"[...]and intensifying the sex instinct until it bears a relationship to the average instance of sex-expression, analogous to that which the single-celled organism bears to intellectual man. If we will keep in mind the fact that Life in all its degrees of manifestation is like the ascending notes of the musical scale, we will be able to get a more comprehensive idea of the spiritual function of the sex-urge. We will realize that we can not mark a too distinctive separation between the various phases of life-manifestation.[...]"

Sex = the Unknown Quantity - Ali Nomad 2015-04-08
A New and Startling Interpretation of the

Meaning, Scope and Function of Sex as Seen and Interpreted From the Inner or Cosmic Standpoint. A Work That Should Revolutionize the Thought of Today in its Relation to the Vital Mystery of Sex in All its Aspects. It Presents a Practical Solution to the Sex Problems of Everyday Life. Sex is the fulcrum upon which our life-activities turn. It is the life of Man and of planets, and ignorance of the laws of Sex is the cause of death of both. It is the conjunction of the forces of attraction and repulsion; the positive and negative; the centripetal and centrifugal forces which hold stars and planets in their orbits-or rather, it is the two expressions of the one power, which is both male and female, the eternal bi-une sex principle which is Life. The law of attraction everywhere, from that of the sun and the earth, to that of the iron and the magnet, the "affinity" of the various gases and liquids, is founded upon Sex. Cohesion is but another name for copulation, and repulsion is absence of the power of contact. The law of attraction and cohesion everywhere is the law of sex-activity. "The law of conjugation is the basis of every force in nature," says a scientist. Sex constitutes the eternal energy from which issue all the forms and differentiations which we see manifested in the visible universe, and it is equally the foundation of the realms invisible. Sex is the algebraical X-the unknown quantity which defies analysis. Absolute and perfect union is possible only at the center, the crux, of Being. This truth is represented by the algebraical X, the symbol of spiritual sex-union. Therefore sex relationships which do not have for their crux spiritual as well as temperamental affinity, are not final, or eternal, however beautiful they may be; and there are many sex-relationships which are pure and sacred even though they do not fulfill this highest of all relationships, that of spiritual counterparts. Nature serves the cosmic law, which aims to raise the sex-instinct from the incomplete and unsatisfying plane of physical contact, to that of spiritual union-a wide gulf seemingly; but who would not strive to bridge it, did he but realize what spiritual union with the Beloved One means? CHAPTER I. SEX UNIVERSAL AND ETERNAL CHAPTER II. SEX WORSHIP AND SEX DEGRADATION CHAPTER III. PRESENT-DAY CONDITIONS: THE COSMIC CAUSE

CHAPTER IV. THE HISTORY OF MARRIAGE AND MATING CHAPTER V. THE SYMBOLISM OF MARRIAGE AND OF SEX-UNION CHAPTER VI. CONTINENCE; CHASTITY AND ASCETICISM; THEIR SPIRITUAL SIGNIFICANCE CHAPTER VII. SOUL-UNION: WHERE WILL IT LEAD? CHAPTER VIII. THE HIDDEN WISDOM REVEALED CHAPTER IX. WHAT CONSTITUTES SEX IMMORALITY? CHAPTER X. THE PATHWAY OF LOVE
