The Therapist's Emotional Survival Stuart D. Perlman 1998-12-01 This book explores the private thoughts of the therapist in response to the patient's inner expressions and how each affects the other over the course of treatment. Perlman documents his own journey of having treated trauma. and sexually abused patients over many years. He details the issues the therapist needs to deal with, the emotional. strain, how the therapist's own traumas and history shape his behavior and intrude into the therapeutic process, and how he and others he has supervised, have come to manage this difficult process and maintain emotional health. Perlman illustrates this with powerful revealing of his thoughts, dreams, memories, history, personal psychotherapy, and emotional reactions. Women Challenge The Lie Regina Sara Ryan 2017-02-02 This book invites women of all ages into a conversation that challenges the pervasive lie of "never good enough." This common subtext of modern life undermines a woman's appreciation of her own inherent beauty and goodness. The authors recommend 8 Radical Moves that women can make, alone or ideally in the good company of other women, to take on this challenge, to deepen this conversation. The Moves are radical because they aim directly at the center of a woman's being, the inner space of her true nature, her basic goodness, rather than because they require any extreme actions. Nonetheless, the conviction that "never good enough" is a lie requires more than lip service. The authors guide readers in identifying the courage, strength and love they already possess, but habitually deny, to embrace and live by this conviction of self respect, day to day in mind, body and heart. They further encourage women to make this stand with and in the presence of other women to increase everybody's likelihood for success. Regina Sara Ryan, author of numerous books in wellness, women's studies and spirituality (*Wellness Workbook*; *Woman Awake*; *Igniting the Inner Life*) is an elder in her seventies. Shinay Tredeau, a yoga teacher, lifestyle coach, dancer and emerging writer is a "millennial" in her twenties. Together, they bring to this warm and personal treatment a synergy of years of experience in contemplative spiritual practice and dynamic body discipline. Their message is addressed to their sisters, mothers, friends and students, of all ages; to any who suffer from the dis-ease of self-hatred in some form. Each of the 8 Radical Moves provides a slightly different access to clearer self-understanding, leading to self-compassion. For some, the Move to "Inhabit Your Body" will be key to claiming (or reclaiming) a more loving relationship with themselves. For others, the Move called "Learn to Fly" will be just the encouragement needed to refine a spiritual search. Other topics include: • the danger of comparisons with other women • the need to face dark emotions, with compassion • the power of friendship in the quest for self-acceptance • the use of journal writing to articulate developing truth • gratitude as a way of life. This straightforward and challenging narrative is filled with dozens of personal stories, making it ideal for women's groups and book clubs to study and practice.

Eating Desire Lisa M. A. Gardiner 2006-02-01 Lisa Powers, M.A. on the NEWS! If you are an overeater, then indulge. That's right. Go ahead. Figure out what you really want and have it. Chances are it's not really chocolate cake, Chances are it's something else and it's not food. Many women, like myself, have been taught to deny desire. Diets are a metaphor for this refusal. Anorexia is symptom of it. We have spent so much of our lives afraid of gaining weight, that our entire mentality is centered around denying what we really want. We have learned to refuse our hunger and don't even know when we are hungry or what we really crave. Don't eat this. Don't eat that. Watch out you might get fat. We learn to control our appetites, but the secret to losing weight is giving into our hunger. The key is to trust the wisdom of our wanting. If we listen to our

deepest desires, we will have the perfect diet for a happy heart. This is what I have learned as I have maintained a sixty-pound weight loss,. The more I find out what I really hunger, the more I live and the less I overeat. The happier I am. Eating Desire: Food, Sex, and the Wisdom of Appetite celebrates women's appetite for living from the bedroom to the boardroom, from the pulpit to the dance floor. What do women really want? In most cases, it's not ice cream, cookies or French fries. It's a fuller life. Eating Desire focuses on overeating less and living more. I explore eight profound appetites that I discovered in my life; I share these with readers as I embark on a shared exploration. These desires are for transcendence, transformation, witness, connection, power and protection, comfort, sexual pleasure, and personal fulfillment. In the 250-page self-help memoir, I chronicle my transformation from self-contempt to self-love, a journey that began with the first time I obsessed over food minutes after being paid for sex when I was seven-years old. "I take the money he gives me ,and I buy chocolate and spread it against my teeth and gums to sweeten me. I hide all the shame and terror with the numbing goodness of candy." In Eating Desire, I invite other women to reflect upon their eating histories to discover the role overeating has played in the their lives. For many of us, our relationship to food involves not only a series of diets and binges, but a series of love lost, hearts broken, wishes unfulfilled. Our relationship to food often reflects our struggle to fulfill ourselves emotionally, spiritually, and sexually. Once we learn to identify our real appetites, our eating becomes less compulsive, and our lives become more nourishing. In Eating Desire, I write about childhood abuse, overeating, the perpetual diet, and the wisdom made from wounds. I talk about pornography and love, midnight bingeing, self-acceptance and the tantalizing call of forbidden cravings. In Eating Desire: Food, Sex, and the Wisdom of Appetite, I wave a tapestry of tales and truths abut satisfying our deepest desires. Eating Desire invites women who are struggling with weight to fully appreciate their appetite and to discover that overeating is often a metaphor for more profound needs. Eating Desire offers alternatives to overeating, showing how life can be more fulfilling when we create the lives we were meant to lead . Our hunger for food is often calling us to listen to what we truly want from ourselves and the world. If we trust the desire instead of stuffing it down with cookies and cake, we can begin to construct a new happiness based on getting what we really want... and we can lose weight and live life more fully.

Desire and Love in Henry James David Bruce McWhirter 1989-05-04 With painful consistency, Henry James denied his characters the experience of fulfilled love. Yet in the final pages of The Golden Bowl, James affirms and celebrates the renewal of Maggie Verver's marriage and the consummation of her passion. McWhirter argues that James' last three novels in fact embody a radical refashioning of his vision.

Love Unveiled A. H. Almaas 2020-03-23 A passionate and deep exploration of how love is essential to our spiritual growth and development, from beloved author and teacher A. H. Almaas. Love is a universal energy--and a primary force that powers our movement toward spiritual illumination. All the ways we need love are simply reflections of our need for spiritual growth. In Love Unveiled, A. H. Almaas explores three dimensions of love: appreciative love--the true liking of somebody or something; merging or connecting love--a force that melts away separateness; and passionate, ecstatic love--capable of consuming us from inside. In their own way, each reveals the beauty and exquisiteness of our spiritual heart, which is the heart of the divine. However, the path of spiritual love is not without challenges. Almaas explores the barriers that tend to block our experience of loving awakening and provides experiential exercises throughout the book to help readers along their path. The exercises focus on the obstacles or misunderstandings that commonly arise for each quality or dimension of love. Presented in the form of writing or monologuing prompts, readers can work independently or in small groups to confront the emotional obstacles on their spiritual path. Regardless of where you are on your path, Love Unveiled will help you explore love in three essential dimensions and gain a deeper connection to yourself.

Reason, Authority, and the Healing of Desire in the Writings of Augustine Mark J. Boone 2020-02-15 In Reason, Authority, and the Healing of Desire in the Writings of Augustine, Mark Boone explains the theology of desire developed in a cross-section of Augustine's On the True Religion, On the Nature of Good, On Free Choice of the Will, On the Teacher, On the Usefulness of Believing, On the Good of Marriage, Enchiridion, and Confessions. Throughout his writings and in many ways, Augustine develops a Platonically informed, yet distinctively Christian, account of desire. Human desire should respond to the goodness inherent in things, loving the greatest good above all and great goods more than lesser goods. Above all, we should love God and souls. Sin, an inappropriate desire for lesser goods, is healed by the redemption of Christ.

Nondual Love A. H. Almaas 2023-03-21 From beloved author and teacher A. H. Almaas, an exploration of love beyond the boundaries of the individual self, revealing that nondual love is the nature of everything, including ourselves. Love is a transformative aspect of the spiritual path—and, in fact, it is our very nature. A. H. Almaas takes us on a journey beyond a narrow, individual understanding of love to an exploration of what he calls the boundless dimension of Divine Love. This is not the kind of love that we feel toward somebody else; it is nondual, a love without boundaries. Or put another way, it is universal true nature experienced as love. By shifting our focus beyond our individual human experience to the experience of the whole of existence, we are able to see the true richness of the universe. All of reality takes on a quality of inner light, of softness and ease, of sweetness and holding. When we are open to the dimension of nondual love, we can relax and trust our inner ground that is also the ground of everything: our true nature, free from limitations—a sense of complete release, freedom, and delight, that is free of conflict, fear, insecurity, and worry. Almaas discusses the obstacles that make it difficult to awaken to true nature in this form, such as our belief in a separate self and our past conditioning. Each chapter includes an inquiry or practice, such as explorations of attachments and worldly desires as well as inquiries into union, surrender, and grace.

Love Me Anyway Jared C. Wilson 2021-09-21 There may be no more powerful desire in the human heart than to be loved. And not just loved, but loved anyway. In spite of what we've done or left undone, in spite of the ways we have failed or floundered. We long for an unconditional, lavish love that we know intrinsically we don't deserve. If you are tired, sad, yet always longing, bestselling author Jared C. Wilson has incredible news for you: that kind of love actually exists, and it is actually something you can experience--whether or not you're in a romantic relationship. In his signature reflective, conversational, and often humorous style, Wilson

unpacks 1 Corinthians 13 to show us what real love looks like. Through engaging stories and touching anecdotes, he paints a picture of an extravagant God who not only puts the desire for love into our very souls but fulfills those desires in striking, life-changing ways.

Love in Education & the Art of Living Becky L. Noël Smith 2020-01-01 It is common for teachers and students of education to feel disheartened about the profession and their own aims and purposes once they become conscious of the dehumanizing tendencies of the schooling institution. As teacher educators, we have also known many students who, after studying critical perspectives aimed at exposing the power and privilege flowing through the public schools, then look to us with the question, "Where's the hope?" Our attempt to answer our students' questions has led us to consider what beauty and love in education look like. Where can it be seen, and how can we bring this forward so it can be instructive to those who are faced with similar questions about the incredibly important craft of teaching? This collection of narratives, essays, and poetic expressions includes the perspectives of students and educators who, in varying ways, express gratitude toward those who came before them and a deep desire to keep the faith alive. The authors share narrative accounts of someone or something in the public schools or learning experiences in general that inspired and nurtured the passionate desire to achieve goods internal to some shared practice – that is, some art at living – such that there was a transformative readjustment to the very nature of experience itself. We share with readers the stories and intellectual habits that have fueled us, inspired us, and that continue to push us to engage in the practice of cultivating educational dynamics that are meaningful and transformative for ourselves, our students, and our communities. The book concludes with an exploration into how teachers might not only root their craft, but the habit of love in general, in a sense of freedom.

Tell Me What You Want Charlotte Fox Weber 2023-04-11 For fans of Maybe You Should Talk to Someone and Tiny Beautiful Things, this inspiring and moving exploration of the twelve fundamental psychological needs we all share goes behind the closed doors of therapy to guide us in navigating our deepest longings. What do we want? And how do we get it? Chloe is beautiful and fiercely bright, but she feels desperately deprived. Elliot, lost and adrift, is secretly grieving the loss of his famous lover. Rosie has always tried to follow the rules of cultural expectations, but a year into her marriage, she still hasn't had sex with her husband. Dwight is determined to be upbeat, even in the face of his wife's betrayal. Each of us, at certain moments in our lives, can feel lost or confused. We often don't know how to get what we want, or what we think we want, but we share these universal desires: to love and be loved; understanding, power, attention, freedom; to create, to belong, to win, to connect, to control; and we want what we shouldn't. In each of these twelve chapters, focused on one of these universal desires, psychotherapist Charlotte Fox Weber takes you behind the closed doors of a therapy session to bear witness as she guides a client towards profound insights, change, and growth. Written with warmth and compassion, full of dramatic, intimate, and moving personal stories, and based on careful research as well as firsthand observations, Tell Me What You Want is an inspirational guide to living well.

Climbing the Spiritual Mountain Alan Davey 2014-09-24 This is a guide for spiritual mountain climbers. In the Scriptures, connecting with Abba often leads to a mountain. Modern spiritual writers have long recognized this scriptural metaphor and explored the nature of this journey of ascent. Drawing on the text of the Bible, works of literature, and the writings of mystics both old and new, Climbing the Spiritual Mountain speaks of the desires and intentions, discipline, and effort involved in developing our intimacy with Christ. In Jesus' dealings with people in the Gospels, he draws them up the spiritual mountain through dialogue and questions. Like Socrates of old, his teaching method probes our thinking, knowledge, and motives. In the process, he stimulates our longing and desire to reach the summit. There are challenges, hurdles, and difficult choices to make as we climb the spiritual mountain. But the reward—approaching the beautiful One who is our Abba—far outshines any sacrifice we may make on the climb.

Shadow of Desire Draco Knight 2023-06-30 *Shadow of Desire* encapsulates the allure, complexity, and intoxicating nature of hidden or suppressed desires. This concept delves into the depths of human longing, exploring the intricacies of desires that reside in the shadows, often concealed from the prying eyes of society or even from our own conscious awareness. The term "shadow" represents the hidden aspects of our desires that we may repress, deny, or keep buried beneath the surface. These desires often arise from the depths of our subconscious, influenced by our deepest yearnings, fears, and fantasies. "Shadow of Desire" suggests that these concealed desires possess a mysterious and captivating quality, whispering in our minds and calling us towards unexplored territories of passion, pleasure, or fulfillment. This concept acknowledges that desires can be complex, multifaceted, and sometimes contradictory. It explores the tension between our societal conditioning and moral compass and the raw, untamed desires that lie in the shadows. "Shadow of Desire" challenges us to confront and embrace these hidden aspects of ourselves, acknowledging that they form an integral part of our identity and psychological makeup. In the realm of "Shadow of Desire," exploration of these concealed desires can lead to profound self-discovery, personal growth, and a deeper understanding of our true selves. It prompts us to question societal norms and expectations, inviting us to tap into our authentic desires and reconcile them with our conscious lives. While "Shadow of Desire" acknowledges the potential risks and conflicts that can arise from pursuing these hidden desires, it also recognizes the transformative power and liberation that can be found in their acknowledgment and acceptance. It serves as a reminder that our desires, even those obscured by shadows, have the capacity to shape and enrich our lives if we have the courage to embrace them with authenticity and integrity.

Desire, Mystery, and Belonging illuminates heartfelt reflections that invite us to energize mind and soul. The Intimacy of Consciousness Exploration and Transpersonal Psychotherapy Regina U. Hess 2018-04-18 This volume brings together a group of transpersonal psychotherapists and spiritual teachers to tell of their own very personal and intimate explorations of consciousness. What has the experience of "coming home" meant to them? Has it meant connecting with God, the Divine Feminine, the Cosmos, the Sacred? Has it meant arriving at home in themselves, in their very center, in their essence? Where is home? Is it inside, is it outside, or is it both? All world cultures have stories about this particular place. In addition to describing their own unique quests, the contributors also share how radically such a journey challenged them to face their own vulnerabilities and shadow parts. Various, very different and often startling personal stories are told. Through reading of the very human trials and psycho-spiritual challenges that these nine international teachers have endured on their journeys home, readers will gain insights and greater understanding regarding their own explorations of consciousness. They will realize that the spiritual journey can have many faces and take many paths. The one thing, however, that all authors have in common, is the longing to be fully and wholly oneself.
