The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Even then, the shattering thought of being rejecting is one that most men would try to avoid at all cost. Rejection bounces from left and right and the good ones are usually hard to find. Most men worry about being stuck in the friend zone and other men worry about being straight up rejected without being given a chance to show who they are. In addition, the thought of constantly looking for someone new isn't as pleasing as it sounds, especially when you're too shy to approach them. Though the thought might sound frightening, you have nothing to lose. If you want to know how to attract the woman that you've been interested in then you have to take the first step into talking to her. How to Pick Up Women Matthew Manson 2019-08-21 Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of your life. - A specially designed book structure containing clear lists, step by step guidelines and scenarios which you can easily remember and apply in your own life. - The biggest barriers you need to overcome in order to stop feeling anxious when approaching any woman. - How to make killer first impressions that will make women obsessed with you. - How to master the art of texting and never feel nervous or embarrassed after sending her a text. - How to keep a conversation going in a natural and enjoyable way. - How to create a flirty vibe and sexual tension which will lead to some real action. - How to have a proper one-night stand which will make you stand out and make her come back for more. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. Dating Tips from a Woman's Point of View Elizabeth Meadows 2014-09-24 If you are looking for how to get laid on the first date, that's easy, take her to a bar, get her drinking, but not to the point of throwing up. After she's pretty intoxicated, giggling at everything you say, try a few advances, touching her arm, or shoulder, and see if she responds. Dance with her, and do a little grinding, and see if she grinds back. If the answers to these are yes, then offer her, since she can't drive, to come back to your place. Once she's at your place, continue with just a little more alcohol for the nerves. Don't mix alcohol. If she was doing shots at the bar, don't give her beer or wine coolers at your place, or she'll be spending the night with your toilet, not you. Give her just a few more shots, and then do the final move with a kiss. The kiss will tell it all. If she pushes you away, and doesn't take your advances, don't get discouraged, you still have a chance. Offer her to put a movie on, get a pillow and a blanket, if you have a pull out couch, great, or one big enough for you two to snuggle on. If not, let her lay back to watch the movie. Let her put her feet on your lap. I don't know many woman who would turn down a foot massage. Massaging is a great way to lead to sex. After both feet, work your way up to her calves. Hint: use lotion. It makes her feel more like it's a massage, not you just trying to grope her up. If when you get to her calves, and she's still allowing you to

massage, continue on, and then get the thighs. I'm pretty sure you know where to go from there.

Still in the Game Troy Francis 2018-01-11 So, you reached forty. Or maybe you haven't quite yet. But you'll get there soon enough. And when you do--whether that's now or in a couple of years' time--you'll need to know precisely what you need to do to get results with the girls you want to date. Perhaps you've been married. Maybe you're divorced, or a split looks imminent. Maybe you have kids. Maybe the dating scene is a dim and distant memory to you. Or perhaps you've been playing the field for a while, but you'd benefit from the experience and insights of a player in his forties who regularly dates beautiful girls all over the world. After all, when you were at university it was all so easy--you'd simply have a few drinks, go to the bar and meet a girl. These days there is Tinder and Bumble and Happn, not to mention all the social networks like Facebook, Instagram and Snap. Everything seems so complicated. Plus as a guy in his forties you're still interested in the same kinds of girls you always were: hot young things with a bit of sass and feistiness. That picture of Emily Ratakowski never fails to perk you up. And you don't see things changing any time soon. But where will you meet the kinds of girls you like? And how will you make it so that you're attractive to them? And how will you relate to them? Most importantly, how will you get over the mental barriers that you will inevitably face as a 40+ guy out playing the field? **STILL IN THE GAME** answers all these questions and more. - Understand the challenges, issues and hidden traps that any player in his forties and beyond will face out in the field. - Read Troy's own personal story, revealing the secret truths about how he came to avoid the regular path of marriage and remain a player into his forties. - Learn exactly how you can break out of the 'matrix' of conventional thinking to free yourself up for a life of sexual and romantic variety. - Go deep into the mindsets that you need to develop so that you are rock-solid in your confidence about meeting girls. - Find out how to remain young without looking like a dick, and how best to relate to younger women. - Discover the precise structure of game that Troy uses right now as a 40+ man to meet beautiful women. - Consider relationships and the conflicts that they can bring, and how best you can negotiate these. - Take a no-bull look at the downsides of the player lifestyle. - Eradicate your fears about the endgame. Do I have to ask where all of this is going? Will I still have to be hitting on girls when I'm seventy? Or can I find huge excitement, happiness and contentment through the player lifestyle? Let's face it. There's a ton of game advice out there but the vast majority of it is aimed at younger guys. And as **STILL IN THE GAME** makes clear, the principles of attraction are the same whatever your age. There are no silver bullets. But the main thing that holds guys in their 40s back from success is not so much game techniques as much as the mindsets that they hold. If you can just make a few subtle tweaks to your mindset then you will immediately start to make huge leaps forward in your dating life. This book will teach you how.

The Easiest Way to Meet and Pick Up Girls-Ever!! Dusty White 2006-07-27 As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight--without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you--and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

How to Pull Tom Kimble 2008-09-04 Most single girls will tell you that meeting and dating men is a minefield. Yet so many relationship books tell girls the things they don't want to hear (why all men are scoundrels) as opposed to what they really want to know - how to navigate that minefield to meet, date and ultimately bag, the man of their dreams. How to Pull fills that gap in the relationship book market. It's packed with all the essentials from how to hook him with that first look, to dating scenarios, moving in for the kill, playing the texting or email game and what to wear on a first date. What's more, it's written by a man and by allowing girls to understand how an insider thinks, it answers all the questions they agonise over: how long should you wait to return his text, does it pay to seem busy or desired by other men and what does he want his friends to think when they meet you. How to Pull is a fun, indispensable guide to finding (and keeping) a man that all single girls will be desperate to get their hands on.

The Text Attraction Guide For Men Nelson Whetat 2023-11-07 Discover The New Secrets About Texting Women To Get Dates And Sex That 99.9% Of Men Don't Know Yet When a man gets a number from a woman in person or matches with her on a dating app like Tinder or Bumble, he will often experience one or more of the following problems when he texts her: She takes way too long to reply She doesn't contribute much to the conversation (e.g., she gives short answers and seems uninterested) The conversation becomes boring or fizzles out She rejects his offer to meet up with him for a date She takes what he says the wrong way and then loses interest She ghosts him (i.e. stops replying without any explanation, even though things seem to be going well) She friend zones him (e.g. "You're a great guy, but I'm not looking for a relationship right now" or, "You're a great guy, but I'm not looking to date anyone right now" or, "You're a great guy, but I think we'd be better off as friends.") She leaves him on read and doesn't reply for days, weeks or months...or not at all She plays hard to get when it comes to meeting up Do you know why? It's because most men make texting girls far HARDER than it needs to be. They don't understand this little-known secret I shared in this guide. These days, women are so tired, bored and frustrated by the endless texts that guys send (i.e. trying to get to know her, get along with her and just chat because he's afraid to ask her out), or the unattractive texts they send (i.e. being too nice, being too serious, sleazy, boring, etc). That's why when a woman gets a text from a guy who is using the texting method I shared in this guide, "The Text Attraction Guide For Men" she feels surprised and excited. It immediately gets her attention and she begins feeling like she wants something to happen with him (i.e. go on a date, have sex etc) The fact is that when a guy texts in the way that I recommended in this book, he will get 10x more dates and sex than a guy who just wastes a woman's time trying to get to know her or get along with her, or worse, acts like he's not even that interested in dating her. Texting women to get dates and sex is very easy when you understand how it works and why women respond so well to this more direct and masculine approach. How to Meet & Date a Woman Edward Hayes 2020-05-30 How to date If you're in love with someone, the next logical step is to find out if they feel the same about you. Often you can guess if someone's interested. If you're not sure, be brave! guess if someone's interested. If you're not sure, be brave! Try to get into a situation where you've got a chance to talk to the person. If you have mutual friends, let them introduce you. You could also send them a text message or try to make contact on chat - but if they don't answer, don't pester them. If you notice they're not really responding or they're even trying to avoid you, there's a good chance they don't return your feelings. Bear in mind, however, that there's an extra tricky puzzle in the love game: some people can be standoffish even if they're really attracted to you, because they don't know how to cope with their feelings! Or maybe they feel they shouldn't be responding to your advances even if they'd like to. So don't immediately assume someone isn't interested in you because they don't respond straight away. Some guys have the idea - often picked up from movies - that if you keep hassling a woman long enough she will give in to you. People might tell you that if a girl says no or even gets upset or angry, you should ignore it and not give up. Asking someone out If the person you're interested in responds positively to your cues, you might want to ask them out on a date. You don't have to be a man to ask someone out - women can do it too, so don't be shy! Before planning a date, find out what they like doing - maybe watching movies or sports games, going to museums, walking, or dancing. It's a good idea to meet in a quiet place near where you live, somewhere you can relax and talk easily. Remember, dates don't have to be fancy or expensive. They can be simple, like meeting at a kibanda and then taking a walk in the park. First date First dates are often a bit tense. Maybe you're very nervous, or feel like you've got butterflies in your stomach. There could be awkward moments on your first date - when you think you've said something silly or when you just don't know what else to say. Don't worry too much: the key is to stay calm. Once you've realised that you both like spending time together, you can start thinking about another date. It doesn't always have to be your responsibility to decide what to do - you can put the ball in their court too. Over the next few meetings, try finding out more about them, about their likes and dislikes, their past, and their dreams for the future. When to hold hands, kiss, and have sex While you're dating, you might want to hold hands, kiss, hug, or even have sex with your partner. There's nothing wrong if you feel that way. If you're not entirely sure what your partner wants, talking about it can help. You can be straightforward and ask, 'can I kiss you?' or 'how would you feel if I held your hand?' Having sex with your lover is a big decision. Take one step at a time. You might want to talk to your partner about it before you make a move. The most important thing is to know if they feel the same way and really want to go ahead with sex. If your partner doesn't want to have sex with you, respect their feelings. Their choice could be based on religious belief, or it could be for cultural reasons. Maybe they want to wait till they're married, or maybe they simply don't feel ready for sex. Give them all the time and space they need to think about it and make up their mind. And then accept their decision, whatever it is. Did you learn something new?
