What Kind of Girl Alyssa Sheinmel 2020-02-06 'An ingenious way of suggesting that all of us contain multitudes . . . Sheinmel brilliantly dramatises the pupils' attempts to create a system of morality for themselves, rather than simply accepting the one handed down by authority' Financial Times 'This is an immensely satisfying book from a skilled author' The Irish Times ----- 'He said we'd go to the same college, that we'd live in the same dorm, that we'd end up working in the same city after graduation. Doesn't every girl dream that her boyfriend will love her like that?' The girls at North Bay Academy are taking sides. It all started when Mike Parker's girlfriend showed up with a bruise on her face. Or, more specifically, when she walked into the principal's office and said Mike hit her. But the students have questions: Why did she go to the principal and not the police? Why did she stay so long if he was hurting her? Obviously, if it's true, Mike should be expelled. But is it true? Some girls want to rally for his expulsion - and some want to rally around Mike. The only thing that the entire student body can agree on? Someone is lying. And the truth has to come out. ----- 'Both timely and timeless, WHAT KIND OF GIRL is a powerful exploration of abuse in its many forms, as well as the strength it takes to rise up and speak your truth. Alyssa Sheinmel has crafted a compelling, moving, and empowering story of hope and courage - one that will stay with you long after you've turned the last page' - Amber Smith, New York Times bestselling author of The Way I Used to Be

So why did I promise that I'd turn that flashy, extroverted gyaru into the ideal otaku girlfriend?! How to Attract Women Zac Miller 2020-03-08 Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women

(hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. This Day in History Anthony Varallo 2005-10 On the verge of maturity--where parents are distant or absent, friendships are often more accidental than deliberate, and restless angst is common--Anthony Varallo's adolescent protagonists dissect the world, and their place in it, with keen perception. *This Day in History* deftly collects their moments of discovery. "There's a feeling I get whenever I enter an unfamiliar house, as if a secret inventory has been handed to me, and I am made to understand that the sofa cushions are stained underneath, the coffee table nursing one gimp leg, the books along the bookcase stolen from summer rental, and the dining room table used only for Christmas and taxes," the narrator confesses in the first of Varallo's twelve stories. Here, a birthday party for an unpopular classmate reveals an adult world both familiar and utterly strange. In subsequent stories a young girl longs to be a part of her best friend's family, only to discover the family is less than ideal; two sisters recall the childhood houses they grew up--and apart--in, places inseparable from each woman's notion of the other; and a mother and son set off on a bold and hopeless errand, their suburban neighborhood momentarily transformed into a stage. As these children stand on the brink of adulthood, unsure how to move forward, striving to make sense of the world around them, they often discover that the distance between themselves and others is no nearly so great as first imagined. Funny, sad, and hopeful, Varallo's stories make a gentle argument for connection and community and, in doing so, seek to extend our sympathy toward the world.
