By the end of the book, you're going to be different and you're going to feel different from how you were before. Best of all, you're going to like it and you wouldn't want to change back.

The Girls - Emma Cline 2016-06-02

**** The Sunday Times Top Ten Bestseller ** ** The New York Times Top Ten Bestseller **** The UK's best selling hardback debut novel of 2016 Selected as a Book of the Year 2016 in the Evening Standard, Observer and The Times California. The summer of 1969. In the dying days of a floundering counter-culture a young girl is unwittingly caught up in unthinkable violence, and a decision made at this moment, on the cusp of adulthood, will shape her life.... 'This book will break your heart and blow your mind.' Lena Dunham Evie Boyd is desperate to be noticed. In the summer of 1969, empty days stretch out under the California sun. The smell of honeysuckle thickens the air and the sidewalks radiate heat. Until she sees them. The snatch of cold laughter. Hair, long and uncombed. Dirty dresses skimming the tops of thighs. Cheap rings like a second set of knuckles. The girls. And at the centre, Russell. Russell and the ranch, down a long dirt track and deep in the hills. Incense and clumsily strummed chords. Rumours of sex, frenzied gatherings, teen runaways. Was there a warning, a sign of things to come? Or is Evie already too enthralled by the girls to see that her life is about to be changed forever?

The Girl Who Fell Beneath Fairyland and Led the Revels There -

Catherynne M. Valente 2012-10-02

In the kingdom of Fairyland-Below, preparations are underway for the annual Revels . . . but aboveground, the creatures of Fairyland are in no mood for a party. It has been a long time since young September bid farewell to Fairyland, and she is excited to see it again; but upon her return she is shocked to find that her friends have been losing their shadows, and therefore their magic, to the kingdom of Fairyland-Below... It spells certain disaster and September won't stand for it. Determined to make amends, she travels down into the underworld where, among creatures of ice and moonlight, she encounters a face she recognizes all too well: Halloween, the Hollow Queen. Only then does September realize what she must do to save Fairyland from slipping into the mundane world forever. Come and join in the Revels with September and her friends. But be warned: in Fairyland-Below, even the best of friends aren't always what they seem . . . Praise for *The Girl Who Circumnavigated Fairyland in a Ship of Her Own Making*: 'A glorious balancing act between modernism and the Victorian Fairy Tale, done with heart and wisdom.' Neil Gaiman. 'An Alice in Wonderland for the 21st century... So effortless, so vivid, so funny. Every page has a phrase or observation to savour and her characters are wondrous creations.' Sunday Telegraph. 'A charming modern fairytale...with a knowing twinkle in its eye.' Telegraph. 'A whole esoteric world of whimsy - Alice meets the Wizard of Oz meets the Persephone story with a whiff of Narnia.' Independent on Sunday. 'Bundles of imagination and wry wit.' Financial Times.

I Know Why the Caged Bird Sings - Maya Angelou 2009-04-21

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

Prevent strategy - Great Britain: Home Office 2011-06-07

The Prevent strategy, launched in 2007 seeks to stop people becoming terrorists or supporting terrorism both in the UK and overseas. It is the preventative strand of the government's counter-terrorism strategy, CONTEST. Over the past few years Prevent has not been fully effective and it needs to change. This review evaluates work to date and sets out how Prevent will be implemented in the future. Specifically Prevent will aim to: respond to the ideological challenge of terrorism and the threat we face from those who promote it; prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support; and work with sectors and institutions where there are risks of radicalization which need to be addressed

Discrete Choice Methods with Simulation - Kenneth Train 2009-07-06

This book describes the new generation of discrete choice methods, focusing on the many advances that are made possible by simulation. Researchers use these statistical methods to examine the choices that consumers, households, firms, and other agents make. Each of the major models is covered: logit, generalized extreme value, or GEV (including nested and cross-nested logits), probit, and mixed logit, plus a variety of specifications that build on these basics. Simulation-assisted estimation procedures are investigated and compared, including maximum simulated likelihood, method of simulated moments, and method of simulated scores. Procedures for drawing from densities are described, including variance reduction techniques such as antithetics and Halton draws. Recent advances in Bayesian procedures are explored, including the use of the Metropolis-Hastings algorithm and its variant Gibbs sampling. The second edition adds chapters on endogeneity and expectation-maximization (EM) algorithms. No other book incorporates all these fields, which have arisen in the past 25 years. The procedures are applicable in many fields, including energy, transportation, environmental studies, health, labor, and marketing.

Patriarchy in Eclipse - Patrick J. Quinn 2015-10-05

There can be little doubt that after the American Civil War, a significant number of largely urban American women's relationships with men began to change. This transition was brought about through many changing conditions in American society that were predicated by socio-economic considerations such as female education, large scale

immigration from Europe which challenged traditional American values, the onset of large scale consumerism, and the erosion of the narrow religious moralism which previously restricted the female role in a burgeoning urban landscape. This book examines one particular manifestation of upheaval in American society: the appearance in literature and art of two distinct types of women who challenged the dominant patriarchal culture from the Civil War to just after the conclusion of World War One. The book looks primarily at the literary depiction of the femme fatale and the New Woman, and also dedicates chapters to their influences in fine art and music. The question as to why these two female types precipitated so much intellectual and artistic angst in their educated male readers is further considered. The book traces these two distinct categories of heroines as they make inroads into the preserve of male domination, and examines the various defenses male writers and artists used to slow down the pace of female emancipation both sexually and socially. Along the way, the book looks at the way in which the 1893 Columbian Exhibition in Chicago unexpectedly encouraged further female advancement, how Wagner's operas gave women greater confidence toward self-fulfillment, and how Otto Weininger's outrageous teachings managed to stem the tide of American female emancipation for a short time. The book surveys how the appearance of the Gibson Girl, the bicycle, and even the advent of bloomers were depicted in literature and supported the advent of this New Woman until she was grudgingly accepted despite philosophical warnings that the female agenda included a plan to destroy masculinity and make men subservient to the female rule. The book concludes with a discussion of F. Scott Fitzgerald's *The Beautiful and the Damned* where the reader observes the complete destruction of the decadent-inclined Anthony Patch by a siren with no heart or introspection.

Make Her Chase You: How to Attract Women & Form Intimate Relationships Without Games, Tricks or Feel Good Nonsense - Darcy Carter 2020-08-26

The Only Dating Book a Man Really Needs What do women want? Well you might think that you need to be rich, tall or handsome...but no, it's not your haircut, height, knowledge or your bank balance. Women simply want a man who will bring passion, excitement, and strength into their everyday lives. They want someone who does interesting things, is independent and takes care of themselves well. Attracting the right partner is all about being extremely comfortable with oneself and living the lifestyle he desires. By becoming a better man and living a more interesting life you too will naturally attract women and have more meaningful relationships. Think about it, when you see someone in command of their life walking down the street with confidence you know they've got something special to offer; and on some level you probably want it. Women feel that too. Most dating advice is 100% wrong and focuses on faking or manipulation to fool women into sleeping with you. Men who take to this path generally fall into a casual-sex based lifestyle and have difficulty to create meaningful emotional connections with women. This book offers a fresh perspective with a common sense attitude to approach life, love and relationships. Naturally this will make you more confident and help you to become the best version of yourself. In this book you will discover: Simple ways to create Attraction & Chemistry With Beautiful Women (women chase men who do this) What do I say? How do I act? What should I do? - No pick-up lines - No tricks. Why you always fall into the friend zone and how to escape it 6 Ways to talk to women and make it amazing whilst avoiding conversations that go nowhere How to be Attractive even if your ugly (science backed) Living the Good Life according to Ancient Greek Philosophy Don't Try To 'Fake' Confidence - Do This Instead Funny Guy gets the girl? How Humor makes you more attractive Male Fashion Icons Best Tips to look good (with clothes and without) Female Orgam Secrets for Amazing Sex - make her beg for more Meet amazing women online and avoid being

catfished Why your beliefs about success may be holding you back - and how to change them forever and much, much more! Whether your starting to date, getting back into it or even if your struggling with current relationships, you can turn it all around and make women chase you. No more lonely nights, take the knowledge from this book and start building a life you love and that is attractive to women.

Models - Mark Manson 2017-09-11

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" *Sydney Morning Herald* "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" *Huffington Post*

Kindred, Gift Edition - Octavia Butler 2022-09-20

The New York Times best-selling author's time-travel classic that makes us feel the horrors of American slavery and indicts our country's lack of progress on racial reconciliation The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (*New York Times*).

Neurodiverse Relationships - Joanna Stevenson 2019-07-18

Comprised of the accounts of twelve heterosexual couples in which the man is on the Autism Spectrum, this book invites both partners to discuss their own perspectives of different key issues, including anxiety, empathy, employment and socialising. Autism expert Tony Attwood contributes a commentary and a question and answer section for each of the twelve accounts. The first book of its kind to provide perspectives from both sides of a relationship on a variety of different topics, *Neurodiverse Relationships* is the perfect companion for couples in neurodiverse relationships who are trying to understand one another better.
