[Find Your Perfect Partner](#) - Wayne C. Allen
2012-12-01

You've likely realized that the screwy relationships you have been in were the direct result of you not thinking about how to create an excellent one. Pretending the important, life-altering decision to relate is "a matter of the heart" is not only stupid, it doesn't work! Many moons ago, psychotherapist Wayne C. Allen made a clear decision about his "next" relationship. He decided that his brain (not just his heart) needed to be in charge of the process. He came up with a strategy for finding the person he wanted -- He called it...The List of 50. His strategy worked. He met his perfect partner (in 2017, they've been together 34 years!)

Wayne began sharing the process with his

clients -- soon, they demanded a book... and Find Your Perfect Partner is the result. Written by a therapist with over 30 years of experience, this book gives you the tools you need to actually think through what kind of person you want to be with. His clients have tested this process for the last 30 years, and now it's available to you! Here's a quote from a client: "When I showed my List of 50 to one friend he said, "Do you have a short list that us mere mortals could aspire to?" My answer was, "I had a short list and it got me my ex-husband. I'm being more particular now." Find Your Perfect Partner is a guide to figuring out the whole attraction / dating / relationship thing. You'll discover: ~reasons for failed relationships and the high divorce rate ~how hormones get in the way ~how past relationships are great guides to getting the next one right ~why you need to think about what works in your successful friendships ~which traits must be a match between you and your perfect partner This book examines what doesn't

work, then helps you to map out what's been missing from your past relationships. It gives you an easy to follow strategy for re-setting your mental filters, so that the next person you meet is a much better fit. You'll have a better sense of why compatibility is so important, and have a time tested method for both opening your eyes to new possibilities, and for finding your perfect partner. Follow along with the text, work through the exercises, and put the book's insights into practice. You'll be amazed with the results. One more quote! "My list has been an active part of my relationship building since I drafted it. I have modified the list several times, based on how relationships worked out. It was also interesting to note, how few elements of my list my ex-wife matched, similar to what you said about your first marriage. I feel that using the process you recommend does improve the quality of the choices you make. Of course, building the other relating skills will complement this as well."

Four Steps to Making a Perfect Relationship, but There's Always One Thing Missing - Clarence Tutu 2009-11

Why is it that in the mist of death people always change? Why does it take life for people to

change their ways? Do people really care or are they just caring for a moment, while the life is at stake? If people really cared then they wouldn't wait till a life is on the line. People don't realize what they have until it's gone, but when it's gone it's too late. Some people just don't learn until it's too late. Why does it take someone who has never had anything to teach someone who has had everything to care about the things they have? The person with nothing gives more than the person who has everything. Why? Before you can judge someone you have to know what they have been through, but even then you should judge yourself first. Live, love and be happy. I love you!
