### **The Shame Machine -** Cathy O'Neil 2022-03-22

A TIMES BOOK OF THE YEAR Shame is being weaponized by governments and corporations to attack the most vulnerable. It's time to fight back Shame is a powerful and sometimes useful tool. When we publicly shame corrupt politicians, abusive celebrities, or predatory corporations, we reinforce values of fairness and justice. But as best-selling author Cathy O'Neil argues in this revelatory book, shaming has taken a new and dangerous turn. It is increasingly being weaponized -- used as a way to shift responsibility for social problems from institutions to individuals. Shaming children for not being able to afford school lunches or adults for not being able to find work lets us off the hook as a society. After all, why pay higher taxes to fund programmes for people

who are fundamentally unworthy? O'Neil explores the machinery behind all this shame, showing how governments, corporations and the healthcare system capitalize on it. There are damning stories of rehab clinics, reentry programs, drug and diet companies, and social media platforms -- all of which profit from 'punching down' on the vulnerable. Woven throughout *The Shame Machine* is the story of O'Neil's own struggle with body image and her recent weight-loss surgery, which awakened her to the systematic shaming of fat people seeking medical care. With clarity and nuance, O'Neil dissects the relationship between shame and power. Whom does the system serve? How do current incentive structures perpetuate the shaming cycle? And, most important, how can we all fight back?

Your Child's First Crush - What It Means and How To Talk About It - Cynthia Malu 2012-03-04

ABOUT THE BOOK From the giggly four-year old who proclaims that he wants to marry his teacher to the pre-teen who gushes over the cute boy who sits next to her in class, your child's first crush is a new frontier, and its best to prepare yourself long before it happens. As a parent, you can take an active part in helping your child navigate his or her romantic feelings. To be a positive part of your child's first experience with puppy love, the most important thing you can do is help your child feel comfortable communicating with you. A crush is no more than an infatuation. Unlike a true romantic relationship, when two individuals acknowledge their deep feelings for one another, a crush is often a one-sided attraction. When children have a crush, they are not focused on loving the object of their affection as an entire person, flaws and all. Instead, they build up a fantasy of sorts in their minds, and spend time daydreaming about what it would be like to be together. EXCERPT FROM THE BOOK Try to find out how your child's crush is responding to him. Ask him if his crush talks to him at school. This will help you gauge the level of intensity and the direction things are headed. If his crush returns his feelings, he may be on the verge of a relationship. While you

won't be able to change the eventual outcome of your son's crush, you can guide him as he navigates the unfamiliar waters of romantic feelings. The way you approach the subject will depend on your child's age. For a young child, be positive but truthful when you talk about the crush. Explain that it's normal to have strong feelings for people when you like their looks and behavior, but make sure your child knows that it's not necessary to act on those feelings. Guide him or her in making appropriate decisions. For instance, if your daughter wants to give a gift to a boy she likes on Valentine's Day, help her choose something that won't be overwhelming for either party. If the object of your young child's affection is an adult, don't be overly concerned. According to Dr. Laura Rocker, a pediatric physician, children often experience their first crush on a celebrity or an adult they find attractive. This behavior is normal, and as a child grows older, he or she will become interested in peers his or her own age... Buy a copy to keep reading! We commenced talking, and it felt exactly like being around someone who made me feel happy. Honestly, I failed to think plenty of it at the time. I just thought that he was a high-quality man, and I used to be satisfied to have the ability to talk to him. However, the more time I spent speaking to him, the greater I found out that I used to be interested in him. In the beginning, I tried to push it away because i didn't need to get hurt again. But, I found out that it was virtually vital to me to find someone who made me feel happy. So, I decided to take the hazard and go out with him. The outcomes had been splendid. I'm happier than I have ever been, and I think that it's due to the fact I'm sooner or later able to be myself around him. If you're feeling lost or do not know what to do subsequently, I advocate you strive to speak to a person you're drawn to. It won't be the perfect thing within the international. **The 48 Laws of Power** - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of The Laws of Human Nature. In the book that People magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to

understand the rules of the game.

A disarmingly honest memoir about giving advice when you're not sure what you're doing yourself, by the woman behind The Boston Globe's Love Letters column. Every day, Boston Globe advice columnist Meredith Goldstein takes on the relationship problems of thousands of dedicated readers. They look to her for wisdom on all matters of the heart- how to cope with dating fatigue and infidelity, work romances, tired marriages, true love, and true loss. In her column, she has it all figured out, but in her real life she is a lot less certain. Whether it's her own reservations about the traditional path of marriage and family, her difficulty finding someone she truly connects with, or the evolution of her friendships as her friends start to have their own families, Meredith finds herself looking for insight, just like her readers. As she searches for responses to their concerns, she's surprised to discover answers to her own. But it's after her mother is diagnosed with cancer that she truly realizes how special her Love Letters community is, how this column has enriched her life as much, if not more than, it has for its readers. CAN'T HELP MYSELF is the extraordinary (and often hilarious) story of a single woman navigating her mercurial love life, and a moving and poignant portrait of an amazing community of big-hearted, love-seeking allies.
