How to Get a Girl to Like You - Alex Leandres 2014-10-16

According to scientists, biology and chemistry both play big roles in the attraction between people. Pheromones, chemicals released by the body, allow animals of the same species to 'communicate' with each other. Studies further reveal that pheromones subconsciously affect the behavior of insects and animals. Insects that work in colonies such as bees and ants communicate by using these chemicals and skunks ward off other animals by releasing a very unpleasant pheromone-related scent. Animals that belong to the same species send out chemical signals to each other to give the message that they are compatible genetically and that they can be good reproductive mates. In view of all these studies, does it mean that people should just leave it to their pheromones to find their partners? Experts say no. Humans, after all, are gifted with intellect and free will - a combination that insects and other animals don't possess. Every person has a conscious decision when it comes to choosing potential mates. So although biology plays a big role in human attraction, there are still other factors that lead people to be attracted to each other. This book will show you exactly how to attract a girl, impress her, and get her to like you. You'll find out what it really takes for a man to get the girl of his dreams to like him back. A lot of men often wonder why some individuals of their gender have more success at meeting girls and at having relationships. Is there a trick that these men use? Or are the steps on how to impress a girl and make her like you actually very simple? Read this book and find out the best ways to attract the girl of your dreams. Effectively Score Hot Women As Often As You Want To Ensure Your Supply Of Hot Women To Date, Talk To, Play With And Have Sex With Is Flowing To The Brim! The reason you are here is probably because you've tried upping your pickup game, read a bunch of books, and articles, watched tons of videos and do a lot to be like the men who have some sort of magnetic spellbinding tongue and body language that just seems to hypnotize the hottest women.... But for your case, you haven't been successful.... You've ended up being called creepy, have been insulted, humiliated, ghosted, blocked and haven't gotten anything beyond a phone number or a date. You are frustrated but haven't given up.... In this book, I show you how to turn things around, having been there and emerged to be the kind of man you wish to become! If you are wondering.... I often run out of things to say; will the book help me with that? I'm shy and not good around people - will the book address that? I don't know how to respond to women (especially the elusive ones) in different situations - will the book have some scripts that I can use? I'm not the kind of person to start conversations - will the book have conversation openers that have been proven to work? I'm a complete newbie at this - will the book actually help me to get women and get laid? I see hot women when I'm up and about - will it help me pick up strangers? The answer to all the above is a resounding YES, so keep reading... More precisely, the book covers: How to prime yourself through personal development to maximize your confidence and break any inhibitions hot women may have around you What I did to turn my life around and what you can learn from that How to improve your communication skills, to be a smooth confident, seductive (hypnotist-like) talker that gets women's attention and keeps it What you should do to get over the inhibiting fear you may be having around hot women The one thing you may be doing that may be limiting your options as far as hot women is concerned How to master the #Nightgame and approach stranger hot women whether you are out alone or with friends, including the right strings and words to pull to get as many numbers and one night stand experiences as possible Secret foolproof excuses that you can use to start conversations with hot women during the day in different

circumstances, including how to get phone numbers in every conversation How to tweak your mindset to approach girls during the day in your #Daygame and win, including how to overcome limiting beliefs and anxiety Strategic #Textgame messages you can use to get girls' attention in a way that leads to a date and possibly getting laid The step by step seduction process that you should follow from the time you contact a girl to the time you get laid And much more!
