*What's a Mother (in-Law) to Do? - Jane Angelich 2009-06-02*

Just about everyone has heard a terrible joke or a horror story about someone else's mother-in-law. Blending two families together often creates new and uncomfortable dynamics that will take some time to get used to, and sometimes mothers-in-law behave badly during these transitions. But these don't need to be wildly uncomfortable transitions, and you don't need to become the butt of everyone's jokes. With What's a Mother (In Law) to Do?, author Jane Angelich (a mother-in-law herself) teaches readers how to become the mother-in-law they've always wished they had. Rich with sidebars, practical suggestions, and stories of love and encouragement, this is the perfect book for anyone facing this new role or for those seasoned mother-in-laws who are simply seeking tips for improvement. Welcoming your child's spouse into your life doesn't have to be difficult, as long as you're excited about building and nurturing

*The Sacred Mirror* - Rohit Bhatia

The book is divided particularly into two themes. The first one is all about the thoughts and experiences of various writers; their perspectives on life and its segments. The second section is all about how everything that exists has two sides; a good and a bad one, or probably different ways of looking at or dealing with the same situation. The third section deals with how our real identity is covered up by the false identity of our possessions, roles, actions, and words. We hide behind labels, titles, and money. All the writing can be interpreted through the eyes of a reader, and he/she can place them in the different sections. "The Sacred Mirror" is a book by 29 writers who have contributed their beautiful works to help readers analyse their viewpoints.
