*Homosexuality in the Work of Gore Vidal* - Jörg Behrendt  
2002

Since his first novel with a homosexual topic, *The City and the Pillar*, appeared in 1948, Gore Vidal has been seen as an enfant terrible of American letters. Through his ongoing writing career, he has examined (homo)sexuality in the context of cultural, religious and socio-political developments, so that it is fascinating to revisit his critical, sometimes cynical and always wittily presented ideas which were formed at a time when Gay Liberation, Gay Literature and Gay Identity were still unheard of and to discover the meaning these ideas still hold for us today.

**The Gay Teen** - Gerald Unks

1995

Written by and for gay and straight teachers, this book explores gay student adolescence from discursive, practical, and theoretical perspectives. Essays are designed to introduce and sensitize educators to the complexities of gay identity and set forth some of the issues besetting gay youth in schools: alienation from peer groups, low academic achievement, violence, substance abuse, and the absence of gay teacher role models.

**Gay and Lesbian Literature Since World War II** - Sonya L Jones 2014-05-22

Gay and Lesbian Literature Since World War II chronicles the multifaceted explosion of gay and lesbian writing that has taken place in the second half of the twentieth century. Encompassing a wide range of subject matter and a balance of gay and lesbian concerns, it includes work by established scholars as well as young theoreticians and archivists who have initiated new areas of investigation. The contributors' examinations of this rich literary period make it easy to view the half-century from 1948 to 1998 as the Queer Renaissance. Included in Gay and Lesbian Literature Since World War II are critical and social analyses of literary movements, novels, short fiction, periodicals, and poetry as well as a look at the challenges of establishing a repository for lesbian cultural history. Specific chapters in this groundbreaking work trace the development of gay poetry

in America after World War II; examine how AIDS is represented in the first four Latino novels to deal with the subject matter; and chronicle the birth of lesbian-feminist publishing in the 1970s-- showing how it created a flourishing gay literature in the 1980s and 1990s. Other chapters: outline the history of *The Ladder* from its initial publication in 1956 as the official vehicle of the *Daughters of Bilitis* to its final issue as a privately published literary magazine in 1972; examine Baldwin's 1962 novel *Another Country* and discuss the complicated critical history of this work and its relation to Baldwin's literary reputation-- racial, sexual, and political factors are taken into account; chart how *Other Voices, Other Rooms*, by Truman Capote, and *The House of Breath*, by William Goyen, reveal contradictory genderings of male homosexuality-- suggesting an absence of a unified model of mid-twentieth-century male homosexuality; argue that the 1976 novel

*Lover*, by Bertha Harris, can be considered an exemplary novel within discussions of both postmodern fiction and lesbian theory. (The author calls for Harris to be added to the group of writers such as Wittig, Anzaldúa, Lorde, and Winterson, who are discussed within the context of a postmodern lesbian narrative.) examine the short fiction of Canadian lesbian novelist Jane Rule in an effort to shed light on lesbian creative practice in the homophobic climate of postwar North America; argue for an understanding of Dale Peck's novel *Martin and John* as an attempt to link two apparently different processes of import to contemporary male subjects through examination of the novel alongside selected passages from Nietzsche and Freud; focus on the pragmatic issues of developing and maintaining accessible research venues from which to cultivate the study of racial and cultural diversity in lesbian lives; Document the history of the Lesbian Herstory Archives, one

**The Politics of Exile** - Bryan R. Washington 1995

**Gay Fictions** - Claude J. Summers 1990

[Sexual Sameness \(Routledge Revivals\)](#) - Joseph Bristow  
2014-03-18

First published in 1992, *Sexual Sameness* examines the differing textual strategies male and female writers have developed to celebrate homosexuality. Examining such writers as E.M. Forster, James Baldwin, Sylvia Townsend Warner and Audre Lourde, this wide-ranging book demonstrates how literature has been one of the few

cultural spaces in which sexual outsiders have been able to explore forbidden desires. From the humiliating trials of Oscar Wilde to the appalling stigmatisation of people living with AIDS, *Sexual Sameness* reveals the persistent homophobia that has until recently almost completely inhibited our understanding of lesbian and gay writing. In opening up homosexual literature to informed and objective methods of reading, *Sexual Sameness* will be of interest to a large lesbian and gay readership, as well as to students of gender studies, literary studies and the social sciences.

*Willa Cather's Sexual Aesthetics and the Male Homosexual Literary Tradition*

- John P. Anders 1999-01-01

In this first full-length study of male homosexuality in Cather's short stories and novels, John P. Anders examines patterns of male friendship ranging on a continuum from the social to the sexual. He reveals how Cather's work assumes an unexpected depth and

complexity by drawing on both the familiar tradition of friendship literature inspired by classical and Christian texts and a homosexual legacy that is part of, yet distinct from, established literary traditions. Anders argues that Cather's artistic achievement is distinguished by her sexual aesthetics, an elusive literary style inextricably associated with homosexuality. His analysis demonstrates how a homosexual ethos and eros helped Cather develop a sensitivity to human variation and a style to accommodate it and thus became the objective correlative of her art, dramatizing the diversity of human nature as it deepens the mystery of her work.

### Homosexuality in Renaissance and Enlightenment England

Claude J Summers 2013-11-26

This new book significantly contributes to an increased understanding of the gay and lesbian experience as it illuminates important works of literature and clarifies the status of same-sex desire in English literature from 1500-

1760. Homosexual themes can be found throughout the literature of the English Renaissance and Enlightenment, but only rarely are they direct and unambiguous. The essays here are engaged in a vital and necessary process of re-historicizing and re-contextualizing literature. Utilizing a variety of critical methods and proceeding from several different theoretical and ideological presuppositions, these essays raise important questions about the methodology of gay studies, about the conception of same-sex desire, about the depiction of homoerotics, and about the relationship of sexuality and textuality, even as they shed new light on the homosexual import of a number of significant works of literature. Among the authors studied are Christopher Marlowe, William Shakespeare, John Donne, Lady Mary Wroth, Katherine Philips, Aphra Behn, John Cleland, and Thomas Gray. The collection attests both the current intellectual

ferment in gay studies and the richness of English Renaissance and eighteenth-century literary representations of homosexuality. Homosexuality in Renaissance and Enlightenment England provides numerous insights into important works of literature and into significant theoretical issues implicit in the process of discerning and defining homosexuality in texts of earlier ages. All the contributors locate their texts in carefully delineated cultural and historical milieus. But they are not unduly constrained by either the tyranny of theory or the anxieties of anachronism. Rather than proceeding from hidebound or fashionably current ideologies, they sift the texts they study for the concrete evidence from which theories of sexuality might be constructed or modified. Hence, the collection will be valuable both for its practical criticism and for its theoretical contributions. It vividly illustrates the variety of gay studies in literature, especially

as applied to works of earlier ages.

*Critical Companion to Tennessee Williams* - Greta Heintzelman 2014-05-14  
One of the greatest American dramatists of the 20th century, Tennessee Williams is known for his sensitive characterizations, poetic yet realistic writing, ironic humor, and depiction, of harsh realities in human relationship. His work is frequently included in high school and college curricula, and his plays are continually produced. *Critical Companion to Tennessee Williams* includes entries on all of Williams's major and minor works, including *A Streetcar Named Desire*, *Cat on a Hot Tin Roof*, *The Glass Menagerie*, a novel, a collection of short stories, two poetry collections, and personal essays; places and events related to his works; major figures in his life; his literary influences; and issues in Williams scholarship and criticism. Appendixes include a complete list of Williams's works; a list of research libraries with

~~Queer Rebels~~ - Lukasz Smuga  
2022-01-31

Queer Rebels is a study of gay narrative writings published in Spain at the turn of the 20th century. The book scrutinises the ways in which the literary production of contemporary Spanish gay authors – José Luis de Juan, Luis G. Martín, Juan Gil-Albert, Juan Goytisolo, Eduardo Mendicutti, Luis Antonio de Villena and Álvaro Pombo – engages with homophobic and homophile discourses, as well as with the vernacular and international literary legacy. The first part revolves around the metaphor of a rebellious scribe who queers literary tradition by clandestinely weaving changes into copies of the books he makes. This subversive writing act, named 'Mazuf's gesture' after the protagonist of José Luis de Juan's *This Breathing World* (1999), is examined in four highly intertextual works by other writers. The second part of the book explores Luis Antonio de Villena and Álvaro Pombo, who in their different ways seek to coin their own

definitions of homosexual experience in opposition both to the homophobic discourses of the past and to the homonormative regimes of the commercialised and trivialised gay culture of today. In their novels, 'Mazuf's gesture' involves playing a sophisticated queer game with readers and their expectations.

*From Gay to Queer* - Lasse Kekki 2003

*Pinks, Pansies, and Punks* - James Penner 2011

The author charts the construction of masculinity within American literary culture from the 1930s to the 1970s. He examines the macho criticism that originated in the 1930s within the high modernist New York intellectual circle and tracks the issues of class struggle, anti-communism, and the clash between the Old and New Left in the 1960s. By extending literary culture to include not just novels, plays, and poetry, but diaries, journals, manifestos, essays, literary criticism, journalism, non-

fiction, essays on psychology and sociology, and screenplays, he foregrounds the multiplicity of gender attitudes available in each of the historical moments he addresses.

**Gender and Ventriloquism**

**in Victorian and Neo-**

**Victorian Fiction** - H. Davies

Is ventriloquism just for dummies? What is at stake in neo-Victorian fiction's desire to 'talk back' to the nineteenth century? This book explores the sexual politics of dialogues between the nineteenth century and contemporary fiction, offering a new insight into the concept of ventriloquism as a textual and metatextual theme in literature.
