The Life and Death of Sophie Stark - Anna North 2015-05-19

Winner of the 2016 Lambda Literary Award for Bisexual Fiction "I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story."—Emma Donoghue, *New York Times* bestselling author of *Room* "This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy."—Lena Dunham
Gripping and provocative, *The Life and Death of Sophie Stark* is a haunting story of fame, love, and legacy told through the propulsive rise of an iconoclastic artist. Sophie Stark begins her filmmaking career by creating a documentary about her obsession, Daniel, a college basketball star. But when she becomes too invasive, she finds herself the victim of a cruel retribution. The humiliation doesn't stop her. Visionary and unapologetic, Sophie begins to use stories from the lives of those around her to create movies, and as she gains critical recognition and acclaim, she risks betraying the one she loves

most. Told in a chorus of voices belonging to those who knew Sophie best, *The Life and Death of Sophie Stark* is an intimate portrait of an elusive woman whose monumental talent and relentless pursuit of truth reveal the cost of producing great art. It is "not only a dissection of genius and the havoc it can wreak, but also a thunderously good story" (Emma Donoghue).

Trust Me, I'm a Doctor. - Sandeep Kapoor 2017-08-28

For years, Dr. Sandeep Kapoor chronicled his daily life in simple spiral-bound notebooks. These journals were his safe space: he could be fully himself, totally vulnerable, and completely

free in the absolute privacy of those pages.

Private-until a patient died under his watch, and his happy, normal life spiraled into chaos. That patient was celebrity Anna Nicole Smith, and Dr. Kapoor's journals were suddenly considered evidence in the trial that would determine whether Kapoor played a role in Smith's death. Throughout the next hectic months, Kapoor found himself forced into the spotlight as the media and public speculated about Smith's death and Kapoor's involvement. Dr. Kapoor continued to journal throughout this arduous time, and *Trust Me, I'm a Doctor* is his memoir of the events surrounding this tragedy. His is a complex story of how one poor decision led to years of persecution. It's a compelling behind-the-scenes look at not only Anna Nicole Smith's story but also the personal and professional life of one man who simply wants to provide care for those in pain. With warm humor, honesty, and humility, Dr. Kapoor tells it all-find out what really happened and who Dr. Kapoor really is.

Magic In Her Kisses - Ruan Willow 2021-12-07
College student Alicia fantasizes about her hot nerdy teacher, Dr. Maddie Lillian, her thoughts drifting to steamy office hour hook-ups as she listens dreamily to the professor's lectures. After getting a job as her lab assistant, Alicia finds her wishes swelling into thoughts of being spanked in her employer's cluttered office, though she wonders, being as clumsy as the woman is if she could coordinate such actions. She decides to act on her fantasies and begins seducing the brainiac. Much to her wonderment, the determined professor reveals herself to be a surprisingly eager, if adorably inexperienced, dominant BDSM lover-so much so that, despite Alicia's presumed distaste for spanking, she soon

finds herself yearning for more play. Delicious forays into sexual exhibition, fueled by the taboo nature of their entanglements, lure both women into forbidden union after union. What started as being all about the guilty pleasures of hardcore sex gives way to the magic in their kisses, sparking a sweet, caring romance that neither expected. Unfortunately, not everyone approves, and Alicia's mommy issues soon rage. Just as the two are beginning to realize what they've found in each other, there isn't enough magic in the world to save their love, demanding the empowered young seductress find a new way to be bold. This book contains kinky explicit lesbian sex scenes.

Sex in China - Fang Fu Ruan
2013-11-22

China today is sexually (and in many other ways) a very repressive society, yet ancient China was very different. Some of the earliest surviving

literature of China is devoted to discussions of sexual topics, and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins. In recent years, a number of books have been written exploring the history of sexual practices and ideas in China, but most have ended the discussion with ancient China and have not continued up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs, then carries the story to present-day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism, and prostitution, and ends with a chapter on changing attitudes toward sex in China today. Dr. Ruan is well qualified to give such an overview. Until he left China in the 1980s, he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China, and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems. A physician and medical historian, Dr. Ruan's doctoral dissertation was a study of the history of sex in China.

Marshfield Dreams - Ralph Fletcher

2005-09-01

Montessori Madness -- Trevor Lissler 2009

The colorful boyhood of a popular author comes to life in this personal account. Imagine learning from a nosy classmate that your mother is having yet another baby. To Ralph's classmates, news of one more Fletcher baby is just "scuttlebutt." But for Ralph, the oldest of nine, being part of a large family means more kids to join in the fun—from making tripods in the woods and "snicking" up the rug, to raising chicks and even discovering a meteor (well, maybe). It doesn't feel like there's life beyond Marshfield, Massachusetts. Then one day Dad's new job moves the family to Chicago, and there's so much Ralph has to leave behind. In this humorous and captivating memoir, Ralph Fletcher traces the roots of his storytelling.

"We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. Montessori Madness! explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book asks parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what education should look like will never be the same"--Back cover.
