Out of the Box: 101 Ideas for Thinking Creatively
- Rob Eastaway Author 2013-08-06

Do you feel like you are stuck in a rut? Missing the chance to be really imaginative? Allowing life's opportunities to pass you by? All too often our brains work by habit: we find ourselves thinking in old familiar ways, applying logic that may have worked adequately for us in the past, which can leave us feeling creatively drained. This book offers a whole repertoire of original styles of thinking that will refresh your life - at home and at work, in your relationships and your leisure time. It comes with an explanation of the science-bit behind how restrictive our thinking can become due to factors we may not even be aware of. We can arm ourselves to recognize these boundaries, and we can begin to step beyond them. The many exciting ideas in *Out of the Box* will inspire you to look at things in fresh ways. We all have the potential to step out of the box and use our brains in more original, more rewarding ways. This book shows you how.

The Guyde - Howie Reith 2016-11-19

The *Guyde* is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed

literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The *Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The *Guyde* is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

A Funny Thing Happened on the Way to Beirut - Pat Stewart 2000-04

It's hard to coach a team when your players don't show up. Mafi muscula. Hard to make air flights without reservations. Mafi muscula. Can't tape ankles without tape. Hey! Why isn't Darrin here from the States yet? Mafi Muscula. Can't understand these Hungarian menu forms...we could starve. Mafi muscula. We're almost out of tea. Muscula! In Arabic, mafi muscula means "no problem." But a better definition is probably: "no problem for ME, big problem for YOU." Saudi Arabia is where mafi musculas start, but they don't end there. From Saudi it's on to a training camp near Budapest then onward to Beirut for the basketball championships of the Eighth Pan Arab Games. Some funny things happen along the way. And there, too. These are recounted through the eyes of an American coach. They sometimes happen on the court., but more often off. Some are pretty peculiar and that's the kind of questions they raise. For example: —Was Bruce Springsteen born in Saudi Arabia? —Do you know how to properly kiss your players? —Why are Homer's underpants radioactive? —Is Martin as dead as he thinks? —Is Adel as dead as Coach tells his mom he is? —How to get a lunatic asylum airborne? —When must camels kill you? And more.
