Madeleine Pastinelli 2007

Ce livre propose une plongée dans l'univers social et relationnel d'une communauté de bavardage électronique, dans laquelle l'ethnologue Madeleine Pastinelli a fait enquête pendant deux ans. Loin de demeurer cramponnée au clavier, la chercheuse a arpenté le Québec et s'est également rendue en France, dans le désert du Nevada et partout où ce terrain l'a amenée pour rencontrer les internautes du groupe, comprendre ce qui les lie les uns aux autres et circonscrire les ressorts de cette nouvelle Forme de sociabilité. En rupture nette avec les analyses qui ont si souvent opposé les interactions "réelles" aux échanges "virtuels" et dépeint de curieux cyberpersonnages, ce livre lève plutôt le voile sur les parcours et les expériences d'hommes et de Femmes ordinaires, en quête de liens, qui demeurent toujours bien ancrés dans leur réalité hors ligne et qui luttent contre la technique, les effets de la médiation, l'anonymat, le temps et l'espace pour donner pleinement corps à cette sociabilité

Intimidades congeladas - Eva Illouz 2007

Habitualmente se ha afirmado que el capitalismo tiene un rostro frío, desprovisto de emociones, guiado por la racionalidad burocrática, ajeno a los sentimientos; que el comportamiento económico está en conflicto con las relaciones íntimas y que las esferas pública y privada se oponen irremediabilmente. Sin embargo, en esta obra tan inteligente como provocadora, Eva Illouz muestra de qué modo el capitalismo ha alimentado una intensa cultura emocional, favoreciendo el desarrollo de una nueva cultura de la afectividad. Así, mientras el yo privado se manifiesta más que nunca en la esfera pública, las relaciones económicas han adquirido un carácter profundamente emocional y las relaciones

íntimas se definen cada más por modelos económicos y políticos de negociación e intercambio. Eva Illouz explora este "capitalismo emocional", que se apropia de los afectos al punto de transformar las emociones en mercancías, en una variedad de lugares sociales, desde la literatura de autoayuda, las revistas femeninas y los grupos de apoyo, hasta las nuevas formas de sociabilidad nacidas de Internet.

Cold Intimacies - Eva Illouz 2013-04-23

It is commonly assumed that capitalism has created an a-emotional world dominated by bureaucratic rationality; that economic behavior conflicts with intimate, authentic relationships; that the public and private spheres are irremediably opposed to each other; and that true love is opposed to calculation and self-interest. Eva Illouz rejects these

conventional ideas and argues that the culture of capitalism has fostered an intensely emotional culture in the workplace, in the family, and in our own relationship to ourselves. She argues that economic relations have become deeply emotional, while close, intimate relationships have become increasingly defined by economic and political models of bargaining, exchange, and equity. This dual process by which emotional and economic relationships come to define and shape each other is called emotional capitalism. Illouz finds evidence of this process of emotional capitalism in various social sites: self-help literature, women's magazines, talk shows, support groups, and the Internet dating sites. How did this happen? What are the social consequences of the current preoccupation with emotions? How did the public sphere become saturated with the exposure of private life? Why does suffering occupy a central place in contemporary identity? How has emotional capitalism transformed our romantic choices and experiences? Building on and revising the intellectual legacy of critical theory, this book addresses these questions and offers a new interpretation of the reasons why the public and the private, the economic and the emotional spheres have become inextricably intertwined.

Meeting Your Match Online - Tamsen Butler 2009

Recent studies show that more than 20 million people will visit at least one online dating service a month. Internet dating has several advantages, among them the ability to discover everything about a potential partner before ever meeting them. You can learn their age, religious affiliations, education, expectations, interests, hobbies, and so on. Internet dating allows you to chat online and get to know someone before meeting them. There is also the ability to meet people on a varied schedule you do not have to meet them face-to-face right away. Aside from the many advantages, online dating has disadvantages as well. Why You're Still Single - Evan Marc Katz 2006-05-30

Why You're Still Single is not about chasing men, so you will not need a butterfly net. It is not about making them chase you, because they are not wolves and you are not a bunny. Relationship experts Evan Marc Katz and Linda Holmes do not suggest that you treat men like hostile

alien presences, pretend you don't understand football, buy padded bras, or refuse to call people back. But the benefit of other people's experience might point out a few things that are tripping you up, no matter how much of an amazing, smart, hot, totally worthwhile ass-kicker you may be as a general rule. They recommend: Honesty (usually), playing fair, shutting up (sometimes), speaking up (other times), respecting that voice in your head that says "You're doing WHAT?", making compromises, knowing when to cut bait, good sex, giving yourself a break, being needlessly generous, and periodically leaving your apartment. They don't recommend: Pretending to like what you don't like, treating winking and giggling like a Get Out Of Jail Free card, testing people, stubbornness, martyrdom, talking everything to death, and convincing yourself that you're desperate.

O amor nos tempos do capitalismo - Eva Illouz 2011-08-01

Ao longo do século XX, as esferas econômica e afetiva passaram a se mesclar de forma inseparável. Por influência da psicanálise e do feminismo, criou-se no trabalho, na família e nas relações pessoais uma cultura intensa das emoções. Enquanto as transações econômicas tornaram-se mais afetivas, os relacionamentos íntimos foram influenciados em boa parte por modelos de negociação, troca e igualdade. A isso a socióloga Eva Illouz chama capitalismo afetivo, conceito que debate ao longo desse livro, feito a partir de suas conferências. Para provar sua tese, a autora vasculha a literatura de autoajuda, revistas femininas, programas de entrevistas e sites de relacionamento, nos quais sentimentos são cada vez mais inspecionados, discutidos e negociados. Eva Illouz trabalha o tema em diferentes pontos e oferece uma nova interpretação sobre as razões pelas quais o público e

o privado, o econômico e o afetivo vieram a se fundir.

Intimacy on the Internet - Lauren Rosewarne 2016-04-14

The focus of this book is on the media representations of the use of the Internet in seeking intimate connections—be it a committed relationship, a hook-up, or a community in which to dabble in fringe sexual practices. Popular culture (film, narrative television, the news media, and advertising) present two very distinct pictures of the use of the Internet as related to intimacy. From news reports about victims of online dating, to the presentation of the desperate and dateless, the perverts and the deviants, a distinct frame for the intimacy/Internet connection is negativity. In some examples however, a changing picture is emerging. The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news, resulting in more positive-spin advertising and a more even-handed presence of such liaisons in narrative television and film. Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender, sexuality, technology and the changing mores regarding intimacy.
