the encounter long sought by mankind -- first contact with intelligent beings from outer space -- occurred two years ago in a remote area of the Idaho Panhandle, the event was not marked in the heavens with strange lights or on Earth with newspaper headlines. It began prosaically one Thursday morning in late May... "Where are you from?" She glanced toward the eastern ridge, studying it, and for a moment he thought she might point to a rock or a tree. Weighing her answer carefully, she pointed toward the top of the ridge and said, "From there." "From the other side of the mountain?" he asked. "No. From the other side of the morning."

Caitheleen Brady and her attractive friend Baba are on the verge of womanhood and dreaming of spreading their wings in a wider world; of discovering love and luxury and liquor and above all, fun. With bawdy innocence, shrewd for all their inexperience, the girls romp their way through convent school to the bright lights of Dublin - where Caitheleen finds that suave, idealised lovers rarely survive the real world. 'She is one of our bravest and best novelists' Irish Times 'O'Brien rises like a lark in the clear air, she sings as she flies' Literary Review 'One of the greatest writers in the English-speaking world' New York Times Book Review

Green Eyes - Lucius Shepard 2013-05-06

Dr Ezawa had made some remarkable discoveries about the Voodoo beliefs that persisted in the Louisiana bayou country - like how to create zombies by injecting corpses with the dirt from old slave graveyards. The eyes of the awoken dead blazed with a brilliant green luminosity, and before they burned out, strange visions and superhuman abilities tormented them. The poet Harrison didn't want to remain a guinea pig. He wanted to find out the truth behind the scientists' sinister manipulations - and he wanted to stay alive. But when he escaped and began to test his growing powers on the superstitious Cajun swamp dwellers, another terrifying world began to unfold before his green eyes...
