Control Freak - Brianna Hale 2019-06-05

Total control. I need it in every aspect of my life. Some would say that makes me an asshole. A freak. But as long as everything's exactly how I want it, I'm completely flexible. I'm kidding. Okay, I'm not kidding. Lacey needs someone in her life who's bigger and scarier than her demons, and she wants that man to be me. Her boss. The Viking in a suit. I hope she understands what she's getting into. This daddy isn't going to pat her on the head and tell her she's a good girl for nothing. Especially not

when she's spinning out of control.

~~their family— especially my step sister, Kathy.~~
But when my bike breaks down on the way to my Dad's anniversary celebration, I'm stuck with her. I should hate her, but it's hard to hate a woman with a body that won't quit and more spark than I've seen in a long time. Maybe this isn't the worst thing that has happened to me.

Jealous Alpha - Jordan Silver 2018-07-24

My woman! Many had vied for her position, some had spent years trying to get my notice without any luck. My position and wealth was a huge draw for some, my looks another. She was the first woman not to give a damn about either. Is that why I'd fallen for her so easily? Was it her aloof manner that enticed me, drew me to her? Is it the constant wondering of whether or not she'd been that way with him that kept this jealousy alive? As to that, I've never harbored jealousy or envy against anyone in my life, I never had to. I was born with

~~everything I could possibly need and from then~~
until now had never wanted for anything.
Whatever I wanted I took. And then there's Gia,
my woman. I've taken her but the love she once
bore her dead husband still haunts me. I won't
stop until I've erased him from her memory no
matter what it takes.

The Casanova - T L Swan 2021-08-26

In T L Swan's steamy third installment of the
Miles High Club, Kate's hot new pen pal is a
welcome distraction from her horrible boss. But
nobody is as distracting as Elliot Miles...and he
knows it. My favorite hobby is infuriating Elliot
Miles. Just the sight of my boss's handsome face
triggers my sarcasm. God knows how he earns
his Casanova reputation--if a million women
want him with his personality, what the heck am
I doing wrong? Disgusted with my love life, I join
a dating app under a fake name. I start chatting
to a man named Edgar. He's not my type and
lives on the other side of the world, but we hit
off a friendship, laugh and confide in each other.

~~But lately things are getting weird at work.~~

Elliot's being...attentive. His eyes linger a little
longer than they should, and there's a heat
behind them that I haven't felt before. And then,
in the shock of all shocks, he tells me that my
vulnerability is appealing. But when was I
vulnerable? Horror dawns...Has my boss been
reading my emails to Edgar? Damn it, why did I
use my work email? Oh no, does he know what I
really think of him? I'd rather die than ever
admit it. Or, even worse: is it possible that the
man I loathe in real life is the man I'm falling for
online?
