How To Be a Bitch - Marissa Tindall 2019-10-10

How To Be a Bitch: How Women Who Have It All Actually Have It All Have you been in a situation where you say things like, "I can't bring this painting out this way, it is not good enough," "I would have loved to take the job but I think I am not ready for it," or, "Why should I show an interest when other people can do it far better than me?" If you have, it shows that your confidence is low and it is holding you back, limiting your choices, and finally giving your power to perfectionism-something that we shouldn't do. This book has the tricks that will empower you as a woman. You will learn how to outgrow your career. It is time to know how to balance everything in your life. There are also aspects of how to develop good habits, persevering and ensuring you attain more productivity. No one is born blank. Nature has created several

placeholders in us - there is the part of us that yearns for the 'Hows.' How do I look attractive? How do I avoid being rude? How do I compare? How do I win over that guy? And, of course, how do I succeed? To each one of these and several others, we have answers. These answers are not carefully thought-out ones - we just happen to know the answers, thanks to society. Society performs one function - it fills in the various blank spaces in our consciousness with different types of ideas, thoughtful and dogmatic. You really cannot blame yourself for having these ideas - not many of us are born geniuses. The ability to sit down and contemplate our affairs very profoundly and critically is something we learn with considerable effort. But because we lack the determination to carry out this exercise, we simply follow the current of society. Do you think I am wrong? Well, let's see, shall we? LOOK, MAYBE YOU'RE A NICE GIRL, but we're guessing you're more

like us or you probably wouldn't have picked up this book. Not that we have a problem with girls who are nice people. But being nice is just not the way to get what you want. But in a ruling your world, being the most desired, powerful badass in the room way, so you can come out on top of any situation: guys, career, friends, enemies, whatever. How does a bitch make that happen? Here are some highlights: DON'T BE EASY. DON'T BE POOR. DON'T BE UGLY. We didn't come up with these life lessons. We're just the ones who wrote it all down. F*CK Him! - Nice Girls Always Finish Single - a Guide for Sassy Women Who Want to Get Back in Control of Their Love Life - Brian Nox 2016-10

The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's

his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of

this page and start your high value woman journey right away!

The Case for Falling in Love - Mari Ruti 2011-02-01

Praise for *The Case for Falling in Love* "Why play 'hard to get' when you can just get what you want? Mari Ruti's lively research, from Plato to Freud to Gossip Girl to her own bedroom, finally puts an end to playing games, and provides a resource for lovers and the love-scorned alike. A must-read for anyone who has ever fallen in love, wants to, or wants to know what went wrong." -Arianne Cohen, creator of TheSexDiariesProject.com "At last, a relationship advice book that will actually work. If you're intelligent, interested in love, and like a book you can't put down, this is it. John Gray, move over. The brilliant Mari Ruti has arrived." -Juliet Schor, professor of sociology, Boston College, and author of *Born to Buy* and *Plenitude: The New Economics of True Wealth* "Groundbreaking...Ruti opens the eyes of her readers so that they can love better...A must-read." -Nancy Redd, New York Times bestselling author of *Body Drama* "Finally, a book that takes love seriously. Written with passion and verve...I wish I had read this book years ago!" -Sean Carroll, author of *From Eternity to Here: The Quest for the Ultimate Theory of Time* Are you tired of reading book after book and playing game after game, trying to avoid heartbreak? It seems impossible, and maybe that's because you can't lock up your heart like that-not if you want the real thing. And maybe that's one of the best things about love. We've been thinking about it all wrong. Our culture's insistence that women need to learn how to catch and keep a man is actually doing much more harm than good. The more we try to manipulate our

relationships, the less we are truly able to experience love's benefits and wonders. Love is a slippery, unruly thing, and trying to control and manage it robs us of its delicious unpredictability. Sure, letting go of the reins a bit might mean a broken heart, but heartbreak, in fact, offers a wealth of possibilities-creativity, wisdom, and growth-that we need in order to make the most of our lives. Liberating for women who are frustrated by the idea that they just need to learn the right "formula," *The Case for Falling in Love* shows that there isn't a method to mastering the madness of love. But that might be exactly what's so wonderful about it.
