The Translation of Children's Literature Gillian Lathey 2006-01-01 In the last few decades a number of European scholars have paid an increasing amount of attention to children's literature in translation. This book not only provides a synthetic account of what has been achieved in the field, but also makes us fully aware of all the textual, visual and cultural complexities that translating for children entails.... Students of this subject have had problems in finding a book that attempted an up-to-date and comprehensive review of the field. Gillian Lathey's Reader does just this. Dr Piotr Kuhiwczak, Director, Centre for Translation and Comparative Cultural Studies University of Warwick.

Fascism in Italian Cinema since 1945 G. Lichtner 2013-05-29 From neorealism's resolve to Berlusconi revisionist melodramas, this book examines cinema's role in constructing memories of Fascist Italy. Italian cinema has both reflected and shaped popular perceptions of Fascism, reinforcing or challenging stereotypes, remembering selectively and silently forgetting the most shameful pages of Italy's history.

Translating Style Tim Parks 2014-06-03 Arising from a dissatisfaction with blandly general or abstrusely theoretical approaches to translation, this book sets out to show, through detailed and lively analysis, what it really means to translate literary style. Combining linguistic and lit crit approaches, it proceeds through a series of interconnected chapters to analyse translations of the works of D.H. Lawrence, Virginia Woolf, James Joyce, Samuel Beckett, Henry Green and Barbara Pym. Each chapter thus becomes an illuminating critical essay on the author concerned, showing

how divergences between original and translation tend to be of a different kind for each author depending on the nature of his or her inspiration. This new and thoroughly revised edition introduces a system of 'back translation' that now makes Tim Parks' highly-praised book reader friendly even for those with little or no Italian. An entirely new final chapter considers the profound effects that globalization and the search for an immediate international readership is having on both literary translation and literature itself.

Mock Politeness in English and Italian Charlotte Taylor 2016-10-06 This volume presents an in-depth analysis of mock politeness, bringing together research from different academic fields and investigating a range of first-order metapragmatic labels for mock politeness in British English and Italian. It is the first book-length theorisation and detailed description of mock politeness and, as such, contributes to the growing field of impoliteness. The approach taken is methodologically innovative because it takes a first-order metalanguage approach, basing the analysis on behaviours which participants themselves have identified as impolite. Furthermore, it exploits the affordances of corpus pragmatics, a rapidly developing field. *Mock Politeness in English and Italian: A corpus-assisted metalanguage analysis* will be of interest to scholars and postgraduate students researching im/politeness and verbal aggression, in particular those interested in im/politeness implicatures and non-conventional meanings.

bored, beautiful wife of a dull civil servant named Henry. Maurice claims it's to divine a character for his novel-in-progress. That's the first deception. What he really wants is Sarah, and what Sarah needs is a man with passion. So begins a series of reckless trysts doomed by Maurice's increasing romantic demands and Sarah's tortured sense of guilt. Then, after Maurice miraculously survives a bombing, Sarah ends the affair—quickly, absolutely, and without explanation. It's only when Maurice crosses paths with Sarah's husband that he discovers the fallout of their duplicity—and it's more unexpected than Maurice, Henry, or Sarah herself could have imagined. Adapted for film in both 1956 and 1999, Greene's novel of all that inspires love—and all that poisons it—is “singularly moving and beautiful” (Evelyn Waugh).

Decadent Genealogies Barbara Spackman 2018-03-15 Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

The Intellectual as a Detective Angelo Castagnino 2014 *The Intellectual as a Detective: From Leonardo Sciascia to Roberto Saviano* offers a fresh perspective on both Italian crime fiction and the role of the intellectual in Italian society. By analyzing the characterization of men of culture as investigators, this book addresses their social commitment in a period that goes from the Sixties to today. The connection it establishes between fiction and real life makes this book an interesting addition to the debate on crime literature and its social function in Italy. The detectives created by Sciascia, Eco, Pasolini, Saviano and other novelists foster a reflection on how the narrative aspect of characterization has been used in connection with a historical perspective. Thanks to its broad

The Naked Sun Isaac Asimov 2011-04-13 A millennium into the future, two advancements have altered the course of human history: the colonization of the Galaxy and the creation of the positronic brain. To this strange and provocative planet comes Detective Elijah Baley, sent from the streets of New York with his positronic partner, the robot R. Daneel Olivaw, to solve an incredible murder that has rocked Solaria to its foundations. The victim had been so reclusive that he appeared to his associates only through holographic projection. Yet someone had gotten close enough to bludgeon him to death while robots looked on. Now Baley and Olivaw are faced with two clear impossibilities: Either the Solarian was killed by one of his robots--unthinkable under the laws of Robotics--or he was killed by the woman who loved him so much that she never came into his presence!

When Cat takes a break in Italy, Isabel agrees to run her delicatessen. One of the customers, she discovers, has recently had a heart transplant and is now being plagued by memories that cannot be rationally explained and which he feels do not belong to him. which he wrote the remarkable novella and three stories collected in *The House of Others*. The novella *The House of Others* is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on "special cases"--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

Her mother, to whom she hasn't spoken for many years, comes to see her. Gentle gossip about people from Lucy's childhood in Amgash, Illinois, seems to reconnect them, but just below the surface lie the tension and longing that have informed every aspect of Lucy's life: her escape from her troubled family, her desire to become a writer, her marriage, her love for her two daughters. Knitting this powerful narrative together is the brilliant storytelling voice of Lucy herself: keenly observant, deeply human, and truly unforgettable.
