Spartan Promise - Jennifer Estep 2019-01-15
Hunting for the bad guys has never been so dangerous . . . My name is Rory Forseti, and I attend the Colorado branch of Mythos Academy, a school of warrior kids, powerful artifacts, and mythological monsters. I'm a student, a fierce Spartan warrior, and a member of Team Midgard, a group of kids and adults tasked with stopping the evil Reapers of Chaos. There is one Reaper I'm determined to hunt down above all others: Covington, the man who murdered my parents. So when the Midgard gets a tip that Covington is going to try to steal a dangerous artifact, I'm ready to fight. But the situation is far more complicated than it seems, and the Reapers aren't my only enemies. I'll have to use all my Spartan strength and skills to survive this. And even then, it might be my blood that gets spilled . . .

Zocker, Drogenfreaks & Trunkenbolde - Martin Poltrum 2019-05-16
Legale und illegale Drogen spielen eine große

Rolle in populären Spielfilmen, und das Suchtmotiv stellt seit über 100 Jahren ein beliebtes Thema des amerikanischen und europäischen Kinos dar: Substanzkonsum, Rausch, Ekstase und Sucht werden im Spielfilm entweder witzig-komisch, melodramatisch-tragisch, präventiv-aufklärerisch, propagandistisch, sozialkritisch oder ästhetisch beleuchtet und spiegeln damit Ängste, Sehnsüchte, Werthaltungen und geschichtliche Einstellungen gegenüber alternativen Zuständen des Bewusstseins wider. Dieses Buch befasst sich mit den unterschiedlichsten Suchtformen - von stoffgebundenen, wie Heroin- und Kokainsucht, bis zu den nicht-stoffgebundenen Süchten, wie Spiel- oder Sexsucht: Die Autoren greifen bekannte Spielfilme, aber auch TV-Serien auf, in denen Sucht, Rausch und Ekstase eine Rolle spielen, und vermitteln dem Leser einen Expertenblick auf die Abhängigkeiten der Protagonisten. Das Buch richtet sich sowohl an filmbegeisterte Fachleute aus Psychiatrie,

In the Eye of the Animal - Patricia Cox Miller

literature and art—from Augustine's renowned "wonder at the agility of the mosquito on the wing," to vivid exegeses of the six days of creation detailed in Genesis—and when they appear, the distinctions between human and animal are often dissolved. How, asks Patricia Cox Miller, does one account for the stunning zoological imagination found in a wide variety of genres of ancient Christian texts? In *The Eye of the Animal* complicates the role of animals in early Christian thought by showing how textual and artistic images and interpretive procedures actually celebrated a continuum of human and animal life. Synthesizing early Christian studies, contemporary philosophy, animal studies, ethology, and modern poetry, Miller identifies two contradictory strands in early Christian thinking about animals. The dominant thread viewed the body and soul of the human being as dominical, or the crowning achievement of creation; animals, with their defective souls, related to humans only as reminders of the

brutish physical form. However, the second strand relied upon the idea of a continuum of animal life, which enabled comparisons between animals and humans. This second tendency, explains Miller, arises particularly in early Christian literature in which ascetic identity, the body, and ethics intersect. She explores the tension between these modes by tracing the image of the animal in early Christian literature, from the ethical animal behavior on display in Basil of Caesarea's *Hexaemeron* and the anonymous *Physiologus*, to the role of animals in articulating erotic desire, and from the idyllic intimacy of monks and animals in literature of desert ascetism to early Christian art that envisions paradise through human-animal symbiosis.

Hellenistic context, he gives an account of multiple questions and provocations to which that prodigious book gives stimulation, showing how the Talmud can contribute to all of these fields. The book opens up possibilities for study of the Talmud using historical, classical, philological, anthropological, cultural studies, gender, and literary theory and criticism. As a kind of intellectual autobiography, it is a record of the alarms and excursions of a life in the Talmud.

Otto Höfler's Characterisation of the Germanic Peoples - Courtney Marie Burrell
2023-05-08

Otto Höfler (1901-1987) was an Austrian Germanist and Scandinavist. His research on 'Germanic culture', in particular on Germanic Männerbünde (men's bands), was controversial and remains a topic of academic debate. In modern discourse, Höfler's theories are often fundamentally rejected on account of his involvement in the National Socialist movement

and his contribution to the research initiatives of the SS Ahnenerbe, or they are adopted by scholars who ignore his problematic methodologies and the ideological and political elements of his work. The present study takes a comprehensive approach to Höfler's research on 'Germanic culture' and analyses his characterisation of the 'Germanic peoples', contextualising his research in the backdrop of German philological studies of the early twentieth century and highlighting elements of his theories that are still the topic of modern academic discourse. A thorough analysis of his main research theses, focusing on his Männerbund-research, reveals that his concept of 'Germanic culture' is underscored by a belief in the deep-seated religiosity of the 'Germanic peoples' formed through sacred-daemonic forces.

Petrarch and Boccaccio - Igor Candido

2018-02-19

The early modern and modern cultural world in the West would be unthinkable without Petrarch and Boccaccio. Despite this fact, there is still no scholarly contribution entirely devoted to analysing their intellectual revolution.

Internationally renowned scholars are invited to discuss and rethink the historical, intellectual, and literary roles of Petrarch and Boccaccio between the great model of Dante's encyclopedia and the ideas of a double or multifaceted culture in the era of Italian Renaissance Humanism. In his lyrical poems and Latin treatises, Petrarch created a cultural pattern that was both Christian and Classical,

exercising immense influence on the Western World in the centuries to come. Boccaccio translated this pattern into his own vernacular narratives and erudite works, ultimately claiming as his own achievement the reconstructed unity of the Ancient Greek and Latin world in his contemporary age. The volume reconsiders Petrarch's and Boccaccio's heritages from different perspectives (philosophy, theology, history, philology, paleography, literature, theory), and investigates how these heritages shaped the cultural transition between the end of the Middle Ages and the early modern era, as well as European identity.

The Secret in Medieval Literature - Albrecht Classen 2022-11-15

Anomaly - Peter Cawdron 2011-09

FIRST CONTACT is a series of stand-alone novels that explore humanity's first interaction with extraterrestrial life. Anomaly examines the prospect of an alien intelligence discovering life on Earth. The technological gulf between mankind and the alien species is measured in terms of millions of years. The only way to communicate is using science, but not everyone is so patient. Mankind's first contact with an alien intelligence is far more radical than anyone has ever dared imagine. With a technological gap of millions of years, mankind is barely able to recognize the arrival of an alien spacecraft outside the gates of the United Nations in New York. Thank you for supporting independent science fiction.

A Gift of Presence - Jan Heiner Tück 2018-06

Jan-Heiner Tück presents a work that explores the sacramental theology, lived spirituality, and Eucharistic poetry of the Church's doctor communis, St. Thomas Aquinas. Although

Aquinas' Eucharistic poetry has long occupied an important place in the Church's liturgical prayer and her repertoire of sacred music, the depth of these poems remains hidden until one grasps the rich sacramental theology underlying it. Consequently, Tück first offers a detailed but approachable primer of Aquinas' theology of the sacraments, before diving deeply into the Angelic Doctor's theology and poetry of the Eucharist. The Scriptural accounts stand at the heart of the systematic framework developed by Aquinas, and thus significant attention is devoted to showing the harmony between the accounts of Christ's passion and the detailed exposition of the Summa theologiae. Moreover, the Eucharistic controversies of the ninth and eleventh centuries provide the contrapuntal context in which Aquinas did his thinking, praying, and writing. Not surprisingly, therefore, the response he crafts to these controversies draws upon both speculative powers and contemplative prayer, brought together in the

unity of Aquinas' theology and spirituality. The net result is a twofold treasure for the Church: a careful systematic presentation of Eucharistic theology and the lived devotional expression of the same in the carefully constructed—and now much beloved—stanzas of *Pange lingua gloriosi, Lauda Sion, Adoro te devote*, etc. By revealing the lively interplay of the saint's powerful speculative intellect and a heart steeped in love for the Eucharistic Lord, Tück offers a sophisticated exposition of Aquinas' Eucharistic poetry and the roots it sinks into a wider theological framework. Finally, the contemporary significance and power of Aquinas' work is drawn out, not only in the rarefied realm of intellectual inquiry but also in the everyday expanse of ordinary life.

Goldstein - Volker Kutscher 2019-02-12

Berlin, 1931. A power struggle is taking place in Berlin's underworld. The American gangster Abraham Goldstein is in residence at the Hotel Excelsior. As a favour to the FBI, the police put him under surveillance with Detective Gereon Rath on the job. As Rath grows bored and takes on a private case for his seedy pal Johann Marlow, he soon finds himself in the middle of a Berlin street war. Meanwhile Rath's on-off girlfriend, Charly, lets a young woman she is interrogating escape, and soon her investigations cross Rath's from the other side.
