Why Black Men Love White Women - Rajen Persaud 2009-03-03

A provocative, candid study of the romantic relationships between white women and black men offers a psychological explanation for the phenomenon, as well as analyzing the influence of the entertainment industry, exposing stereotypes, and assessing the global implications of black and white relationships.

Solutions - Alim A. Ihsaan 1995-01-01

Black Love Is a Revolutionary ACT - Umoja 2011-05

"The biggest problem in Black America isn't crime, drugs, poverty, or inferior schools; it's the Black gender war between the Black male and female. Black Love Is A Revolutionary Act exposes the secret war that has been waged against the Black man and woman for over 500 years by America's power-elite-- and how they benefit from our destruction. The 13 Recipes for Black Gender Wars lays bare the manufactured confusion, conflicts, myths, and deceptions that are ripping black male and female relationships apart - and what we must do to neutralize them."-- p. [4] of cover.

Black Male/female Relationships Book Series - 1993

Focusing - Delores P. Aldridge 1991

A masterful examination of the myths and socio-political causes of discord between Black men and women. The author suggests that

male/female relationships among Black Americans which fails to place the interpersonal within the broad institutional context falls short of providing a broad or macroanalytical model any attempt to study.

Black Male-female Relationships - Cora E. Scurry 1973

Strategies for Resolving Conflict in Black Male and Female Relationships - La Frances Rodgers-Rose 1985

Black Male and Female Relationships - Maurice I Crawford 2023-05-16

The Black male and female relationships are crucial to the evolution of Black society as a whole. It impacts society as a whole in many ways that are not always positive. This book goes through the Black female and black male relationship, how it has evolved over time, and how Black men and women can work together for progress. Black male and female relationships refer to the romantic, familial, or platonic relationships. These relationships can take many forms, including marriages, partnerships, friendships, and family relationships. A variety of factors influence the formation of a particular relationship, including but not limited to individual personalities, gender roles, sexual orientation, and cultural norms. The historical context for these relationships is rooted in slavery and colonization when black bodies were exploited

Downloaded from
legacy.opendemocracy.net on 2023-01-16
by guest

for their labor and discarded as property without regard for the emotional welfare of its occupants. The psychological effects of this exploitation are still felt today in modern-day marriage, where intimate partnerships are limited to people who can afford to purchase a spouse. This process is perpetuated by the mainstream media, which frames relationships between black men and women as "daunting obstacles" for Black boys and girls. Relationships between Black women and men can be viewed through a lens of power, development, and agency. The concept of power manifests itself as an appreciation for one's own personal strengths; it is not necessarily an issue of being manipulative or dominating over one's partner. Black male and female relationships have a unique history and cultural context, shaped by factors such as slavery, racism, and discrimination. Black couples may face unique challenges and obstacles, including systemic racism, economic inequality, and a lack of access to resources and support. Despite these challenges, Black male and female relationships can be strong and supportive, characterized by mutual respect, open communication, and a commitment to personal growth and development. Building and maintaining healthy relationships can be an important source of resilience and support for individuals and families facing adversity. Promoting healthy and positive Black male and female relationships is essential to building stronger families and communities. By providing access to resources and support, fostering open and honest communication, and promoting mutual respect and empathy, we can help Black couples build and maintain strong relationships that support their well-being and success.

Our Last Hope - Ph. D Delores P. Aldridge
2022-03-18

Our Last Hope: Black Male-Female Relationships in Change is designed to provide information that has been carefully researched and written about a critical topic for those who would seek to understand the future of Black families-- the foundation of the Black community. While the book sets forth a theoretical model -Lens Model- for examining interpersonal and institutional factors shaping these relationships which ultimately determine the existence of Black

families, it illuminates important topical areas. Among the topics included are: demographic issues, sex and gender issues, marital relations, economic issues, religious issues, psycho-social issues, Afrocentric cultural issues, and sexuality and the Hip Hop generation. Our Last Hope: Black Male-Female Relationships in Change concludes with recommendations for building and sustaining healthy relationships and questions for reflection.

Crisis in Black Sexual Politics - Nathan Hare
1989

Love Me Before The Dawn - Karl J. Christopher
2004-03

Love Me Before The Dawn How To Love A Black Woman is a relationship guidance book directed primarily at black men. It seeks to help black men to become more aware of, and give more consideration to, their responsibility for the relationships they build with black women. It attempts to get them to focus on fulfilling that responsibility in order to make for successful, loving relationships. The book puts emphasis on the need for black men to work on their attitudes, beliefs and behavior patterns as the first step in building better relationships. The book challenges those conventions and beliefs that is the basis on which men and women have built relationships in the past. It does not seek to criticize or apportion blame for the state of black male/female relationships (which is seen as a cause for concern) but tries to offer constructive and practical advice on how to avoid the pitfalls that lead to the failure of many of our relationships. One of its aims is to provoke new thinking and new approaches to relationship building.

[Money Issues in Black Male Female Relationships](#) - George Subira
1996-08-01

The Black Elite - Lois Benjamin
2005

"William's account of young love attests to Antoni's fluency in the poetry of nostalgia. In words as vibrant as the personalities he creates, Antoni deftly captures unconquered territories and the risks we're willing to take exploring them." --Publishers Weekly "A rollicking 19th-century colonial tale blends history with imagination." --Library Journal "The emotional influence of Willy's narrative—his loving

descriptions of the people who surround him—is profoundly effective...Strikes strong emotional chords." --Kirkus Reviews "Antoni...has written a novel epic in scope that...is driven by outbursts of fine writing." --Booklist Included in the New Yorker's Page-Turner blog's Best Books of 2013 (Selected by Edwidge Danticat) "A bittersweet coming-of-age tale of tragedy, chicanery, high ideals, harsh realities, and the hard choice between love and family duty, *As Flies to Whatless Boys* is highly recommended." --Midwest Book Review "As Flies to Whatless Boys is a kind of complex word game, a historical narrative in a lilting Caribbean accent, wrapped around with an oddball love story in a wild form of English that seems to create itself as it goes along. In between, snippets of contemporary records provide foils for both these linguistic inventions." --Historical Novel Society "Antoni has a fine ear for cultural tensions and a wicked sense of humor." --Ocean Drive Magazine "As Flies to Whatless Boys is an inventive, witty, comic romance that is as much about history and adventure as it is about language. With virtuosic attention to language, Robert Antoni delightfully explores the written word in all its forms--as letters, as e-mails, as reportage, as narration, as archives--to tell stories, to paint characters, to demonstrate the range and integrity of English and its dialects, and to edge us closer to ourselves as equally human beings." --Earl Lovelace, author of *Is Just a Movie* "A marvel of a novel, layered in histories, Robert Antoni's unique and engaging *As Flies to Whatless Boys* is an unforgettable and matchless work of fiction. A crowning achievement in an exceptional body of work by this amazingly talented writer." --Edwidge Danticat, author of *Claire of the Sea Light* "As Flies to Whatless Boys is a brilliant novel that is rivetingly localized in a distant time and an untouched place, and yet somehow speaks vibrantly to this present age and to the universal human condition. Robert Antoni is a treasure of our literary culture." --Robert Olen Butler, Pulitzer Prize-winning author of *A Good Scent from a Strange Mountain* "Robert Antoni doesn't make giant steps. He makes quantum--and sometimes hilarious--leaps past whatever we called metafiction to the same territory as Richard Powers and David Foster Wallace. But like those

men and unlike nearly everybody else, he never forgets that at the core of it all you've still got to tell a rip-roaring story." --Marlon James, author of *The Book of Night Women* In 1845 London, an engineer, philosopher, philanthropist, and bold-faced charlatan, John Adolphus Etzler, has invented machines that he thinks will transform the division of labor and free all men. He forms a collective called the Tropical Emigration Society (TES), and recruits a variety of London citizens to take his machines and his misguided ideas to form a proto-socialist, utopian community in the British colony of Trinidad. Among his recruits is a young boy (and the book's narrator) named Willy, who falls head-over-heels for the enthralling and wise Marguerite Whitechurch. Coming from the gentry, Marguerite is a world away from Willy's laboring class. As the voyage continues, and their love for one another strengthens, Willy and Marguerite prove themselves to be true socialists, their actions and adventures standing in stark contrast to Etzler's disconnected theories. Robert Antoni's tragic historical novel, accented with West Indian cadence and captivating humor, provides an unforgettable glimpse into nineteenth-century Trinidad & Tobago.

[Conflict in Black Male/female Relationships](#) - Debra Colleen Taylor 1997

Introduction to African American Studies - Talmadge Anderson 2007

There is an ongoing debate as to whether African American Studies is a discipline, or multidisciplinary or interdisciplinary field. Some scholars assert that African American Studies use a well-defined common approach in examining history, politics, and the family in the same way as scholars in the disciplines of economics, sociology, and political science. Other scholars consider African American Studies multidisciplinary, a field somewhat comparable to the field of education in which scholars employ a variety of disciplinary lenses--be they anthropological, psychological, historical, etc., --to study the African world experience. In this model the boundaries between traditional disciplines are accepted, and researches in African American Studies simply conduct discipline based an analysis of particular topics. Finally, another group of

scholars insists that African American Studies is interdisciplinary, an enterprise that generates distinctive analyses by combining perspectives from d

Black Male/female Relationships - 1981

What's Love Got to Do With It? - Donna Franklin
2001-09-11

Relationships between black men and women in America are in crisis—it's time to figure out what's gone wrong and start the healing process. The current divorce rates for black couples have quadrupled since 1960 and is now double that of the general population; rates of domestic violence in black marriages are skyrocketing; and nearly half of married black men admit to having been unfaithful. In *What's Love Got to Do with It?* Donna Franklin, one of the country's leading African American sociologists, speaks out on these painful, complex issues, providing an incisive and riveting analysis of the gender tensions that are the legacy of slavery and its aftermath. Franklin

breaks new ground in explaining why black men and women have trouble relating to each other, and examines their profoundly different starting points, which are influenced by generations of racism and injustice. She shows how black women's strength and self-sufficiency can be used to nurture relationships. Likewise, she teaches black men how to support one another and their relationships with women without excluding women, as has happened with the Million Man March. The challenge of mending the rift between black men and women is formidable but can be made easier.

Understanding is the first step on the path to healing.
